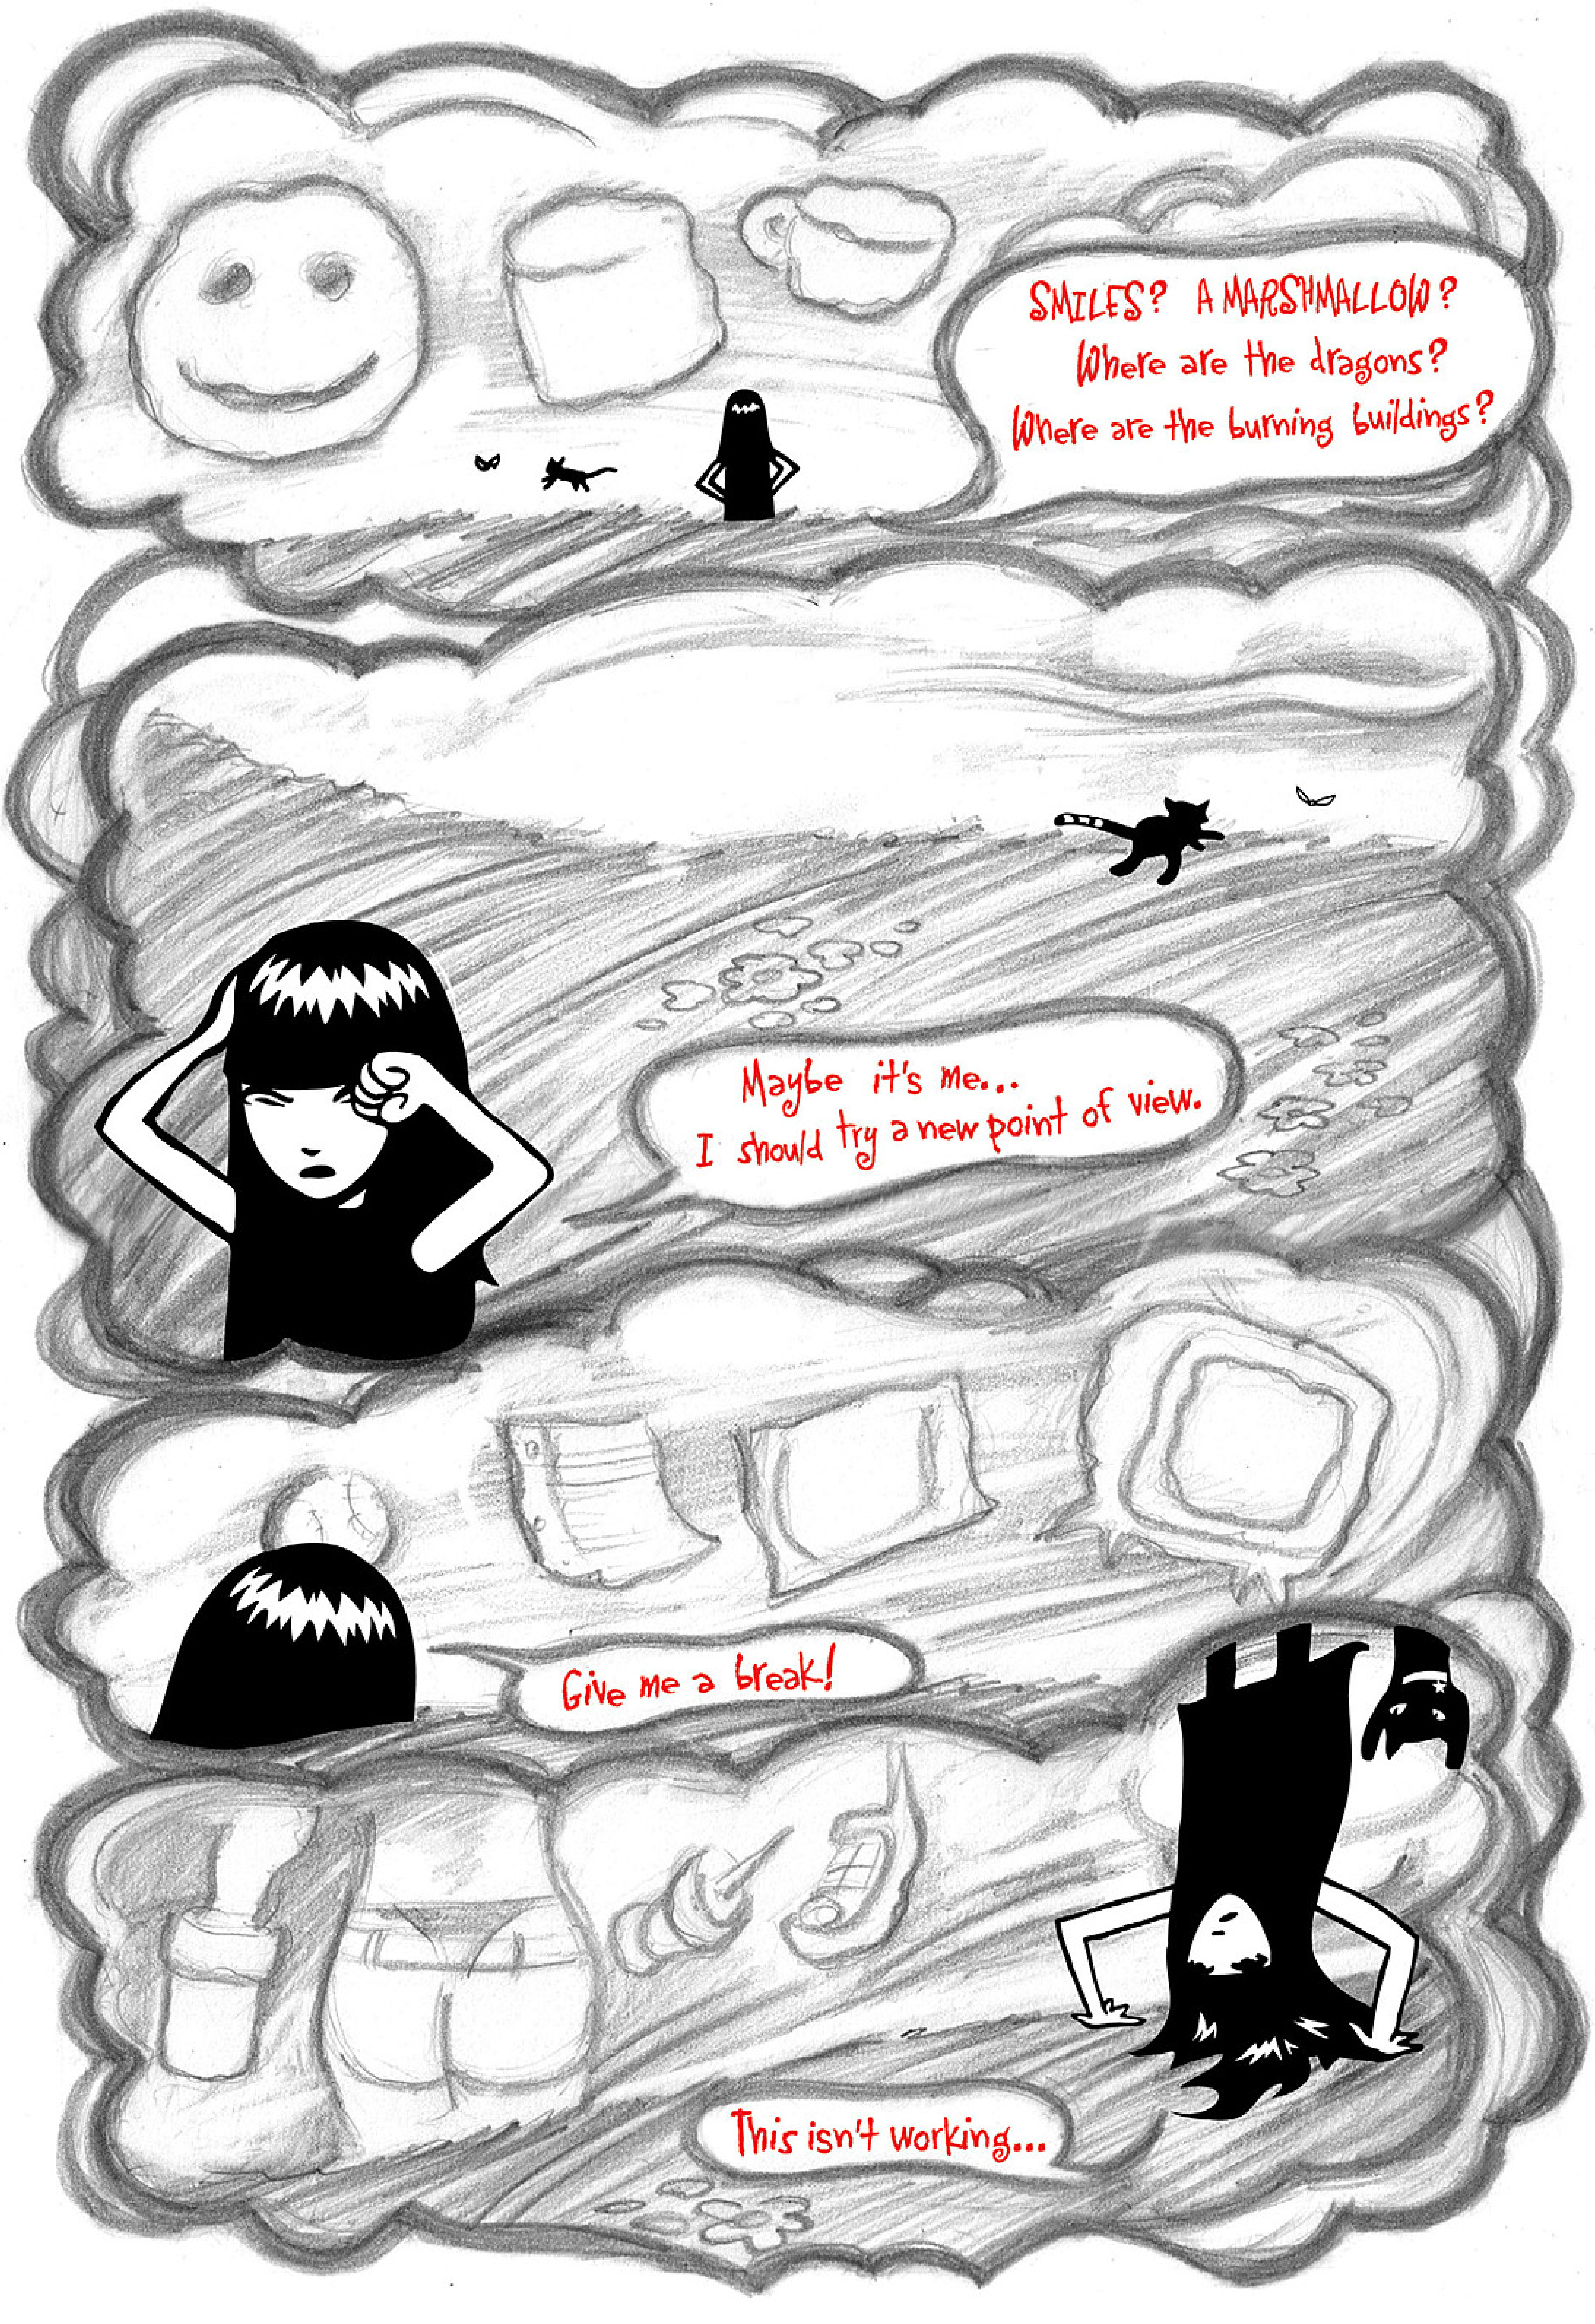
The clouds are sooo boring today!



SMILES? A MARSHMALLOW? Where are the dragons? Where are the burning buildings?
Maybe it's me... I should try a new point of view.

Oh, I love to feed the ducks. I'm sure I must have been one in a previous life.

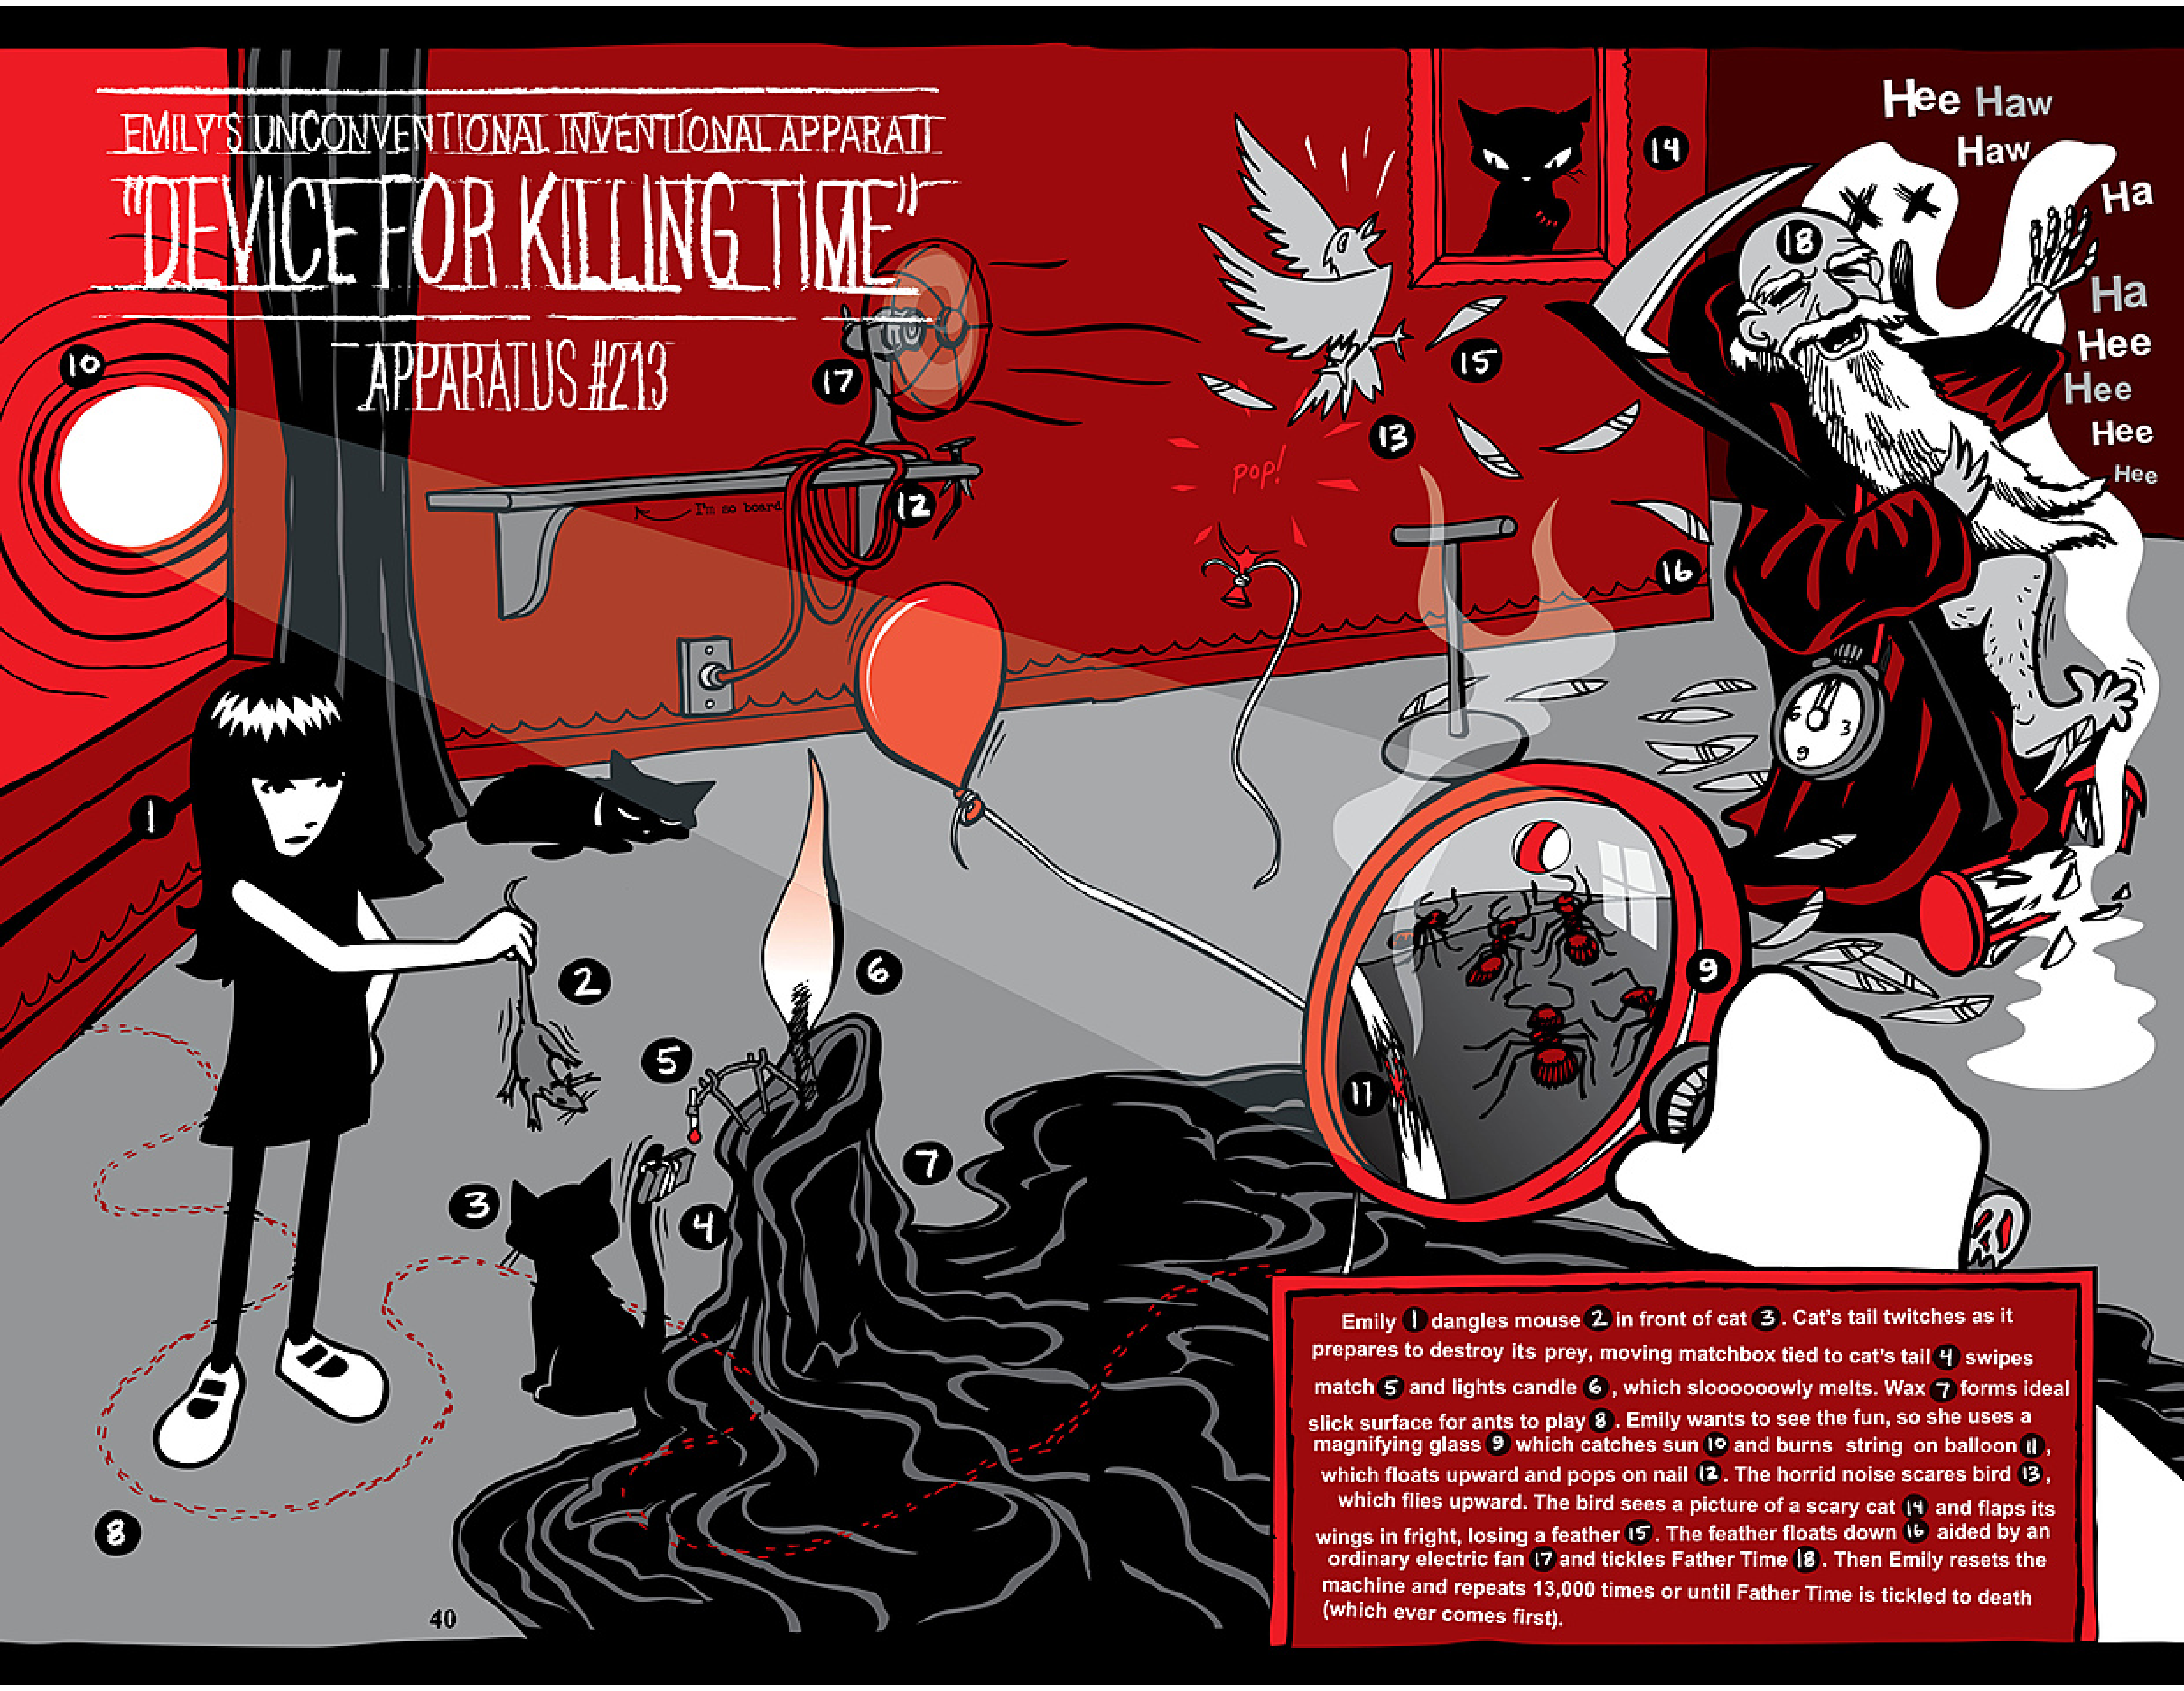
EMILY'S UNCONVENTIONAL INVENTIONAL APPARATI

"DEVICE FOR KILLING TIME"

APPARATUS #213



Emily ❶ dangles mouse ❷ in front of cat ❸. Cat's tail twitches as it prepares to destroy its prey, moving matchbox tied to cat's tail ❹ swipes match ❺ and lights candle ❻, which slooooowly melts. Wax ❼ forms ideal slick surface for ants to play ❽. Emily wants to see the fun, so she uses a magnifying glass ❾ which catches sun ❿ and burns string on balloon ⓫, which floats upward and pops on nail ⓬. The horrid noise scares bird ⓭, which flies upward. The bird sees a picture of a scary cat ⓮ and flaps its wings in fright, losing a feather ⓯. The feather floats down ⓰ aided by an ordinary electric fan ⓱ and tickles Father Time ⓲. Then Emily resets the machine and repeats 13,000 times or until Father Time is tickled to death (which ever comes first).

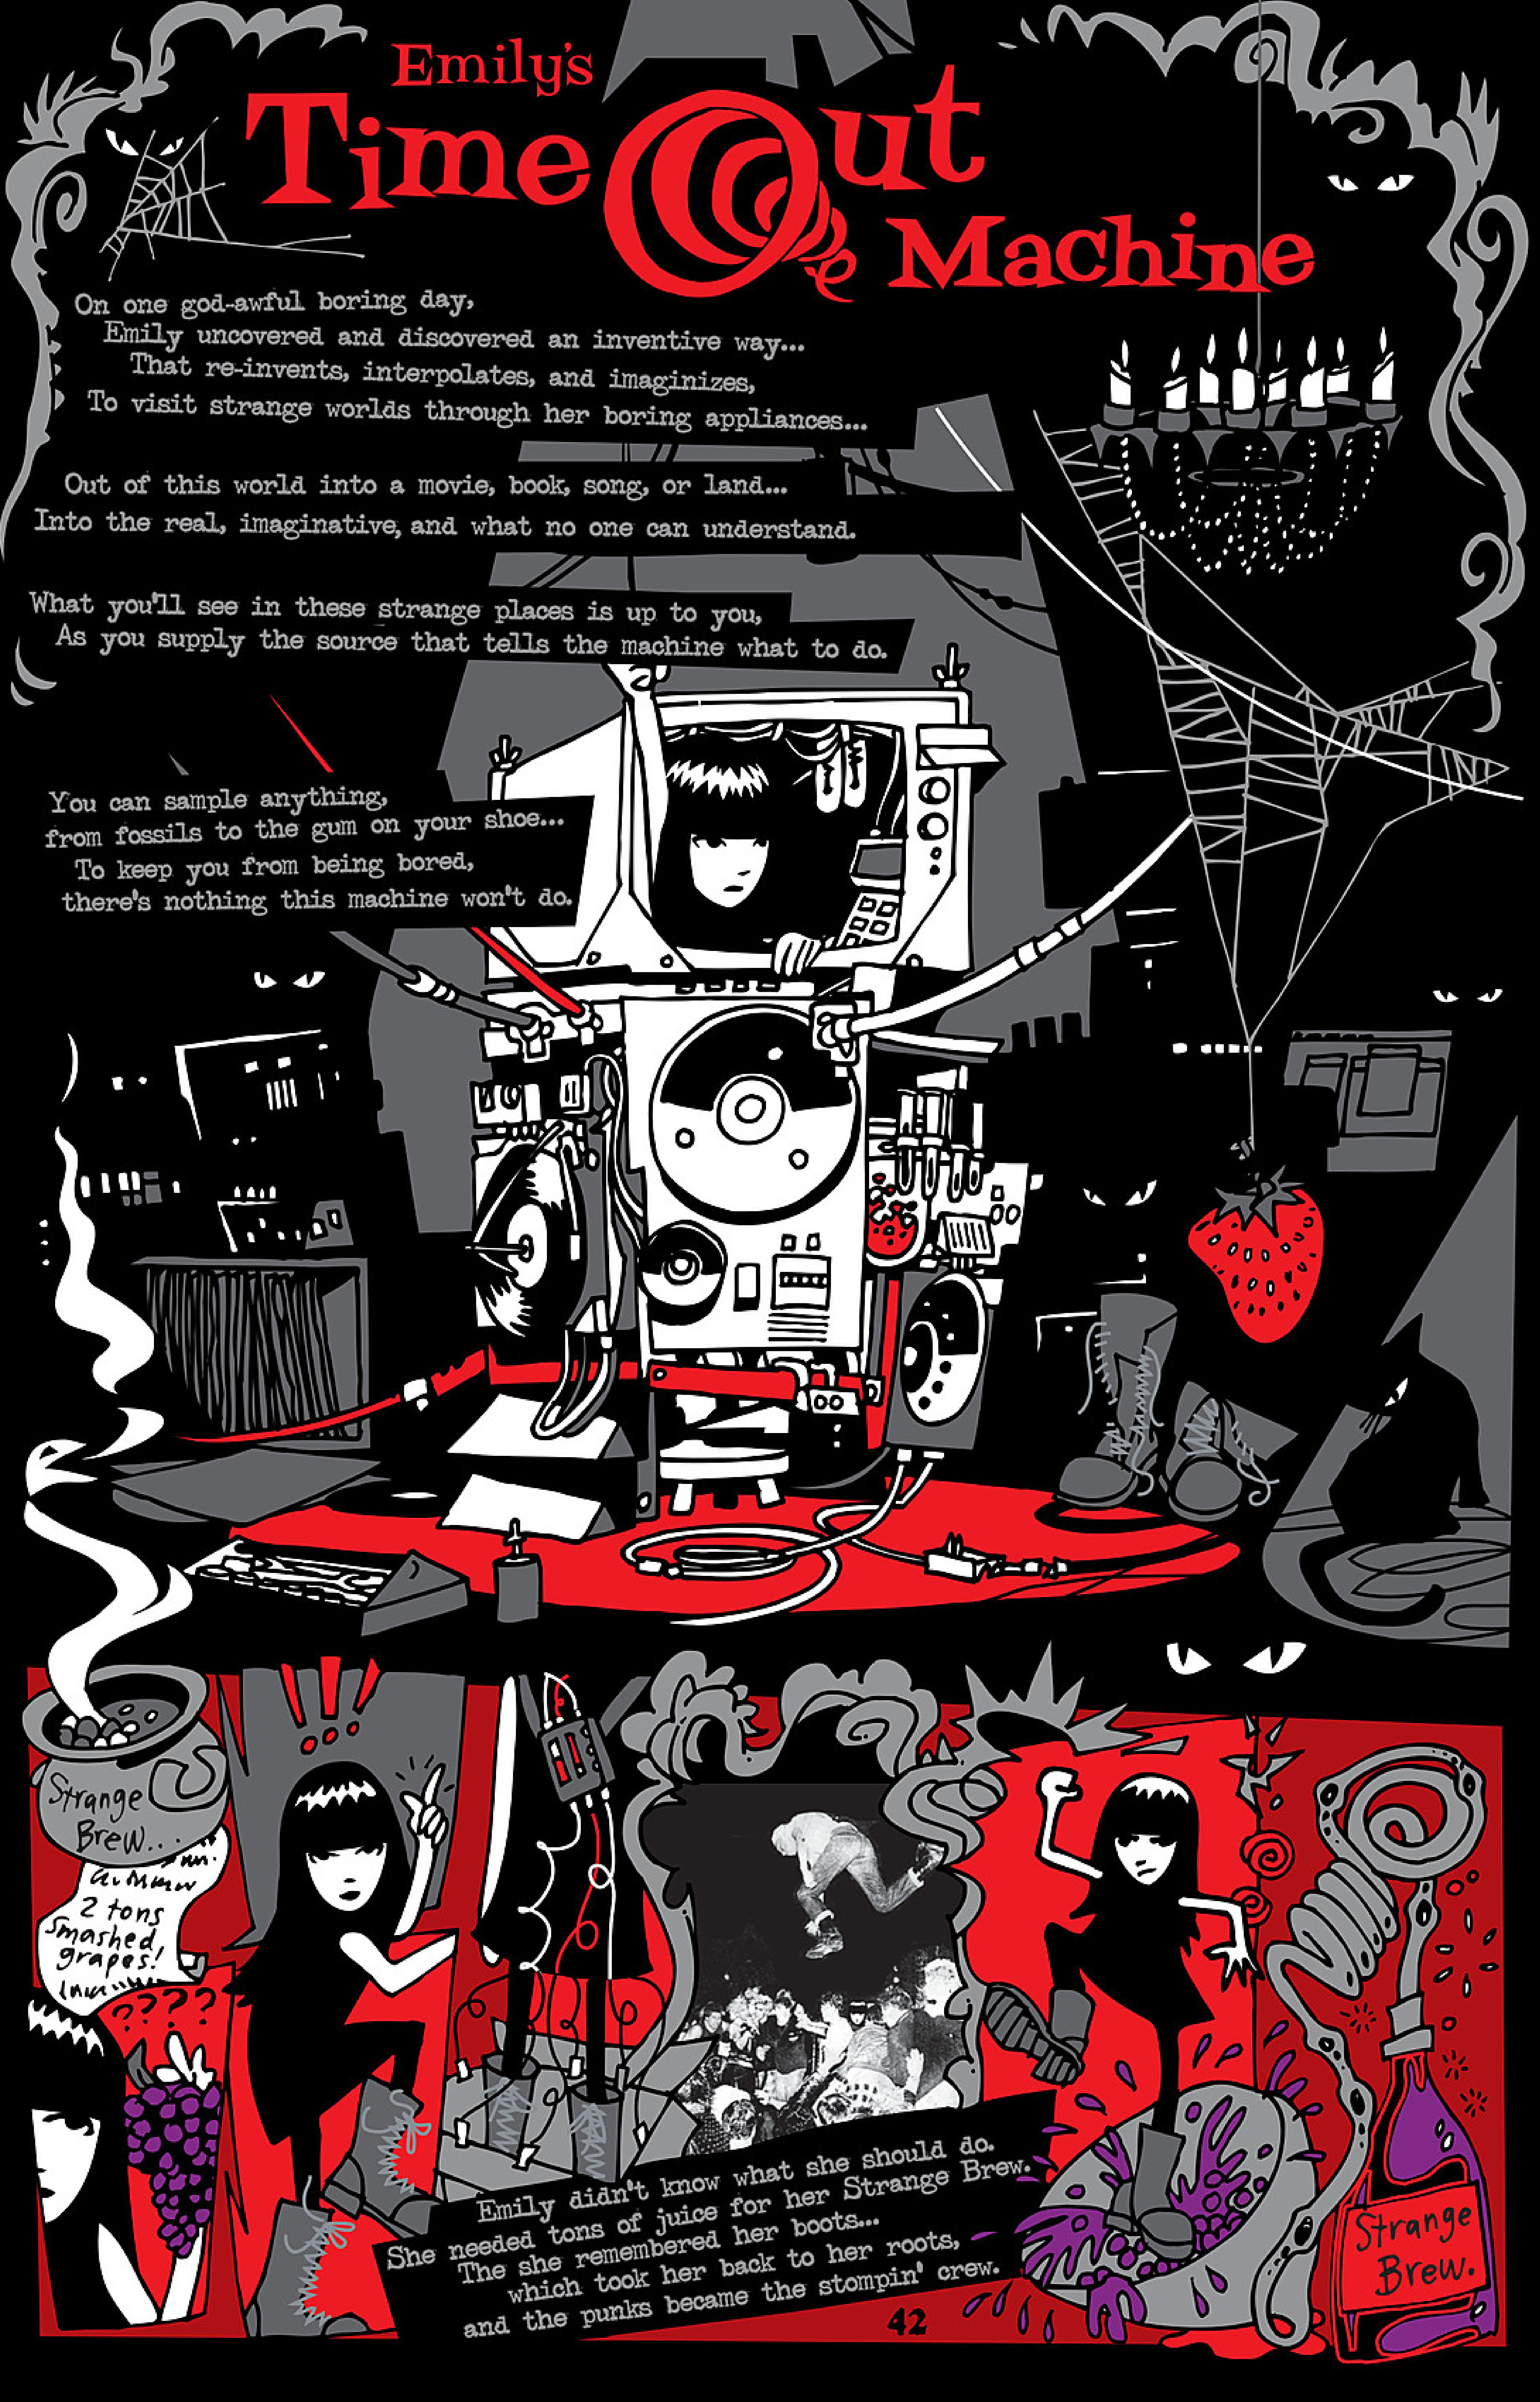
Emily's Time Out Machine

On one god-awful boring day,
Emily uncovered and discovered an inventive way...
That re-invents, interpolates, and imaginizes,
To visit strange worlds through her boring appliances...

Out of this world into a movie, book, song, or land...
Into the real, imaginative, and what no one can understand.

What you'll see in these strange places is up to you,
As you supply the source that tells the machine what to do.

You can sample anything,
from fossils to the gum on your shoe...
To keep you from being bored,
there's nothing this machine won't do.



Strange Brew...
2 tons Smashed grapes!
????
Strange Brew.

Emily didn't know what she should do.
She needed tons of juice for her Strange Brew.
The she remembered her boots...
which took her back to her roots,
and the punks became the stompin' crew.

Stawberry Fields Forever

On one blue day, when Emily was bored,
it was Miles Davis that struck the right chord...
the next thing she knew, she was in the Bitches Brew...
and she came home with some cat she adored!

Regular boring cereal? NEVER!
Emily (being rather clever)...
made a long distance call
to George, Ringo, John and Paul,
which produced strawberry fields FOREVER!

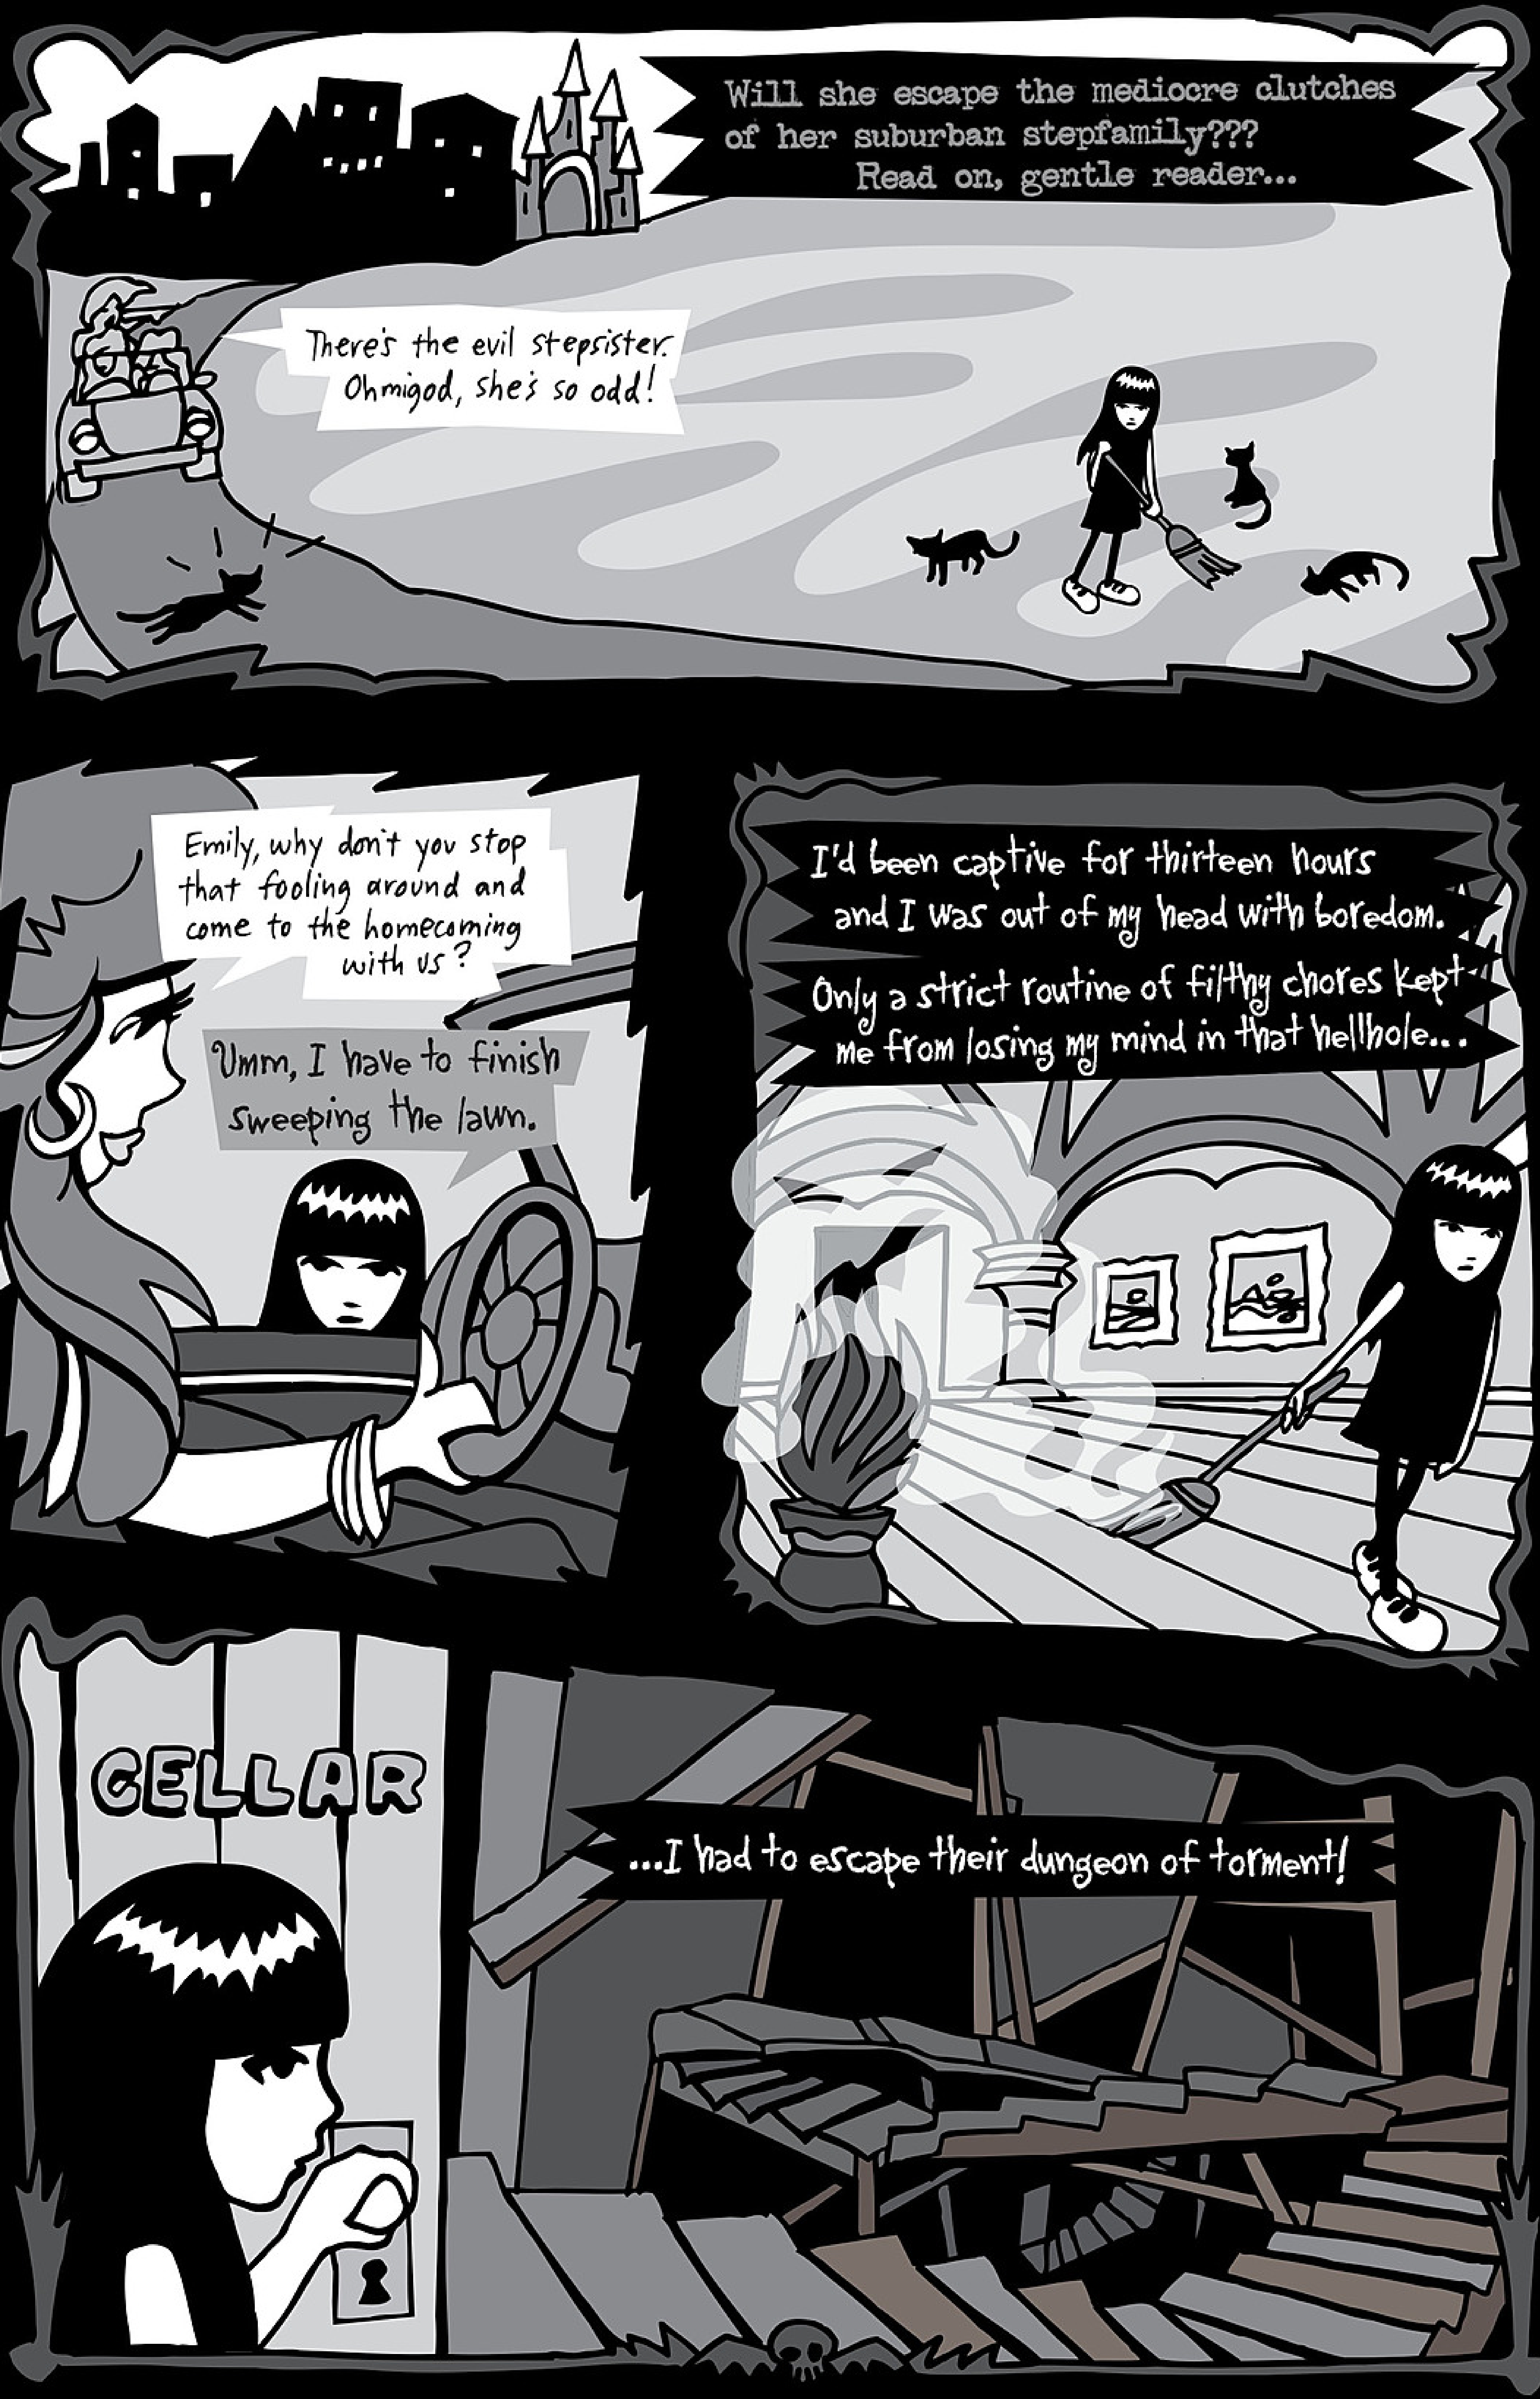
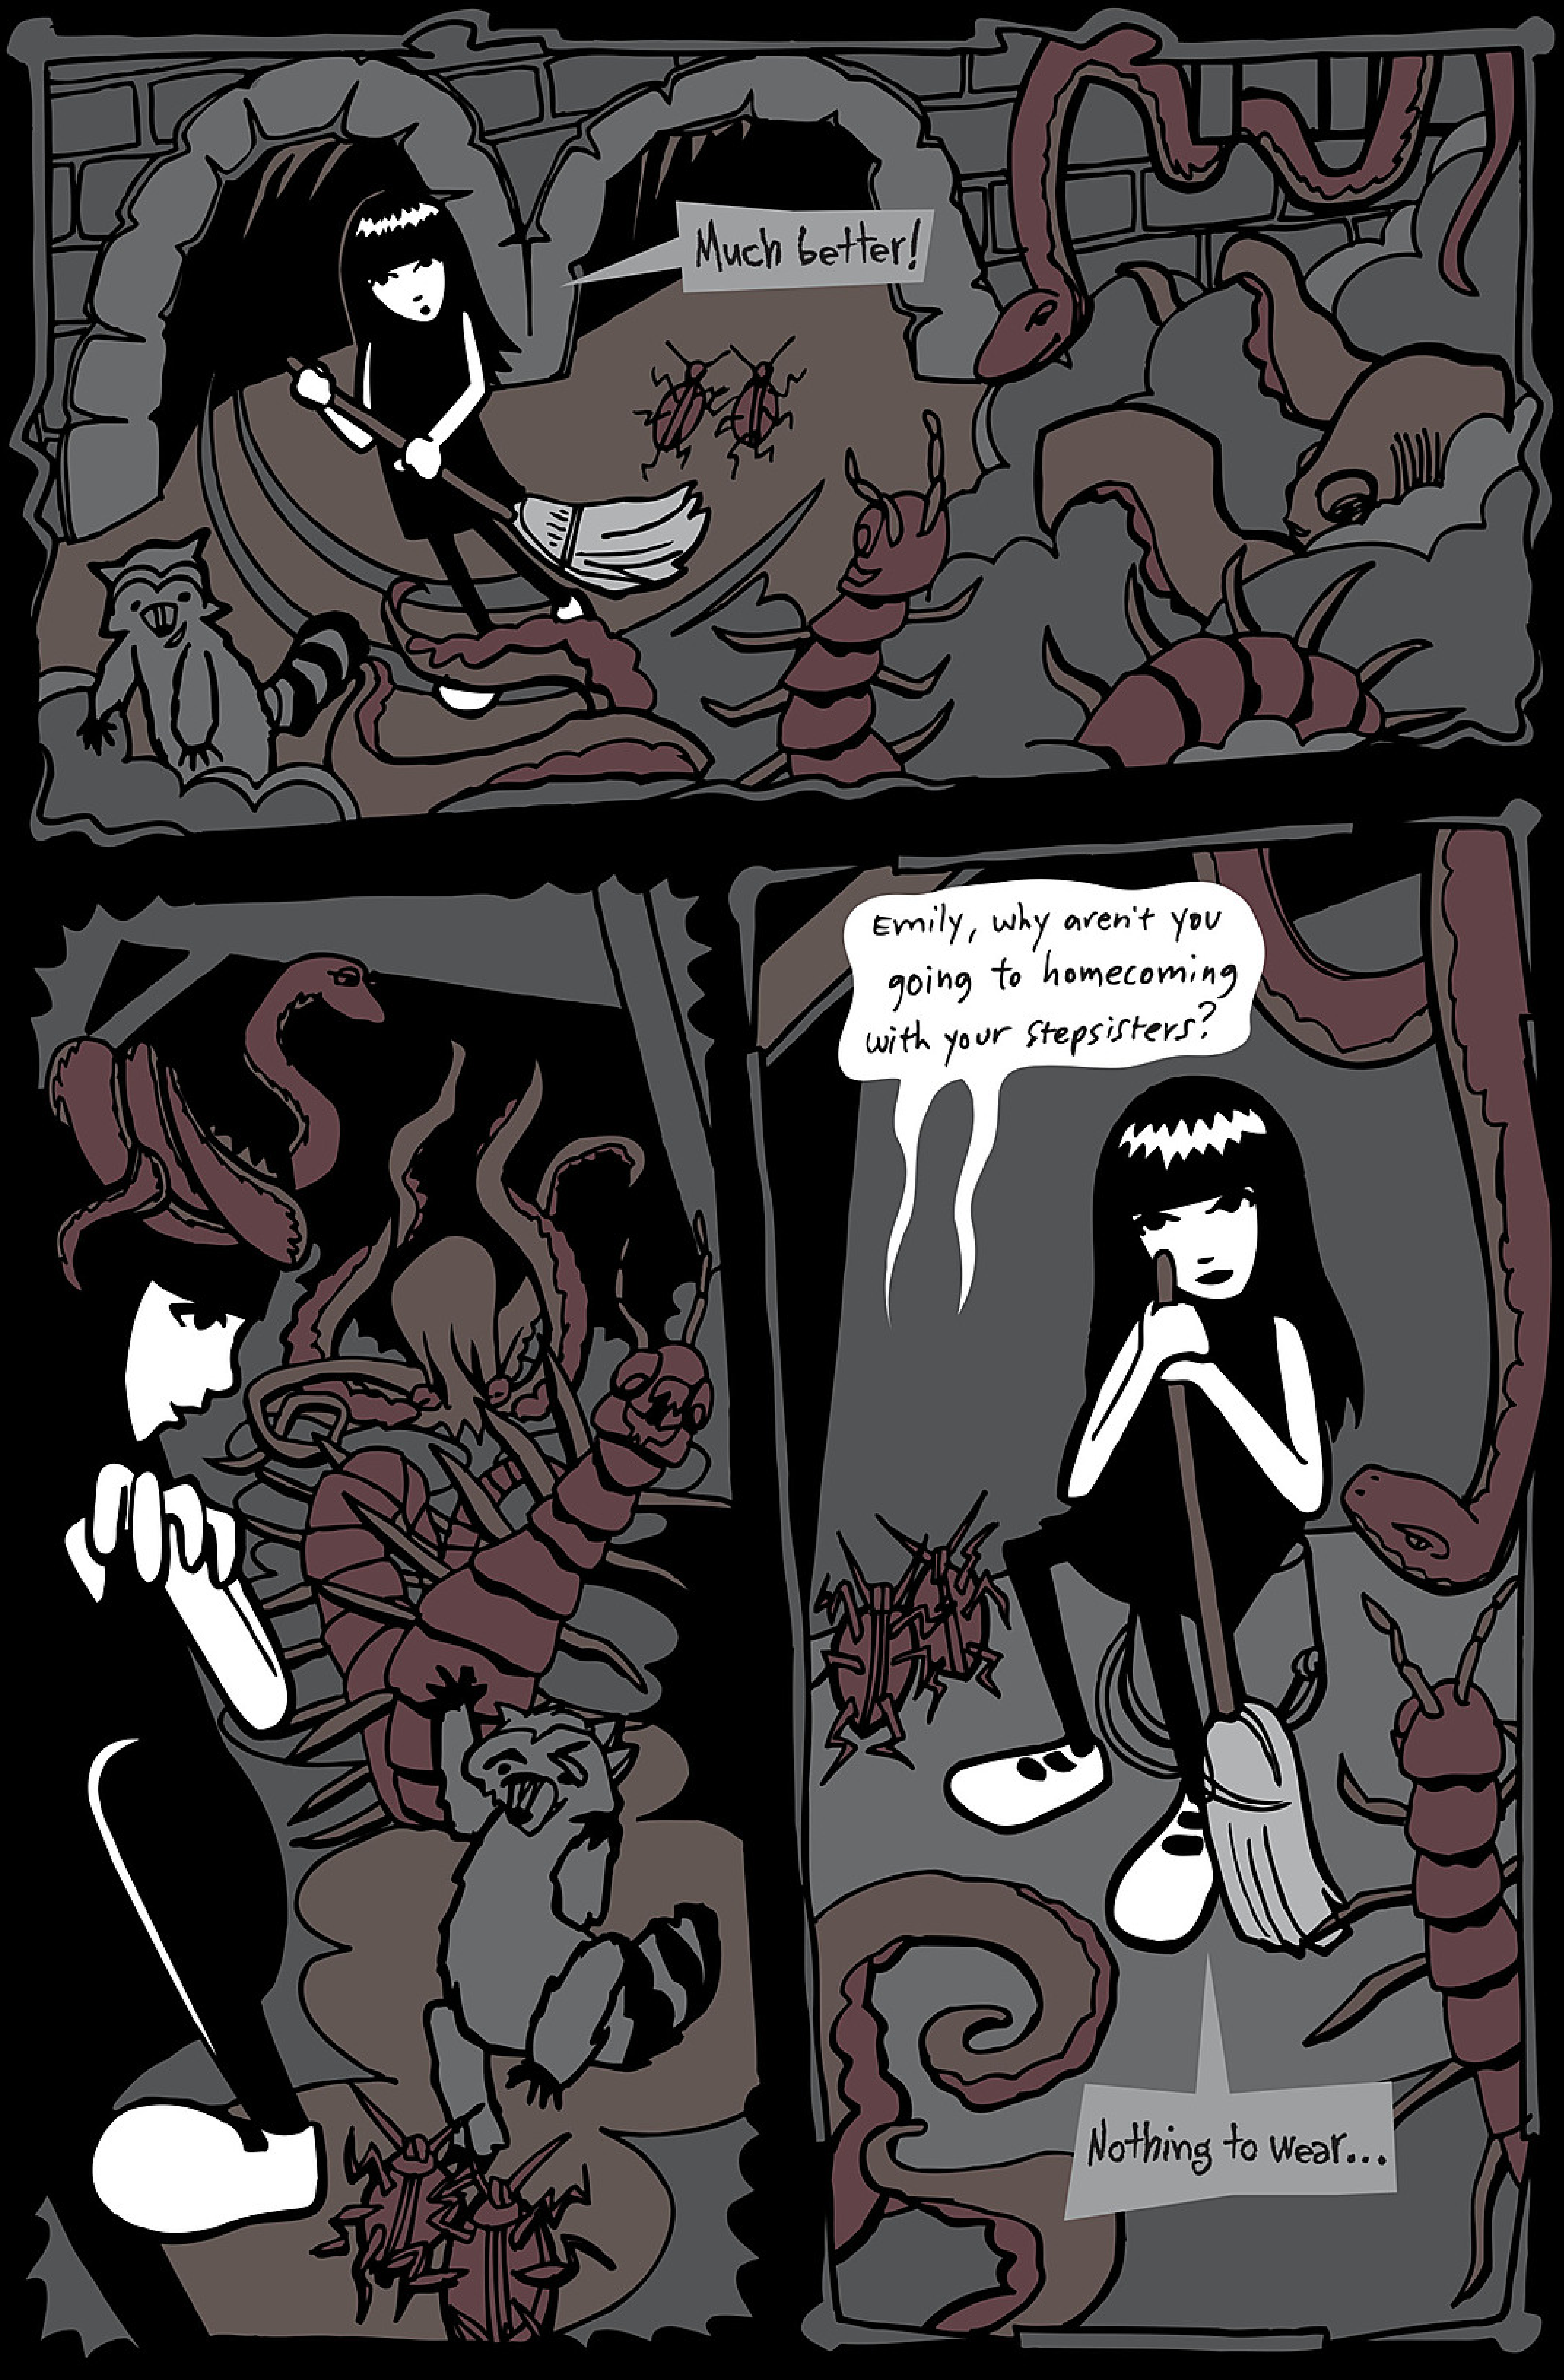
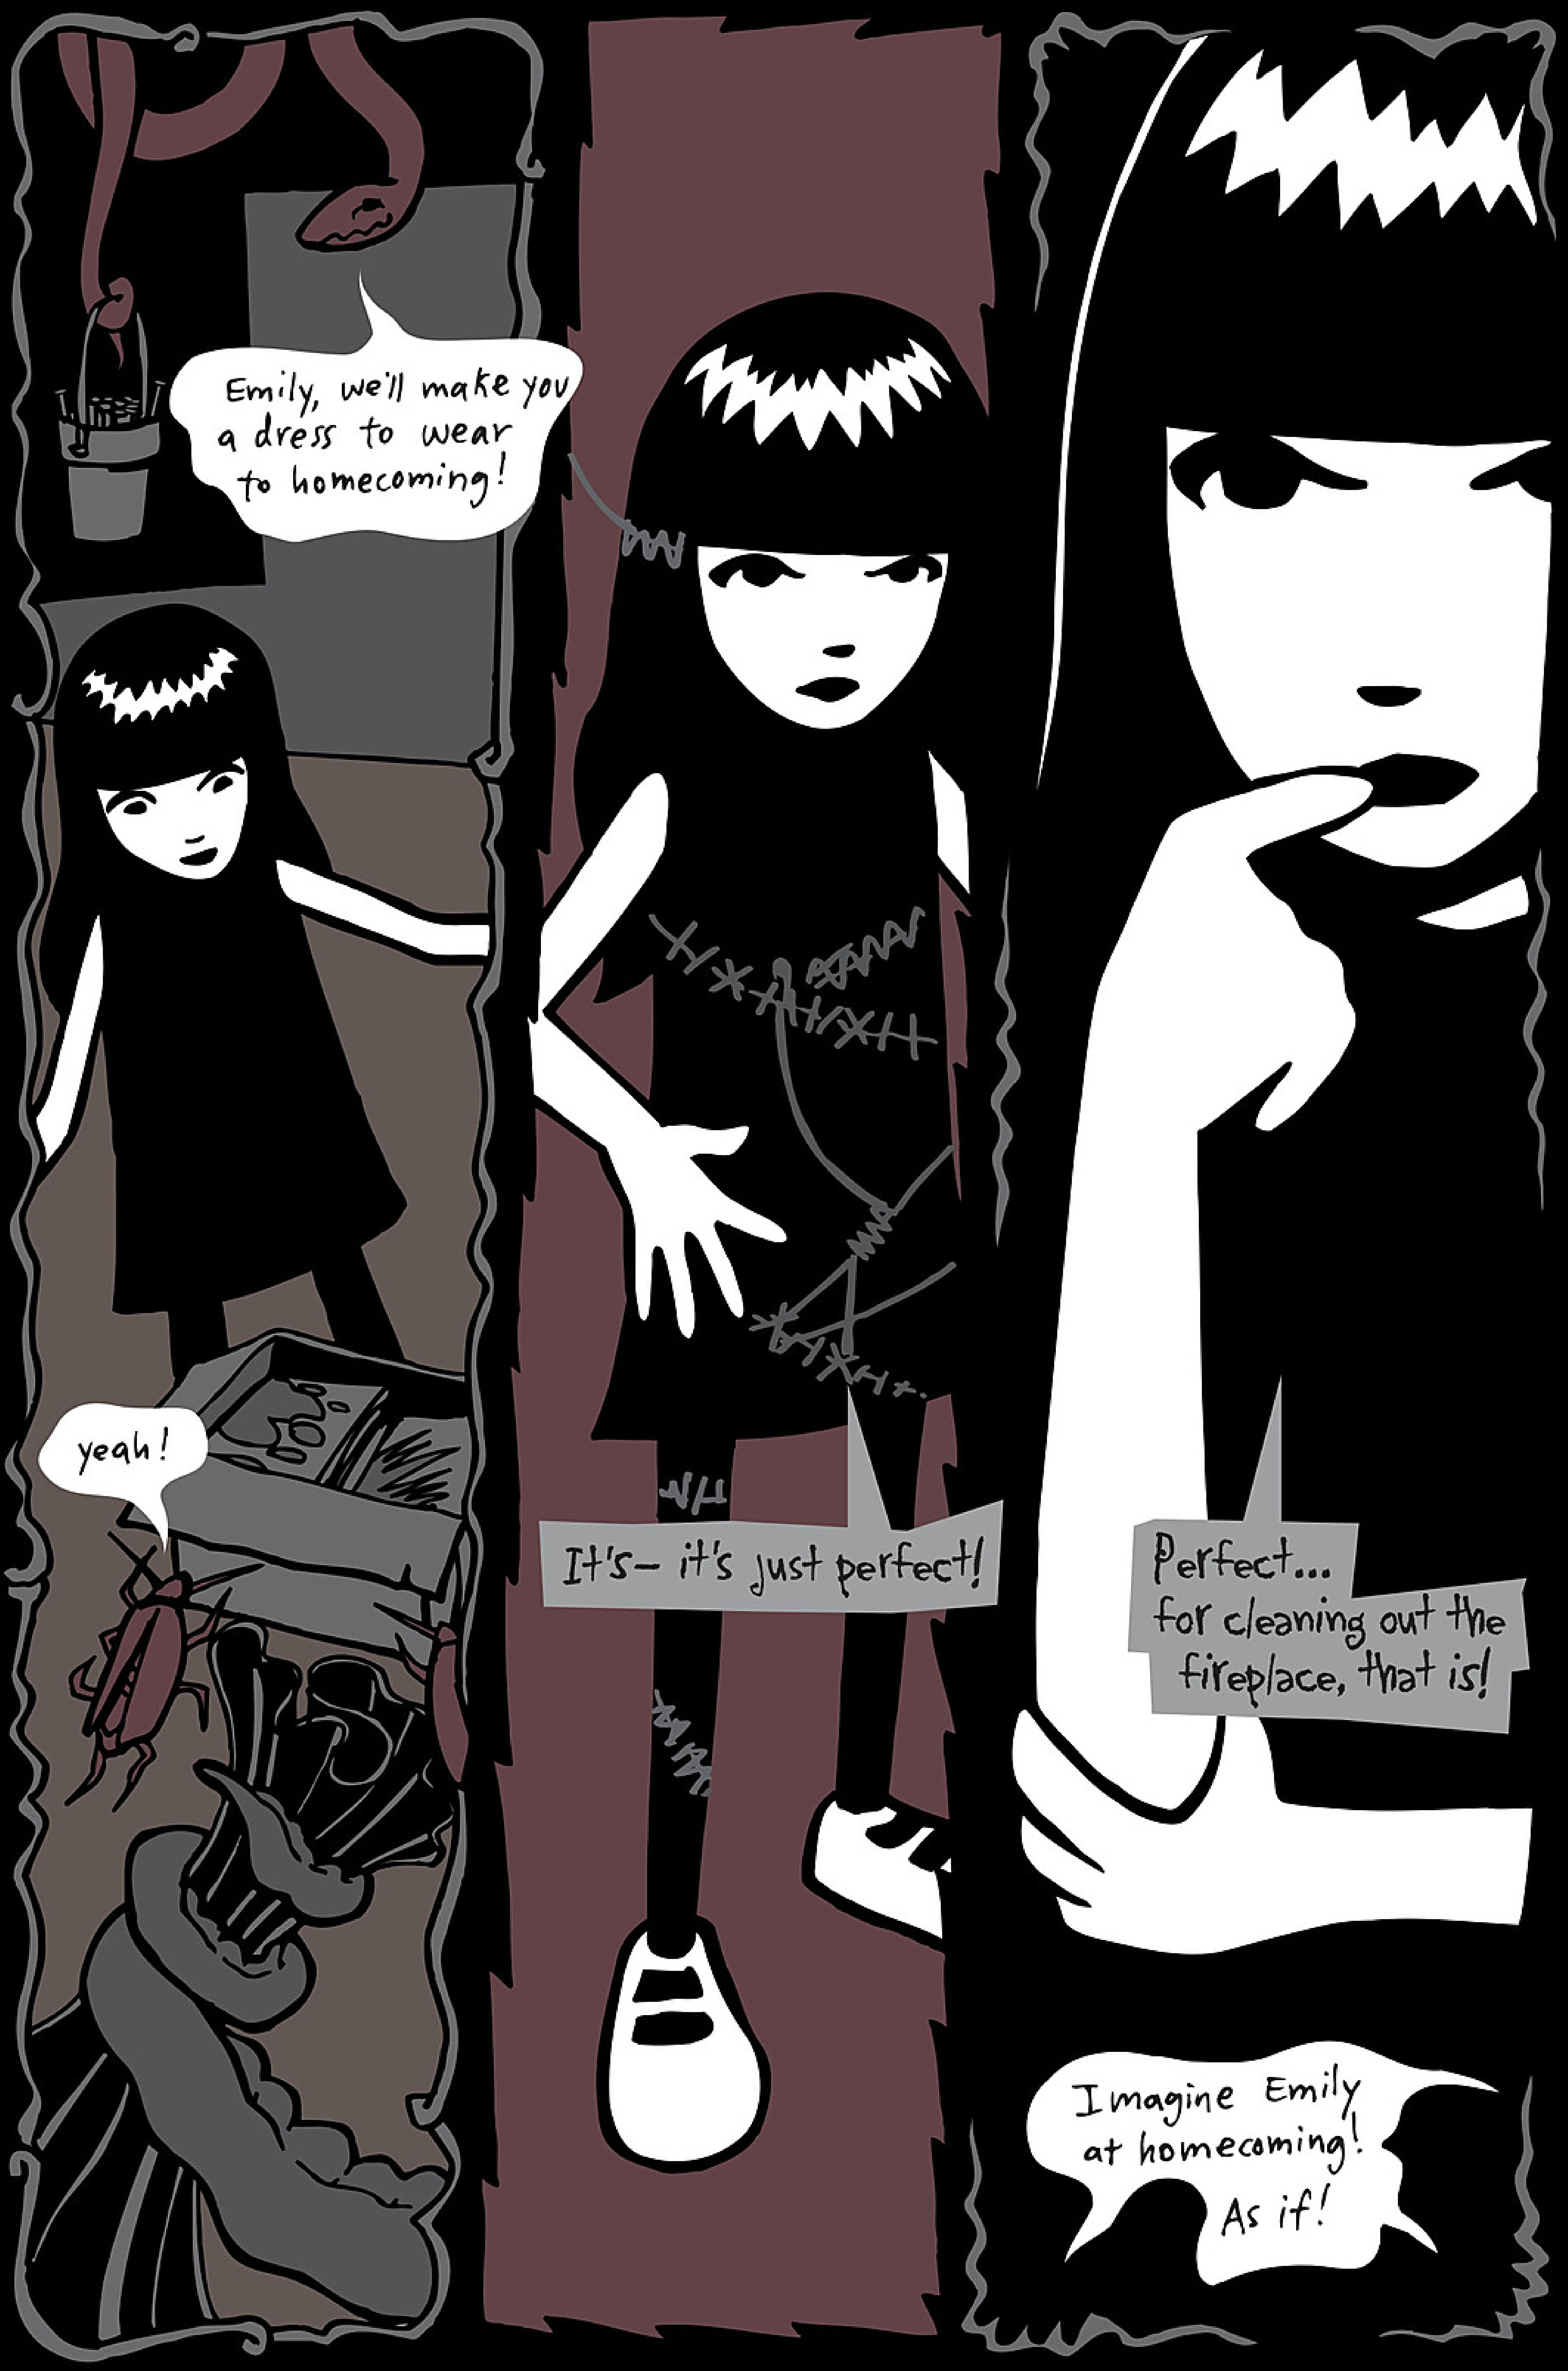
Scary Tale
Sin dare lla
Welcome to our charming tale, the tale of a young girl's triumphant rise from the cinders of oppression.



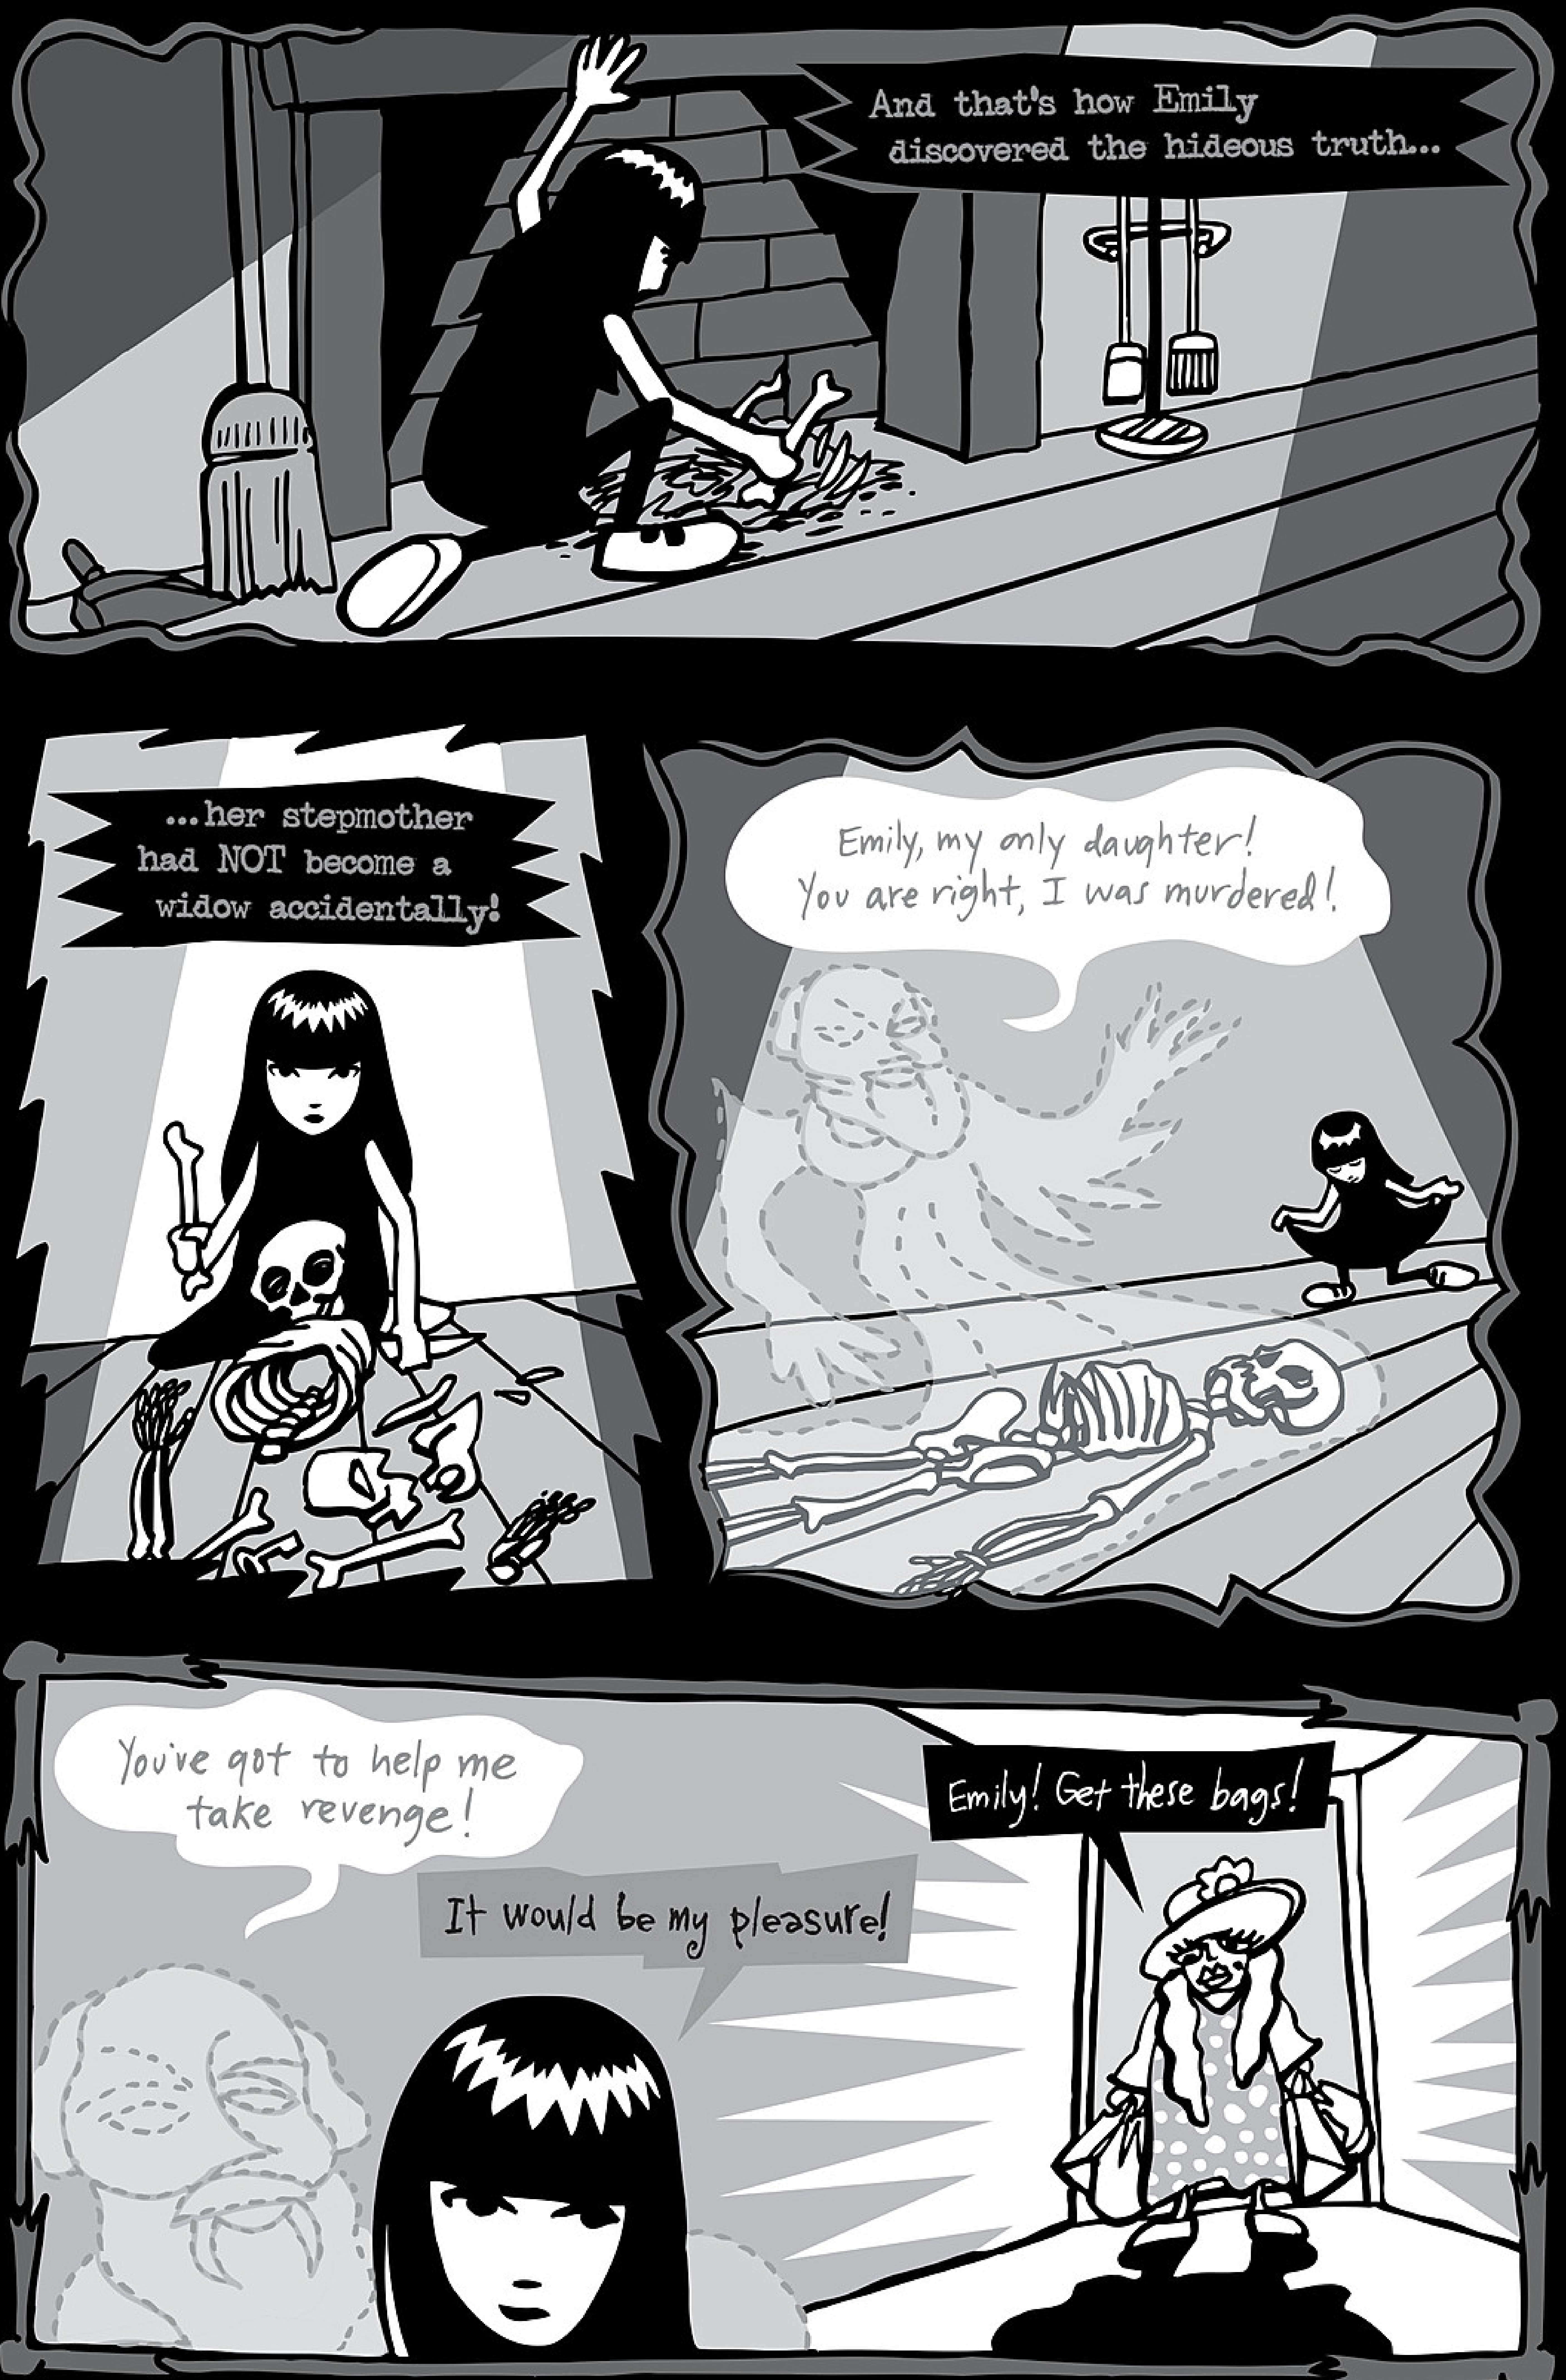
Will she escape the mediocre clutches of her suburban stepfamily??? Read on, gentle reader...
There's the evil stepsister. Ohmigod, she's so odd!
Emily, why don't you stop that fooling around and come to the homecoming with us?
Umm, I have to finish sweeping the lawn.
I'd been captive for thirteen hours and I was out of my head with boredom.
Only a strict routine of filthy chores kept me from losing my mind in that hellhole...
CELLAR
...I had to escape their dungeon of torment!



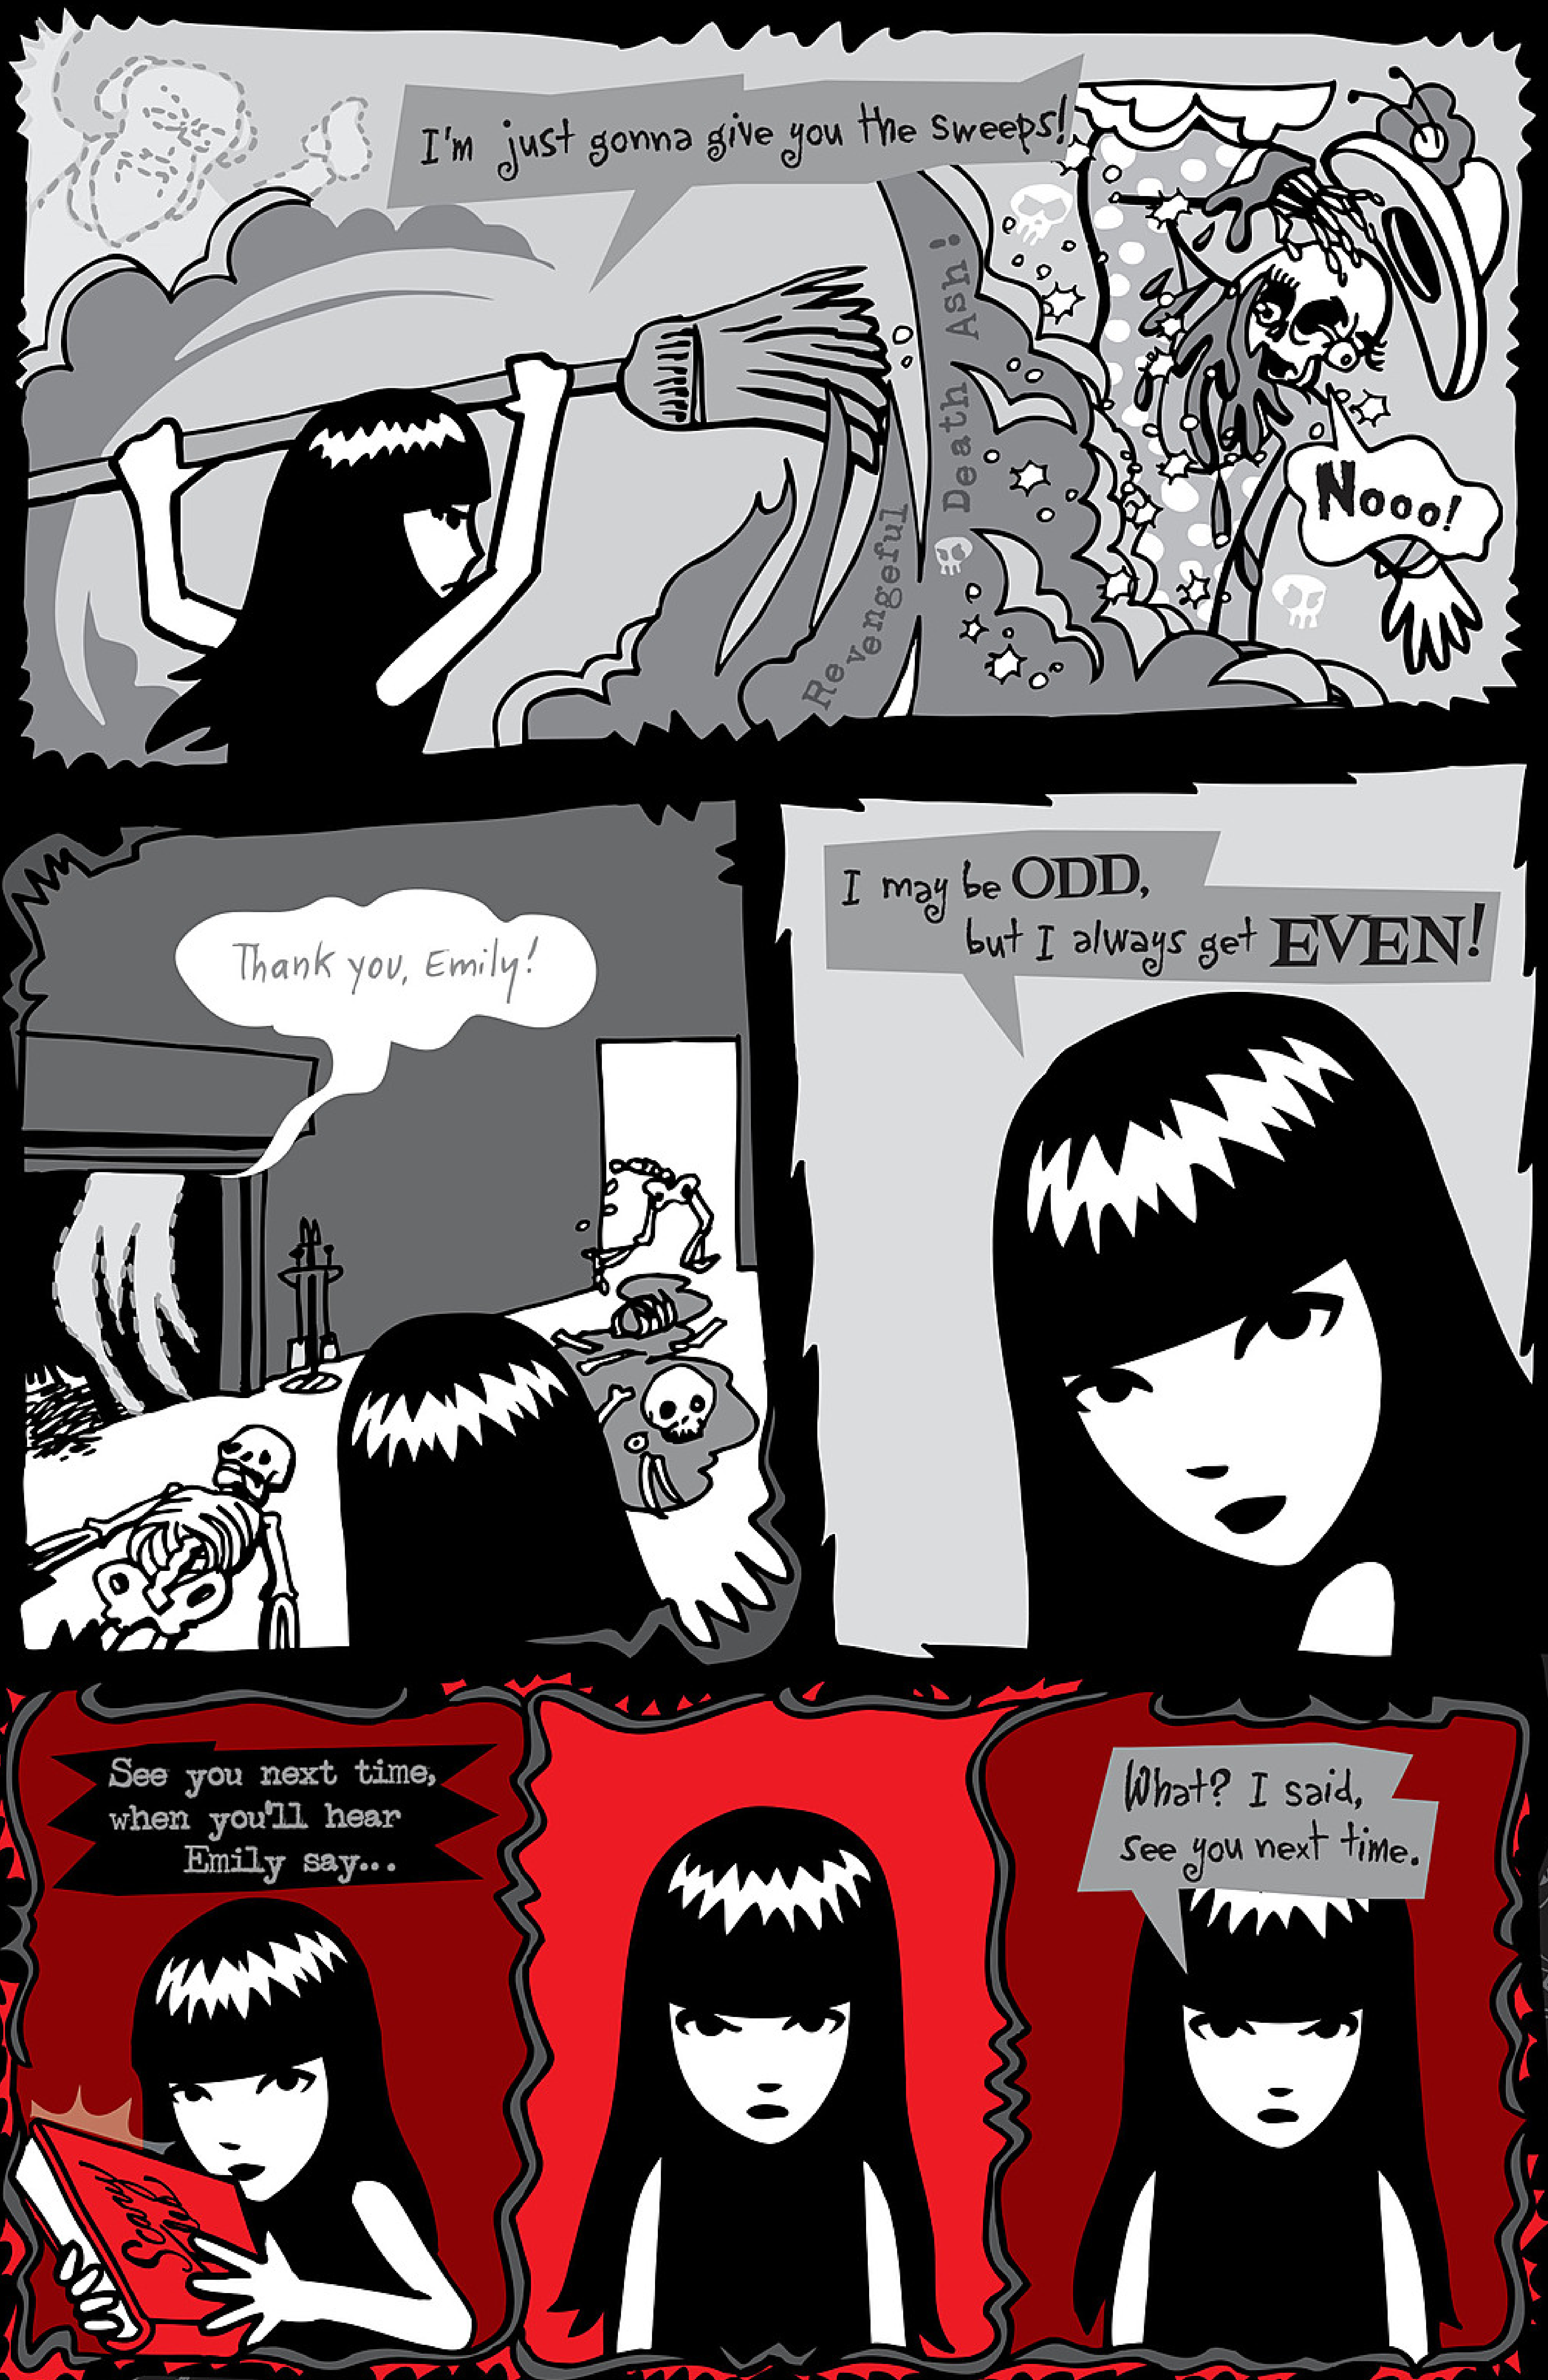
Much better!
Emily, why aren't you going to homecoming with your stepsisters?
Nothing to wear...



Emily, we'll make you a dress to wear to homecoming!
yeah!
It's– it's just perfect!
Perfect... for cleaning out the fireplace, that is!
Imagine Emily at homecoming! As if!



And that's how Emily discovered the hideous truth...
...her stepmother had NOT become a widow accidentally!
Emily, my only daughter! You are right, I was murdered!
You've got to help me take revenge!
It would be my pleasure!
Emily! Get these bags!



I'm just gonna give you the sweeps!
Revengeful Death Ash!

Thank you, Emily!
I may be ODD, but I always get EVEN!

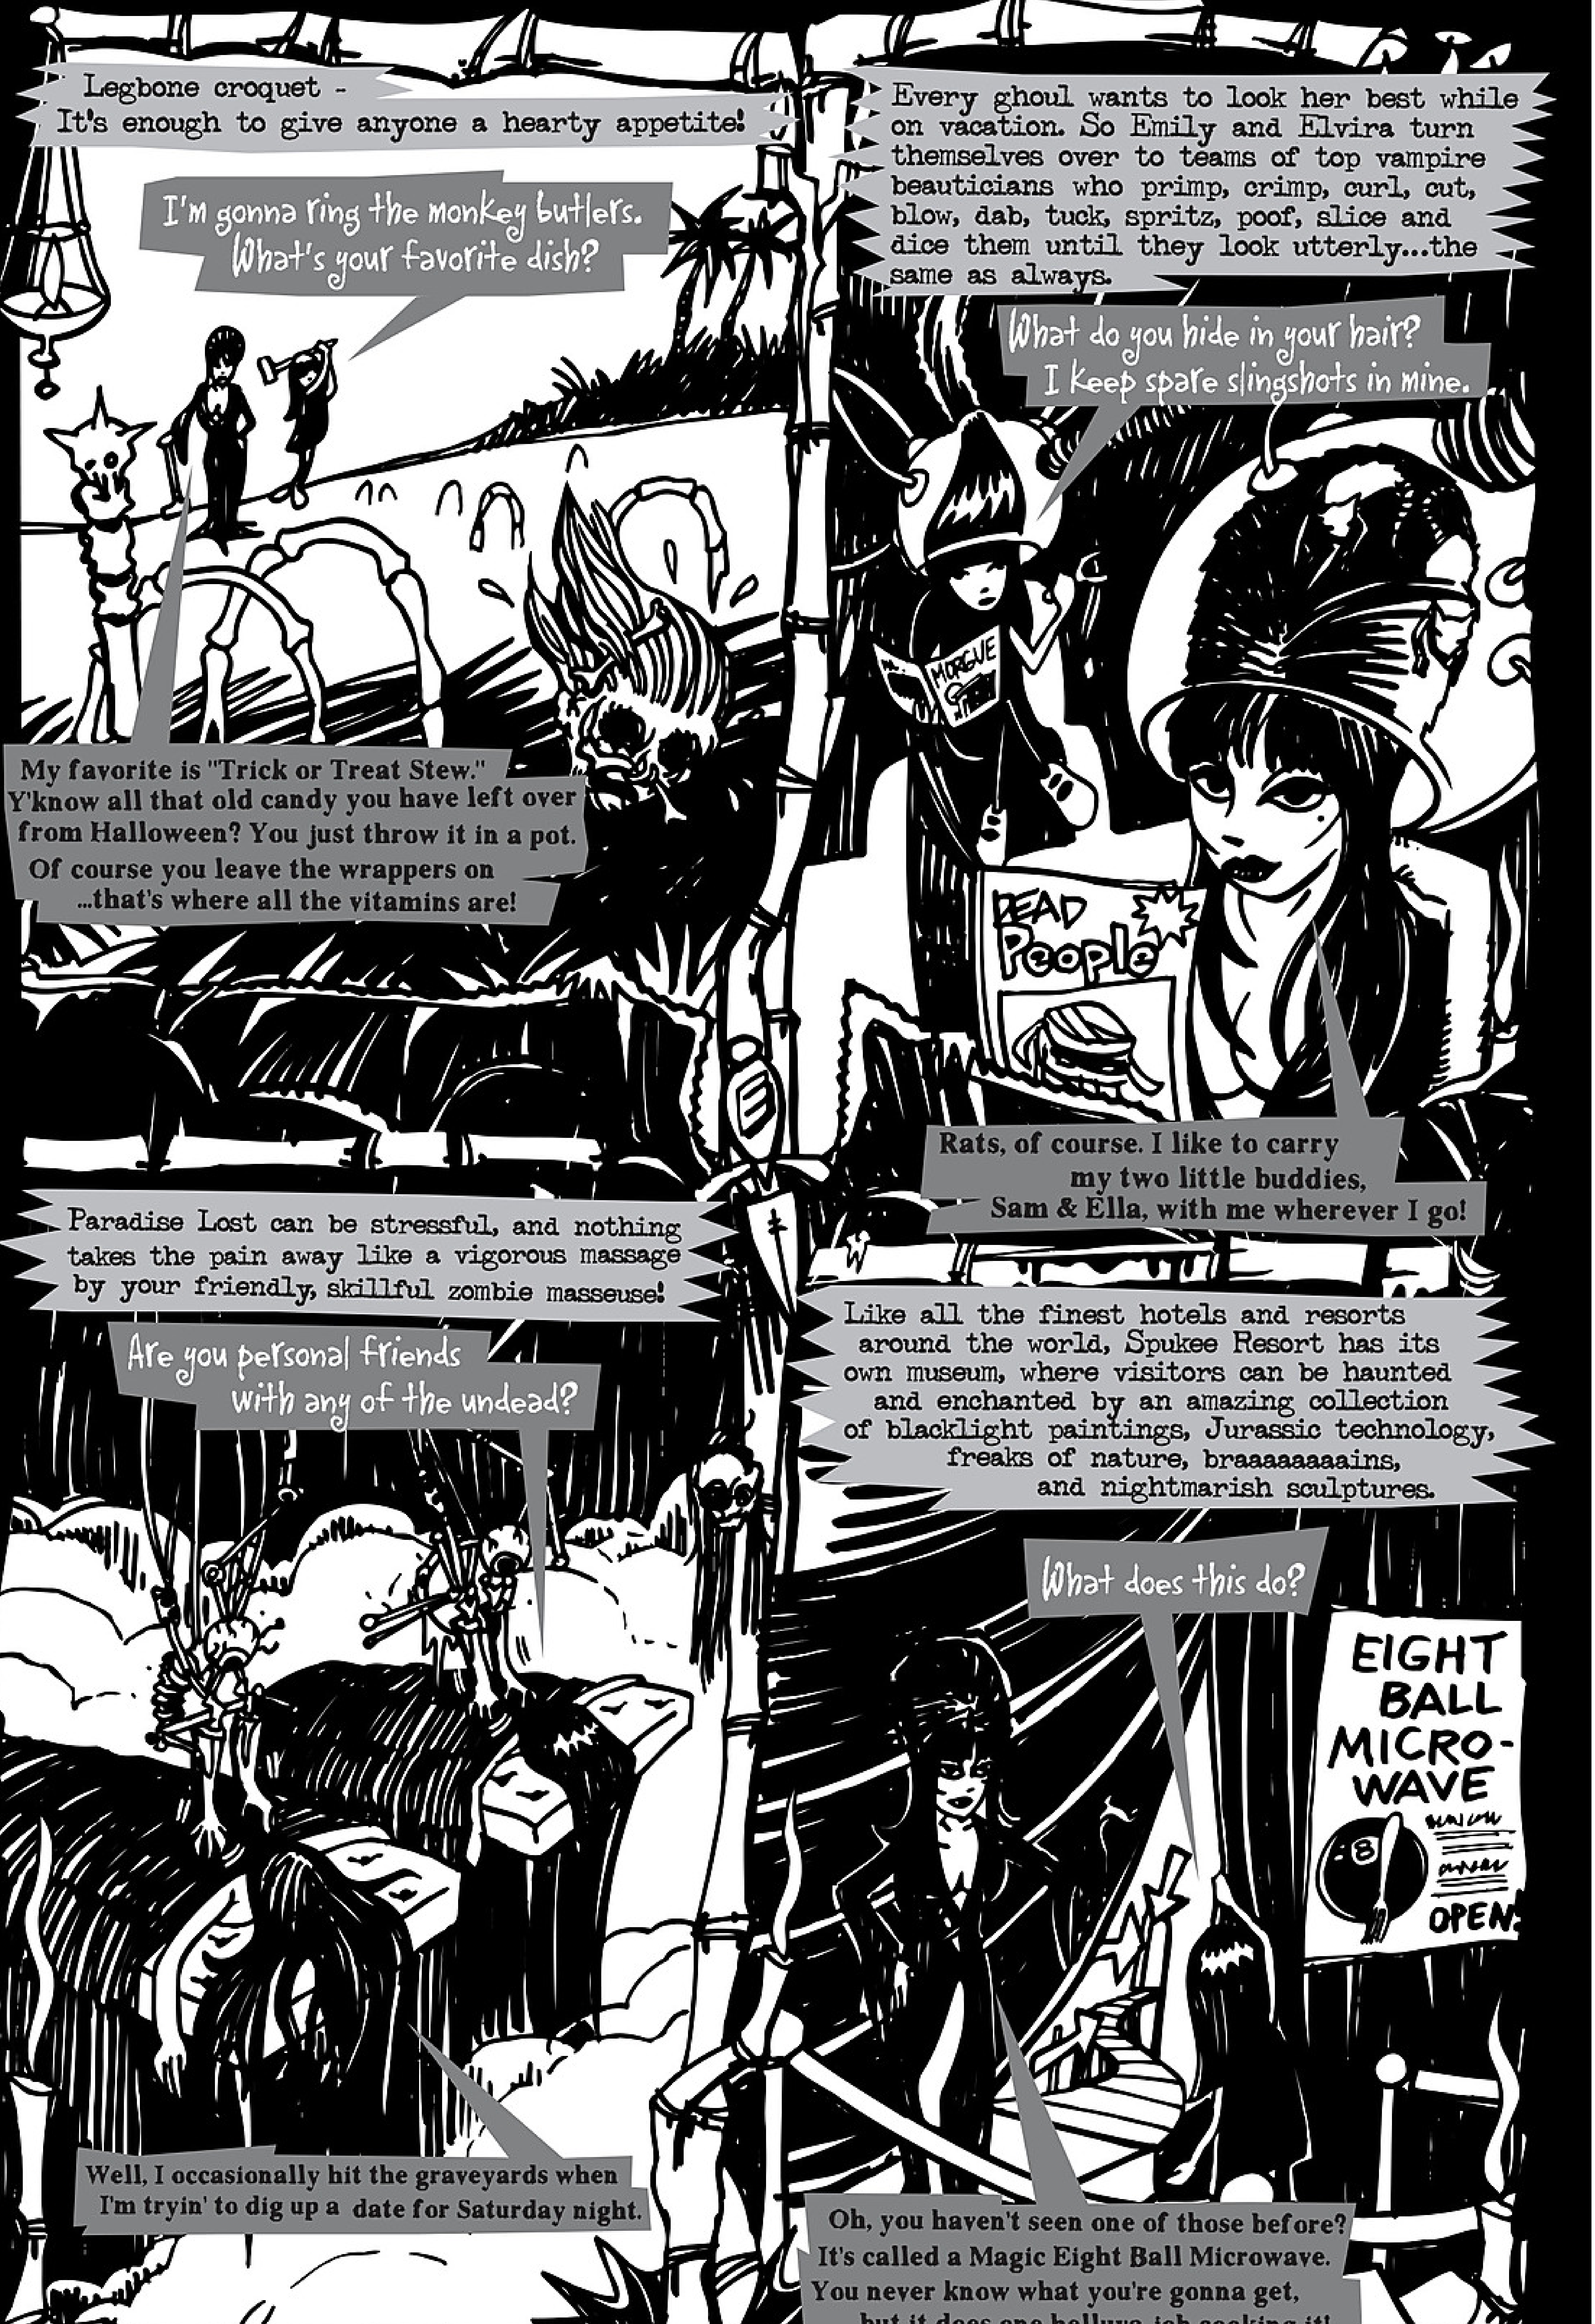
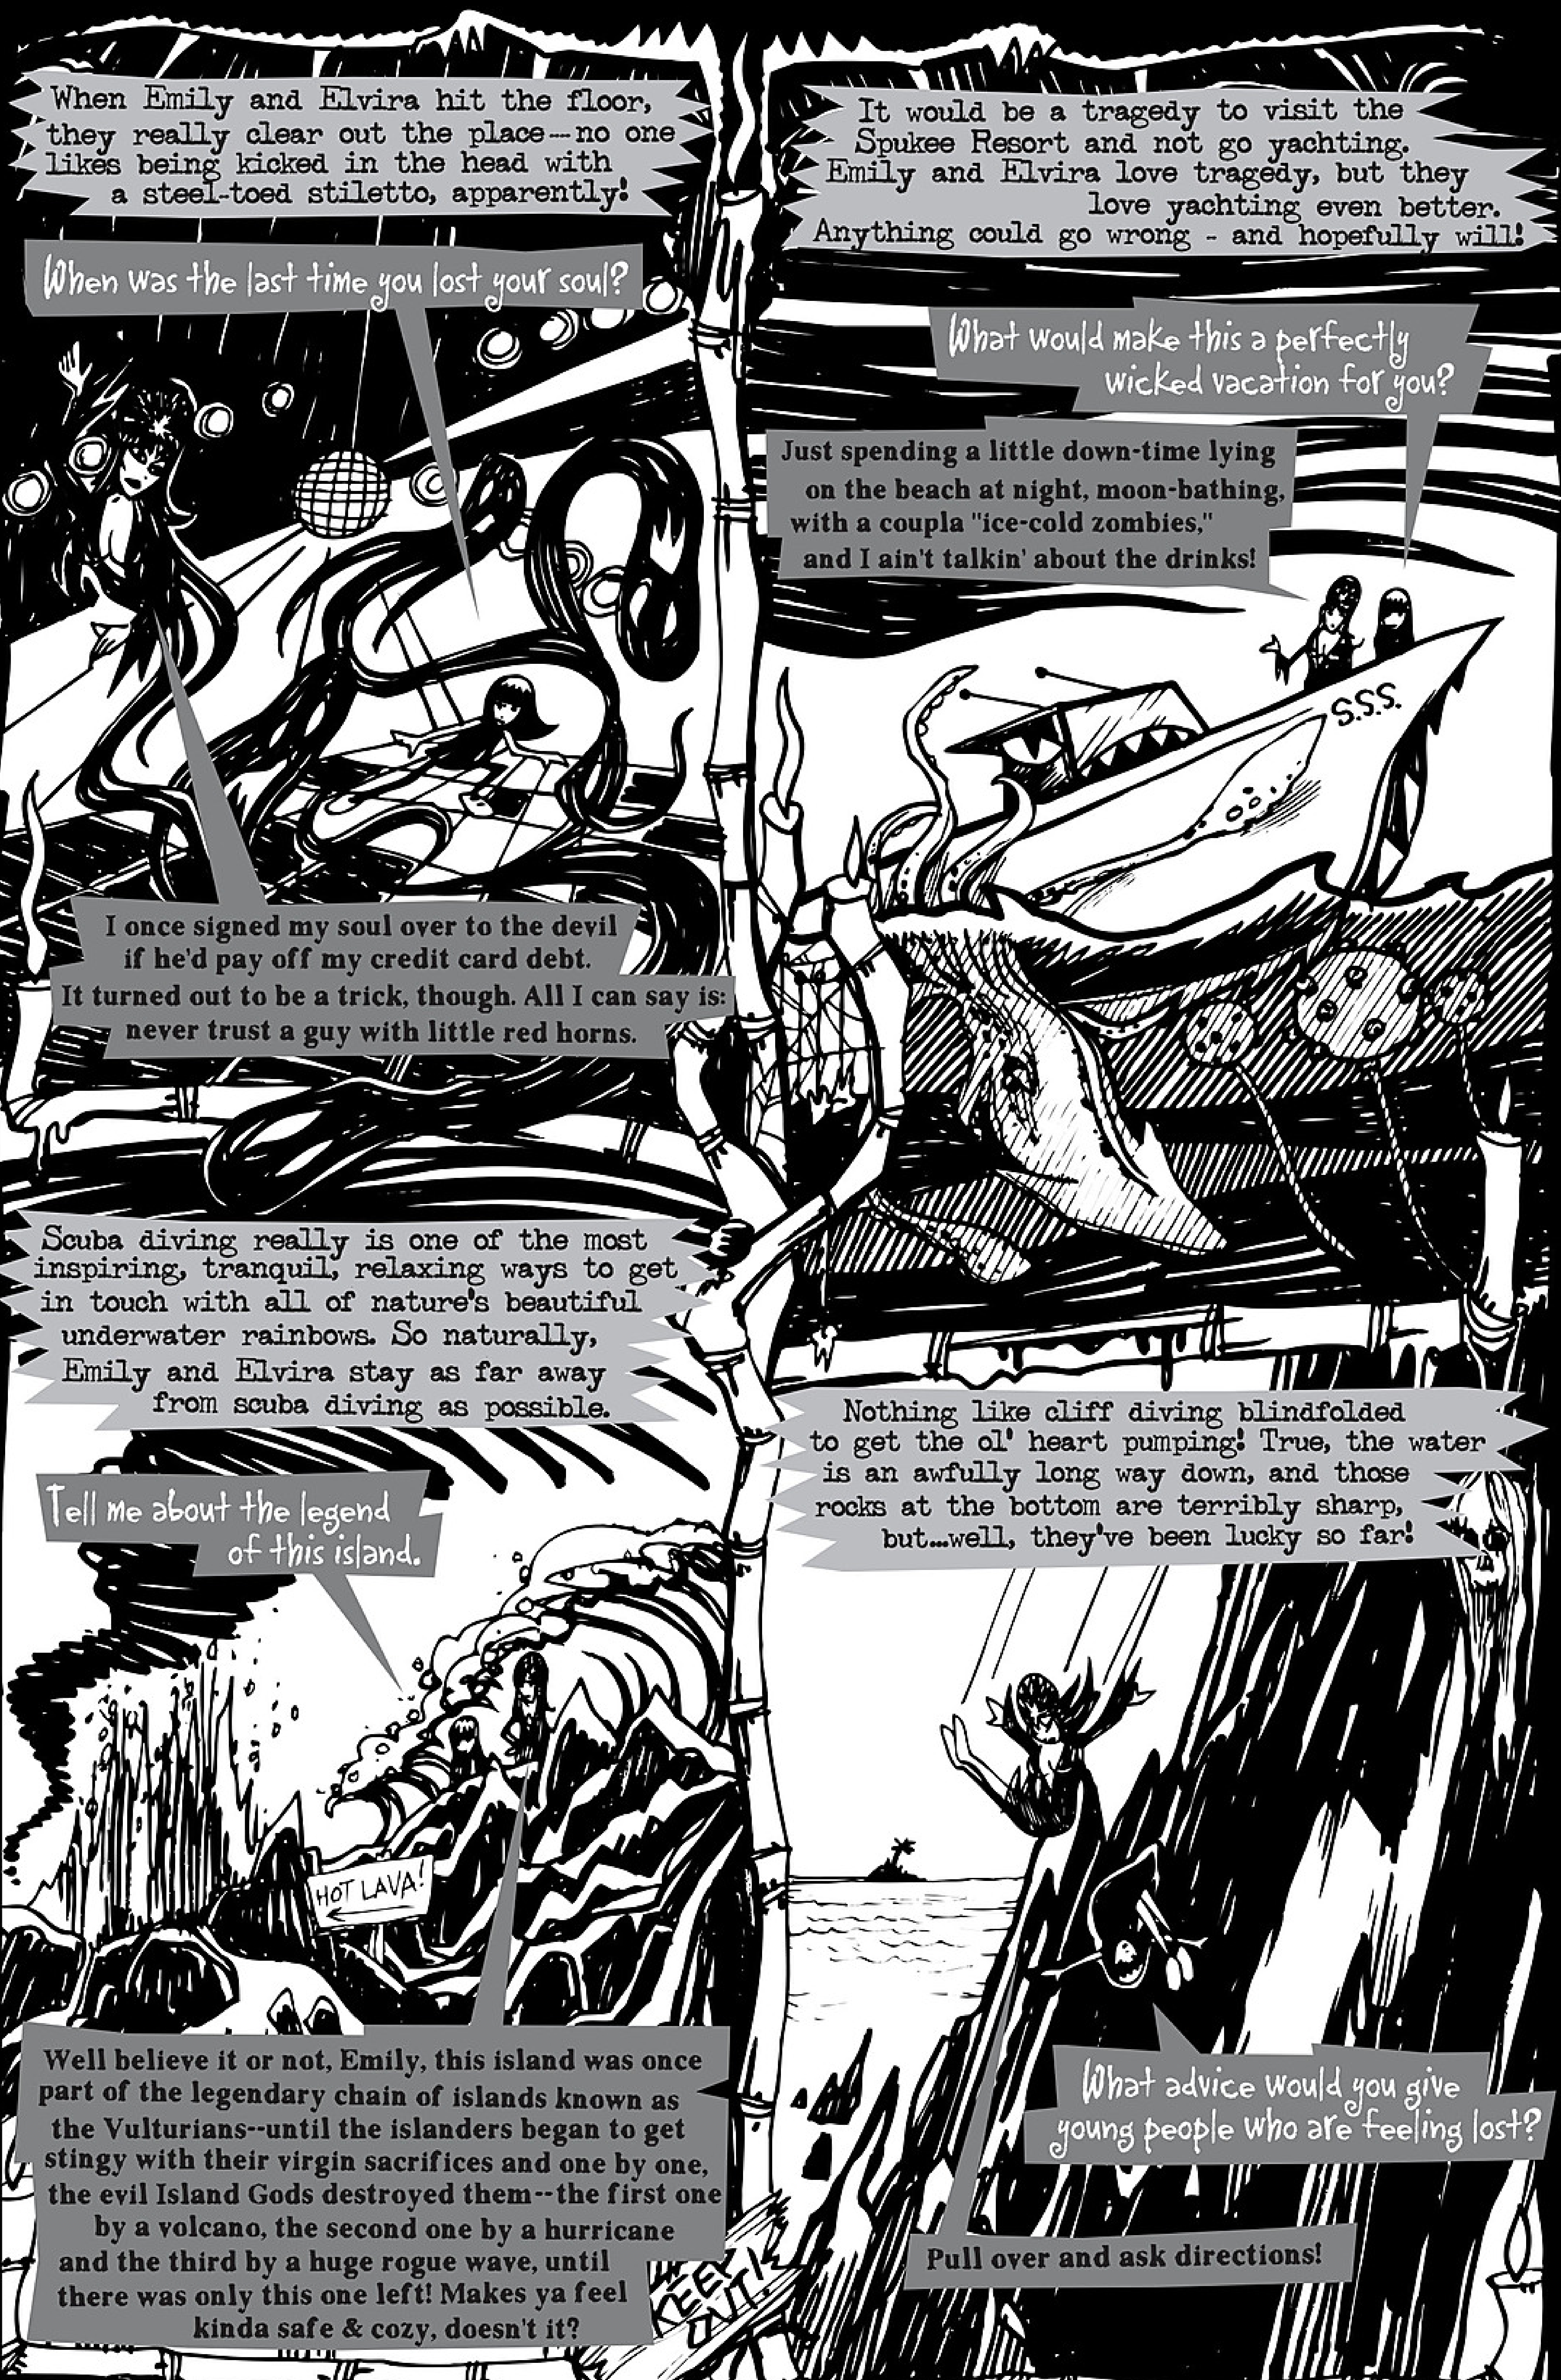
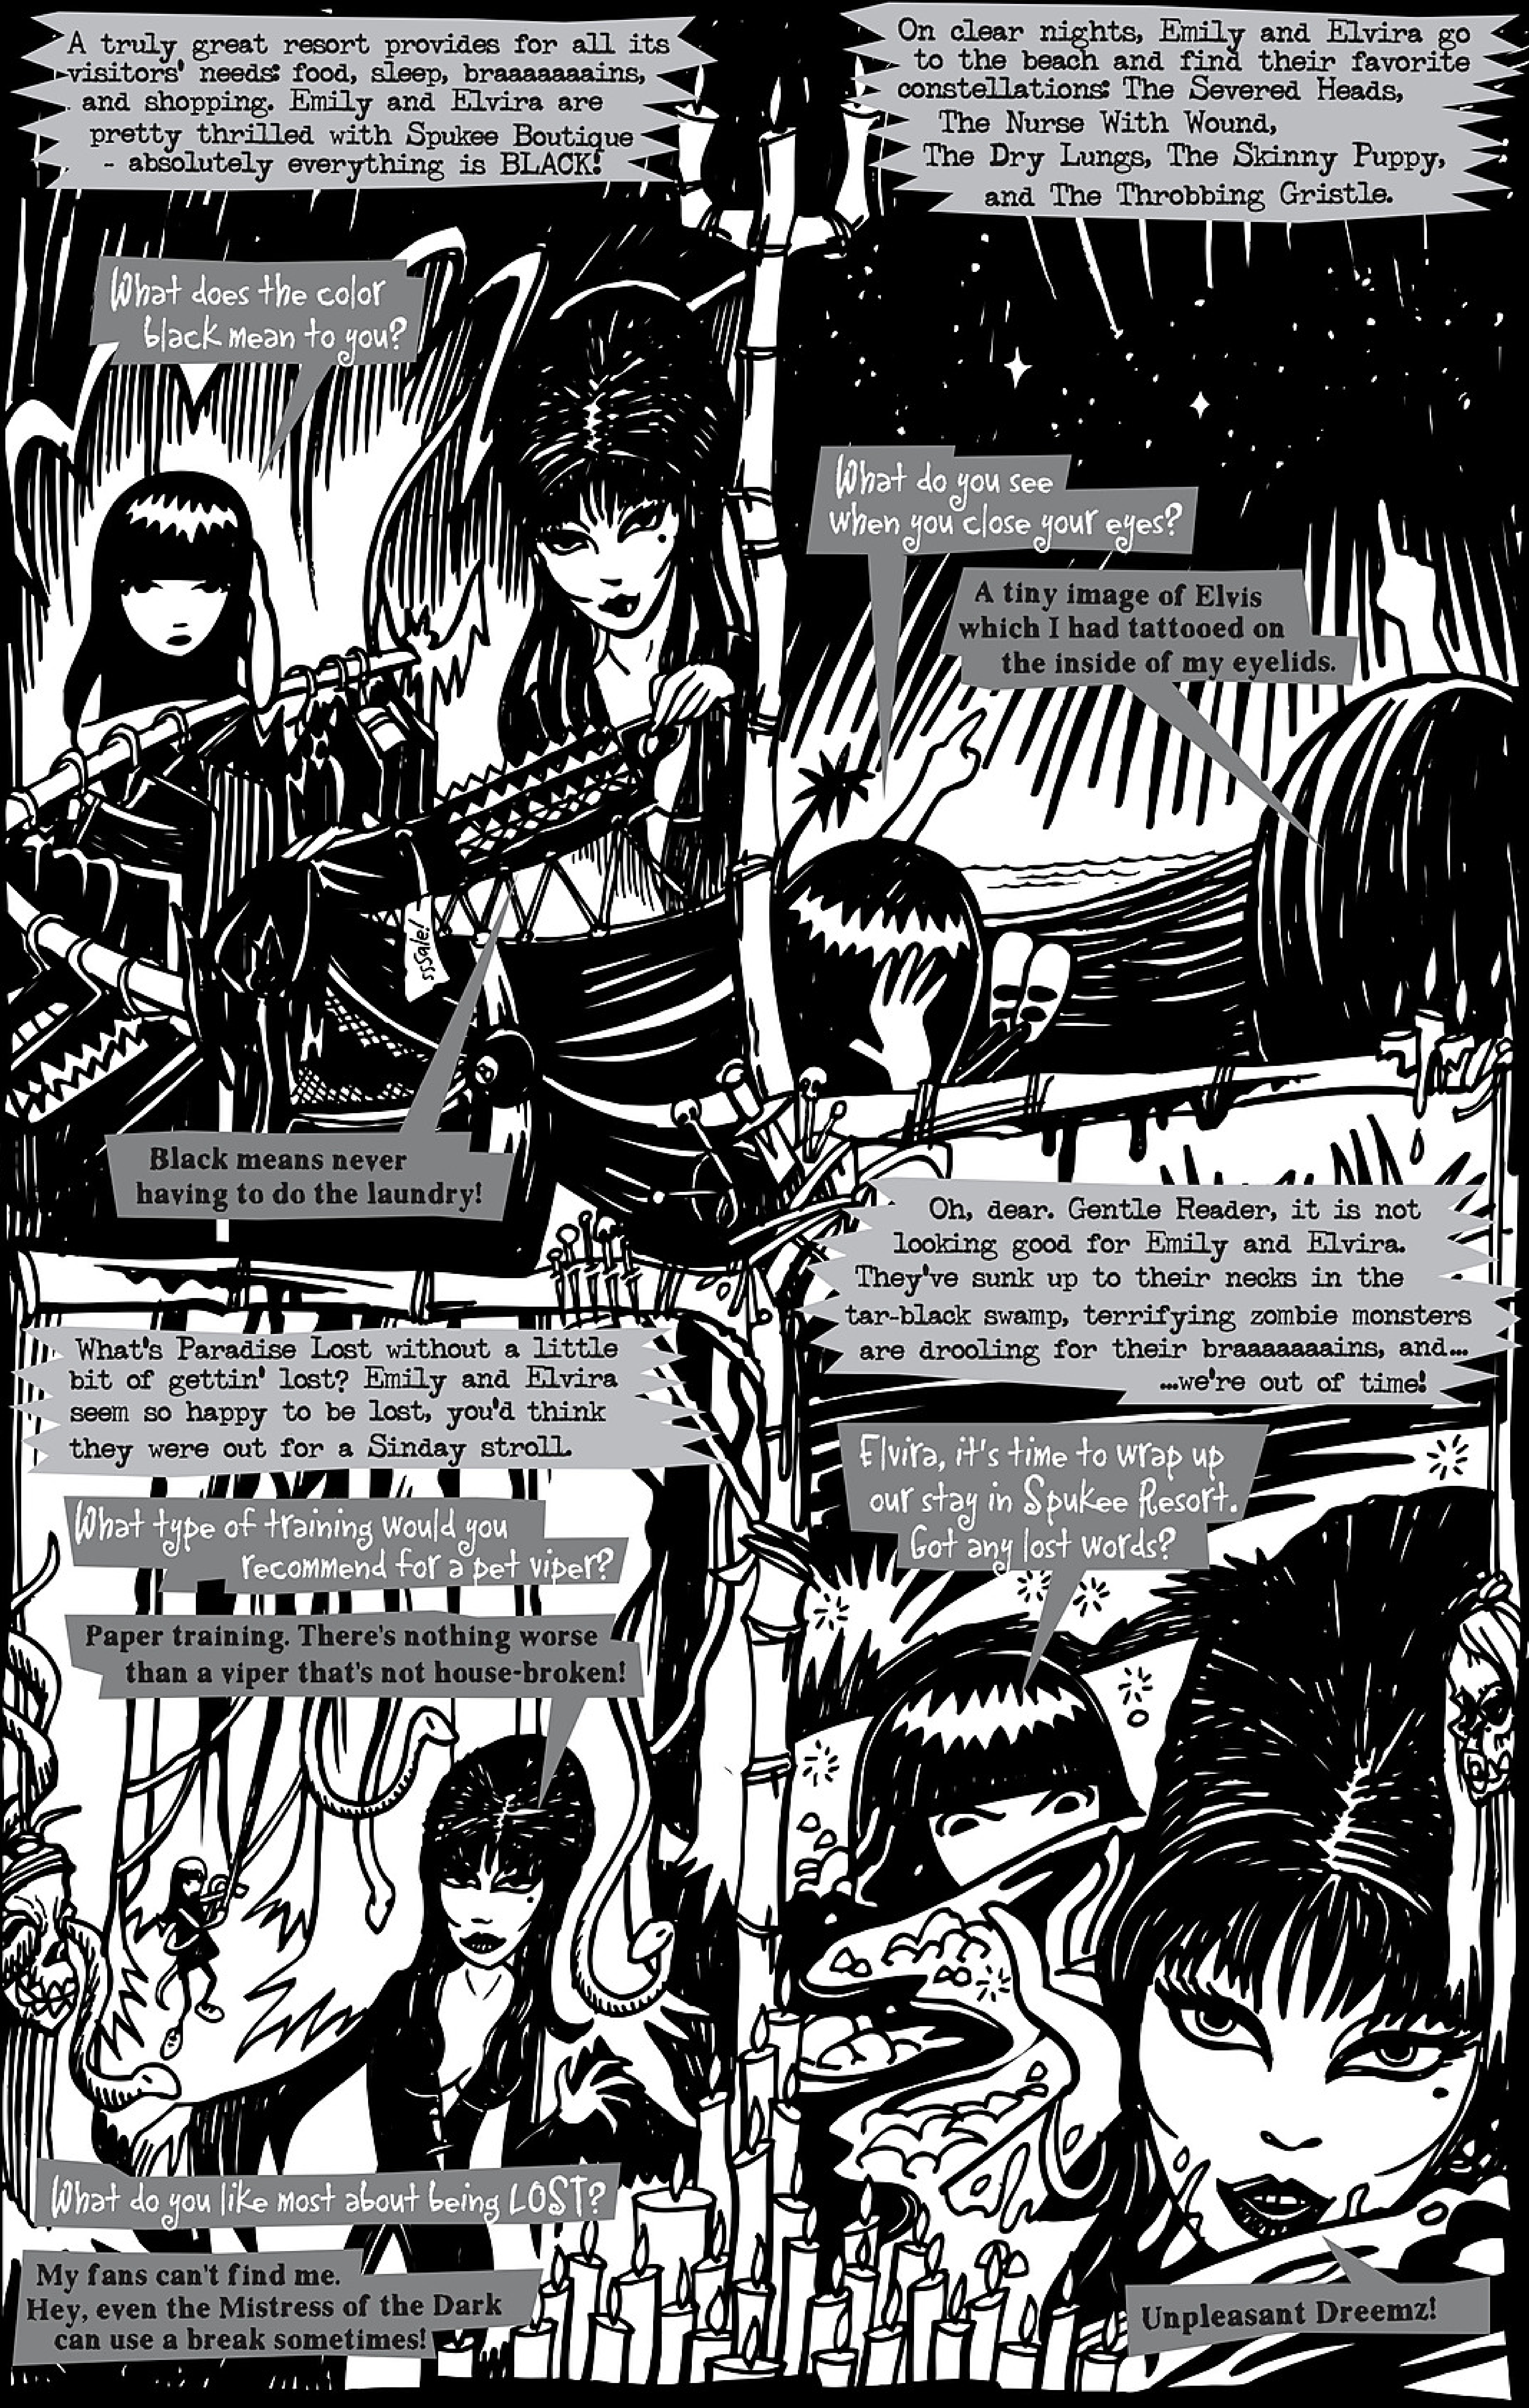
a Strange Interview with...
ELVIRA
Mistress of the Dark
Come with us, dear readers, to a black-sand beach on a dark and cloudy evening at the luxurious, mysterious SPUKEE RESORT!
Our readers at home would love to hear all about your fabulous beachwear.
Oh this old thing? Got it right off the "rack," Frederick's of Transylvania. I always wear a sunscreen with an SPF of 1000 or higher for that deathly pale glow.



Legbone croquet - It's enough to give anyone a hearty appetite!
I'm gonna ring the monkey butlers. What's your favorite dish?
My favorite is "Trick or Treat Stew." Y'know all that old candy you have left over from Halloween? You just throw it in a pot. Of course you leave the wrappers on ...that's where all the vitamins are!
Every ghoul wants to look her best while on vacation. So Emily and Elvira turn themselves over to teams of top vampire beauticians who primp, crimp, curl, cut, blow, dab, tuck, spritz, poof, slice and dice them until they look utterly...the same as always.
What do you hide in your hair? I keep spare slingshots in mine.
MORGUE
DEAD People
Rats, of course. I like to carry my two little buddies, Sam & Ella, with me wherever I go!
Paradise Lost can be stressful, and nothing takes the pain away like a vigorous massage by your friendly, skillful zombie masseuse!
Are you personal friends with any of the undead?
Well, I occasionally hit the graveyards when I'm tryin' to dig up a date for Saturday night.
Like all the finest hotels and resorts around the world, Spukee Resort has its own museum, where visitors can be haunted and enchanted by an amazing collection of blacklight paintings, Jurassic technology, freaks of nature, braaaaaaaains, and nightmarish sculptures.
What does this do?
EIGHT BALL MICRO-WAVE
OPEN!
Oh, you haven't seen one of those before? It's called a Magic Eight Ball Microwave. You never know what you're gonna get, but it does one helluva job cooking it!



When Emily and Elvira hit the floor, they really clear out the place--no one likes being kicked in the head with a steel-toed stiletto, apparently!
When was the last time you lost your soul?
I once signed my soul over to the devil if he'd pay off my credit card debt. It turned out to be a trick, though. All I can say is: never trust a guy with little red horns.
It would be a tragedy to visit the Spukee Resort and not go yachting. Emily and Elvira love tragedy, but they love yachting even better. Anything could go wrong - and hopefully will!
What would make this a perfectly wicked vacation for you?
Just spending a little down-time lying on the beach at night, moon-bathing, with a coupla "ice-cold zombies," and I ain't talkin' about the drinks!
S.S.S.
Scuba diving really is one of the most inspiring, tranquil, relaxing ways to get in touch with all of nature's beautiful underwater rainbows. So naturally, Emily and Elvira stay as far away from scuba diving as possible.
Tell me about the legend of this island.
HOT LAVA!
Well believe it or not, Emily, this island was once part of the legendary chain of islands known as the Vulturians--until the islanders began to get stingy with their virgin sacrifices and one by one, the evil Island Gods destroyed them--the first one by a volcano, the second one by a hurricane and the third by a huge rogue wave, until there was only this one left! Makes ya feel kinda safe & cozy, doesn't it?
KEEP OUT!
Nothing like cliff diving blindfolded to get the ol' heart pumping! True, the water is an awfully long way down, and those rocks at the bottom are terribly sharp, but...well, they've been lucky so far!
What advice would you give young people who are feeling lost?
Pull over and ask directions!



A truly great resort provides for all its visitors' needs: food, sleep, braaaaaaains, and shopping. Emily and Elvira are pretty thrilled with Spukee Boutique - absolutely everything is BLACK!
What does the color black mean to you?
Black means never having to do the laundry!
On clear nights, Emily and Elvira go to the beach and find their favorite constellations: The Severed Heads, The Nurse With Wound, The Dry Lungs, The Skinny Puppy, and The Throbbing Gristle.
What do you see when you close your eyes?
A tiny image of Elvis which I had tattooed on the inside of my eyelids.
What's Paradise Lost without a little bit of gettin' lost? Emily and Elvira seem so happy to be lost, you'd think they were out for a Sinday stroll.
What type of training would you recommend for a pet viper?
Paper training. There's nothing worse than a viper that's not house-broken!
What do you like most about being LOST?
My fans can't find me. Hey, even the Mistress of the Dark can use a break sometimes!
Oh, dear. Gentle Reader, it is not looking good for Emily and Elvira. They've sunk up to their necks in the tar-black swamp, terrifying zombie monsters are drooling for their braaaaaaains, and… …we're out of time!
Elvira, it's time to wrap up our stay in Spukee Resort. Got any lost words?
Unpleasant Dreemz!

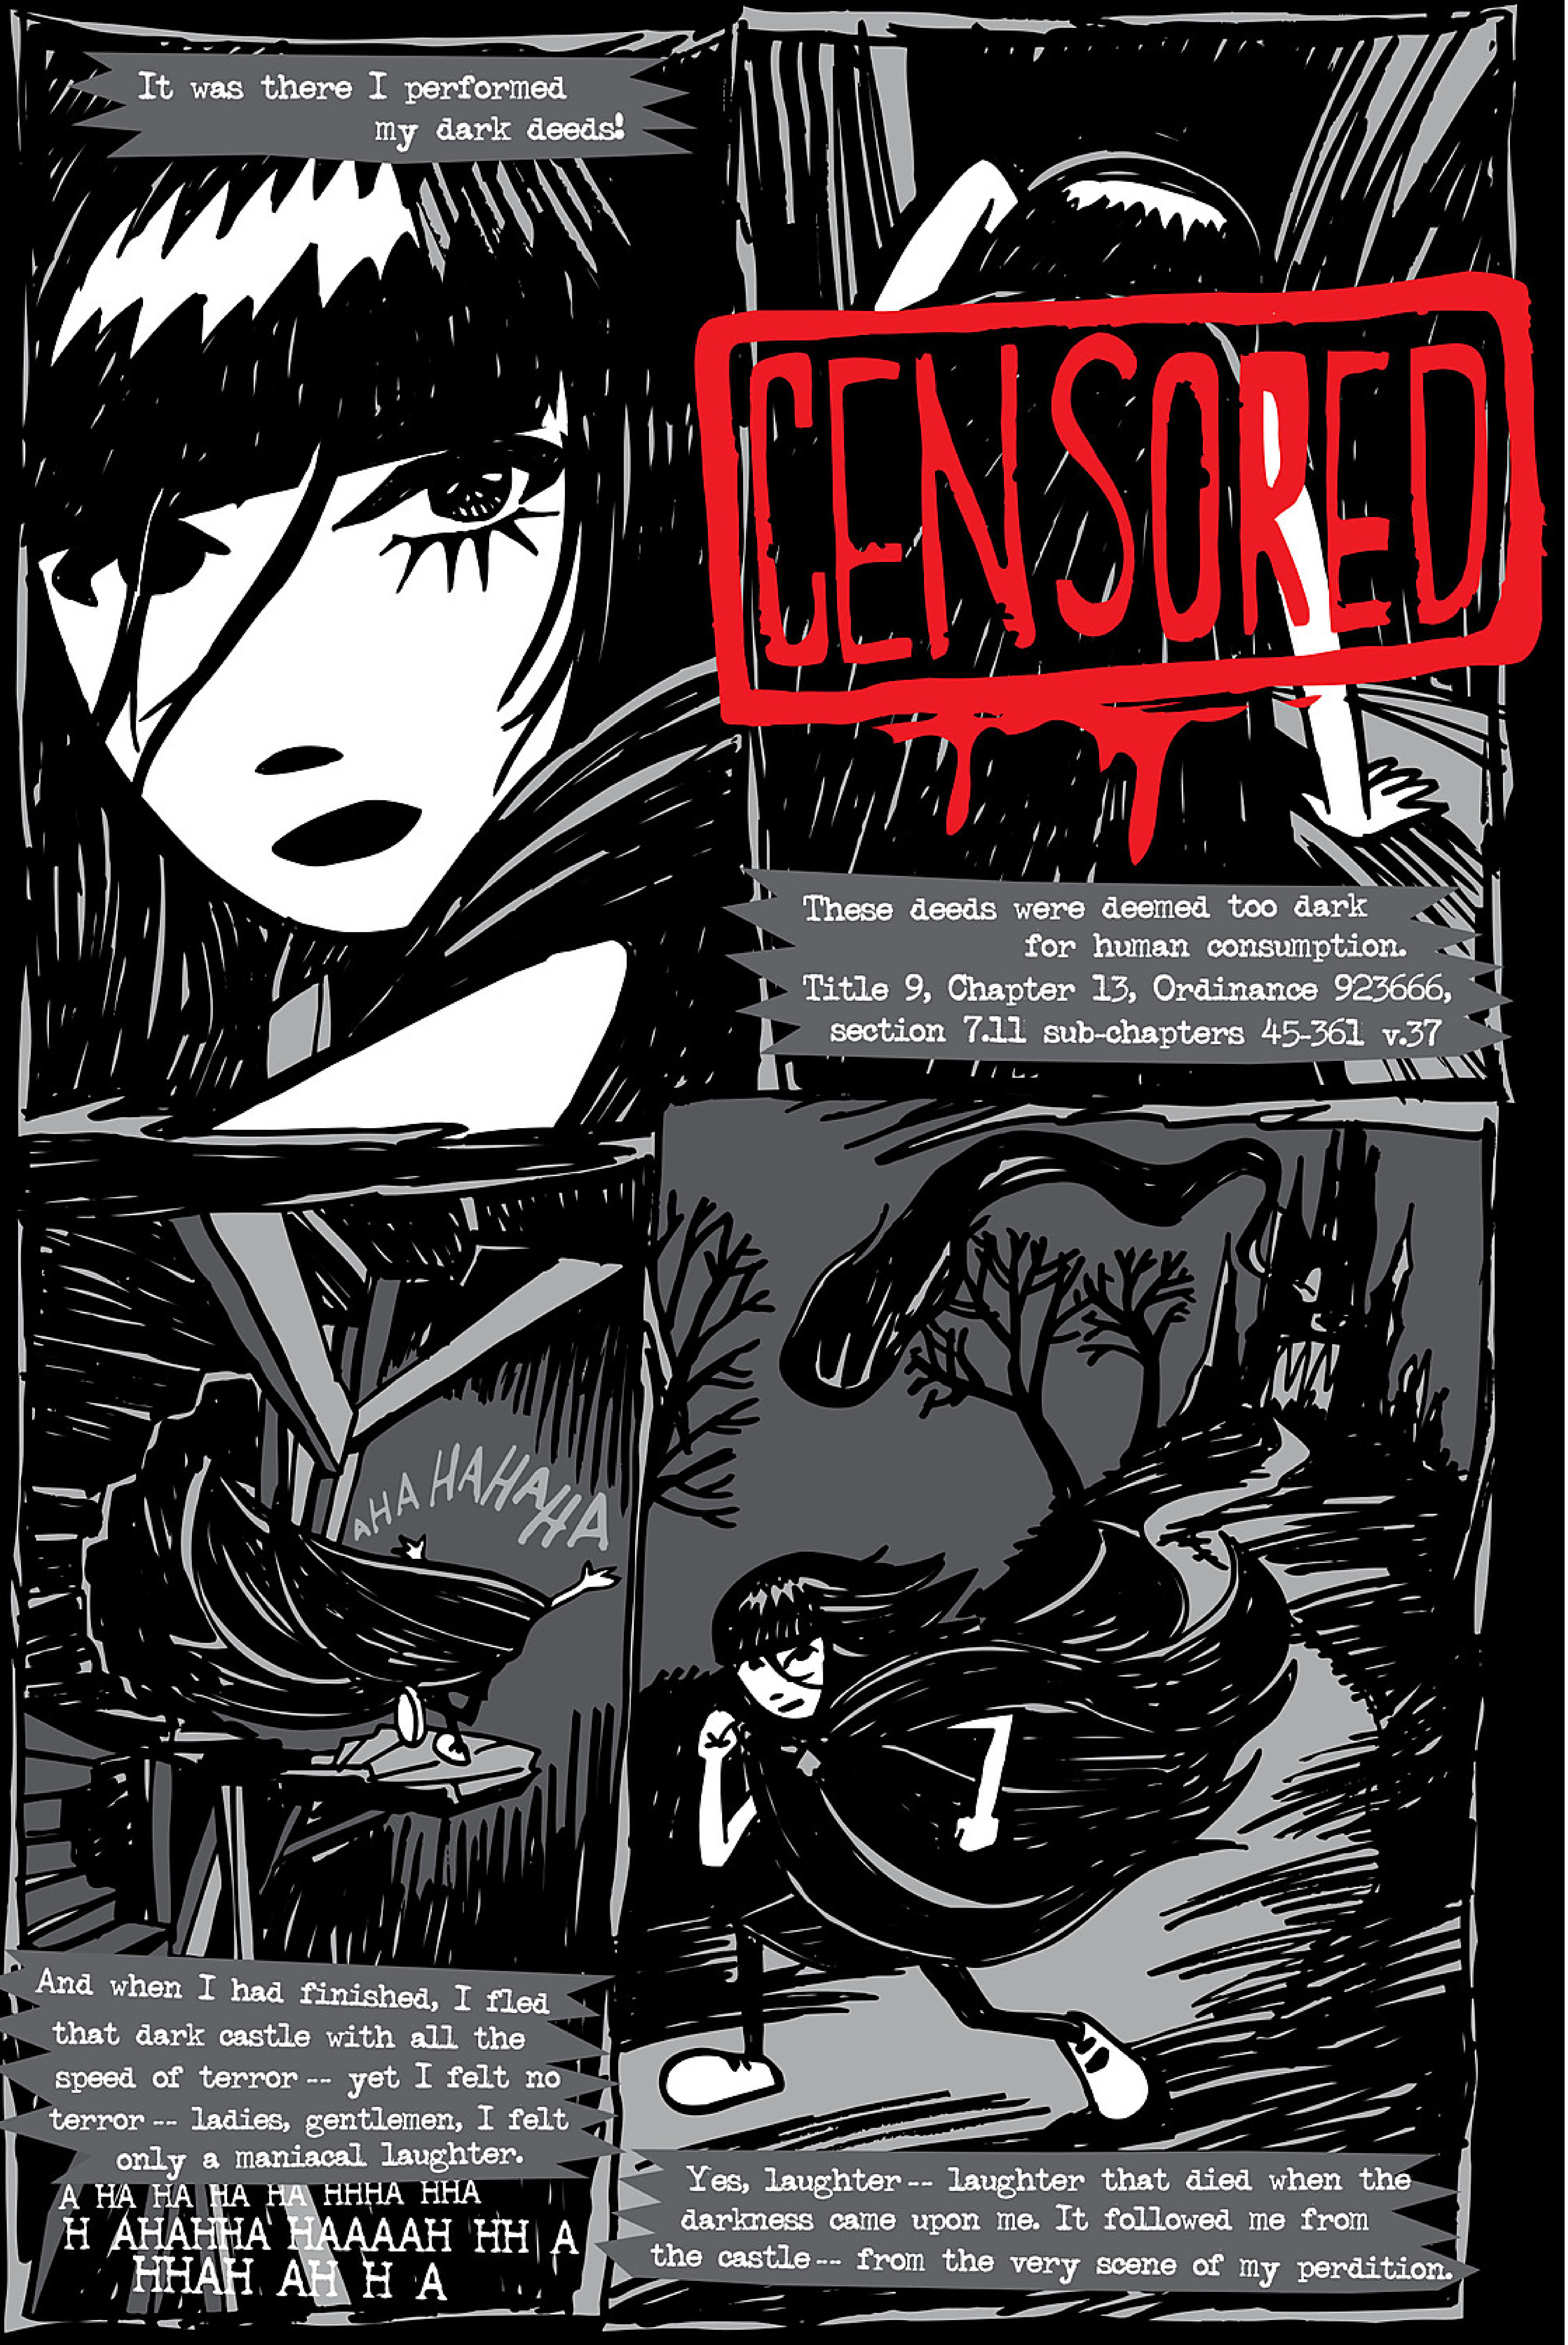
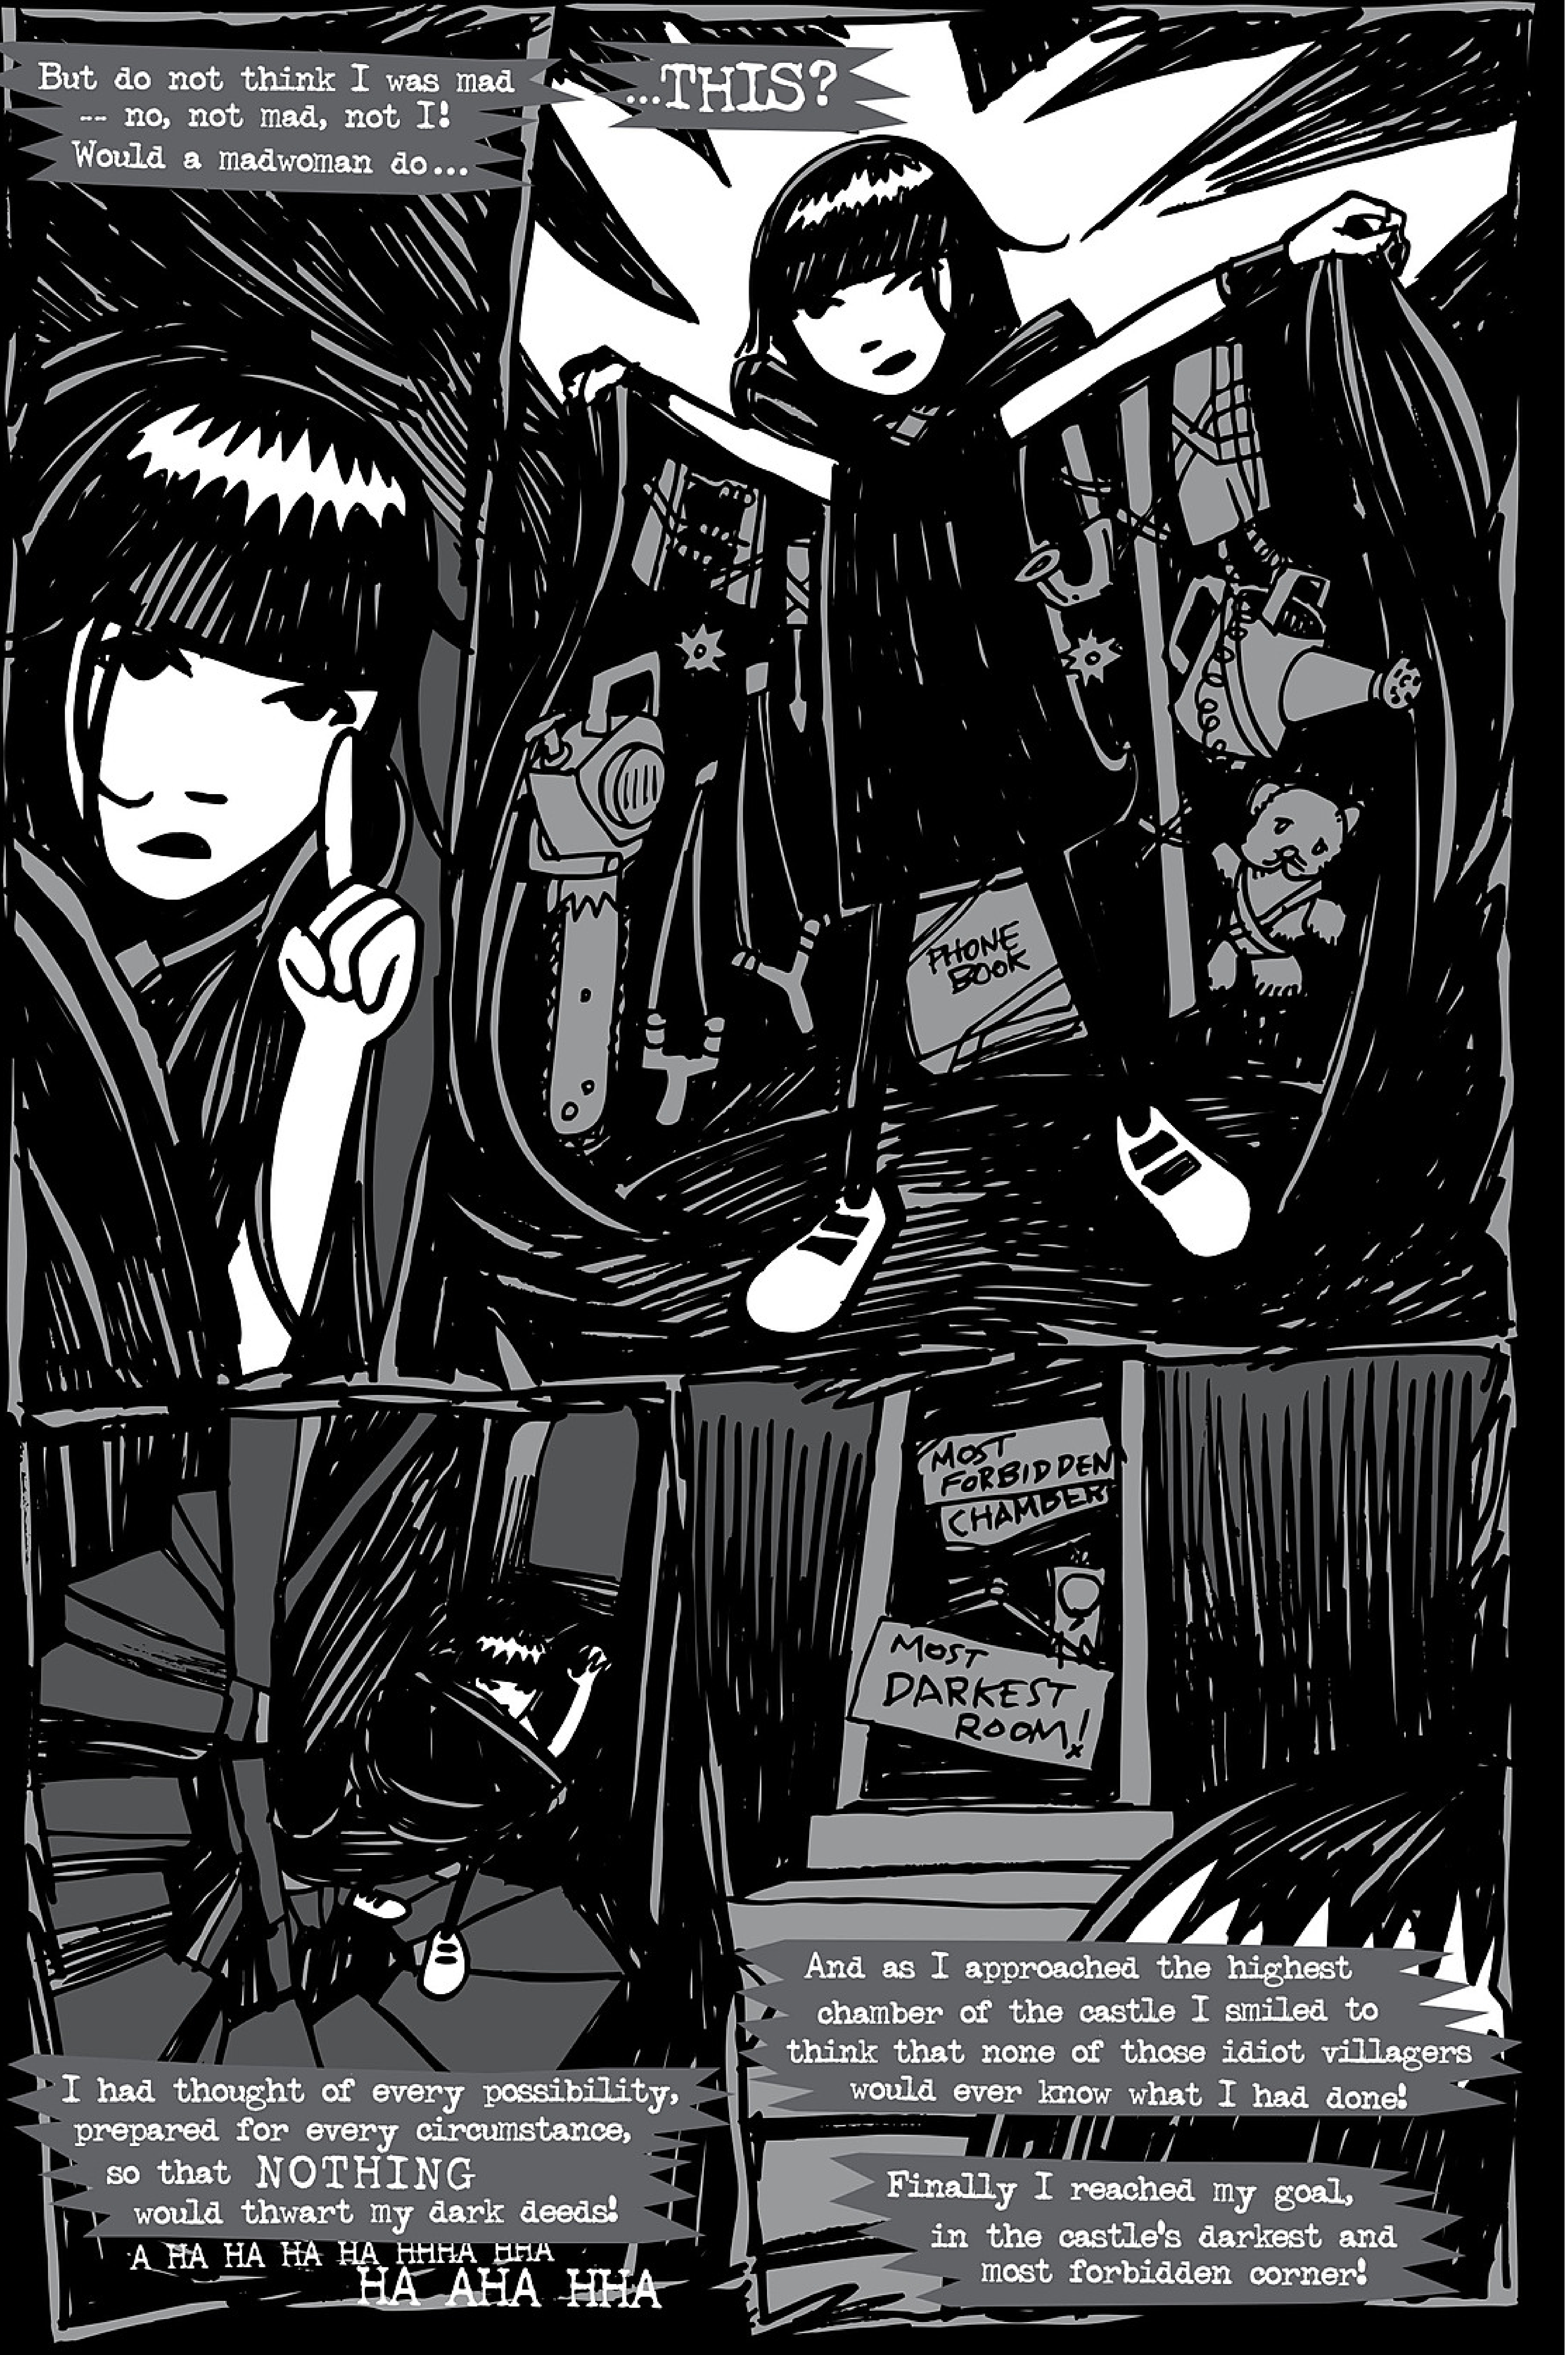
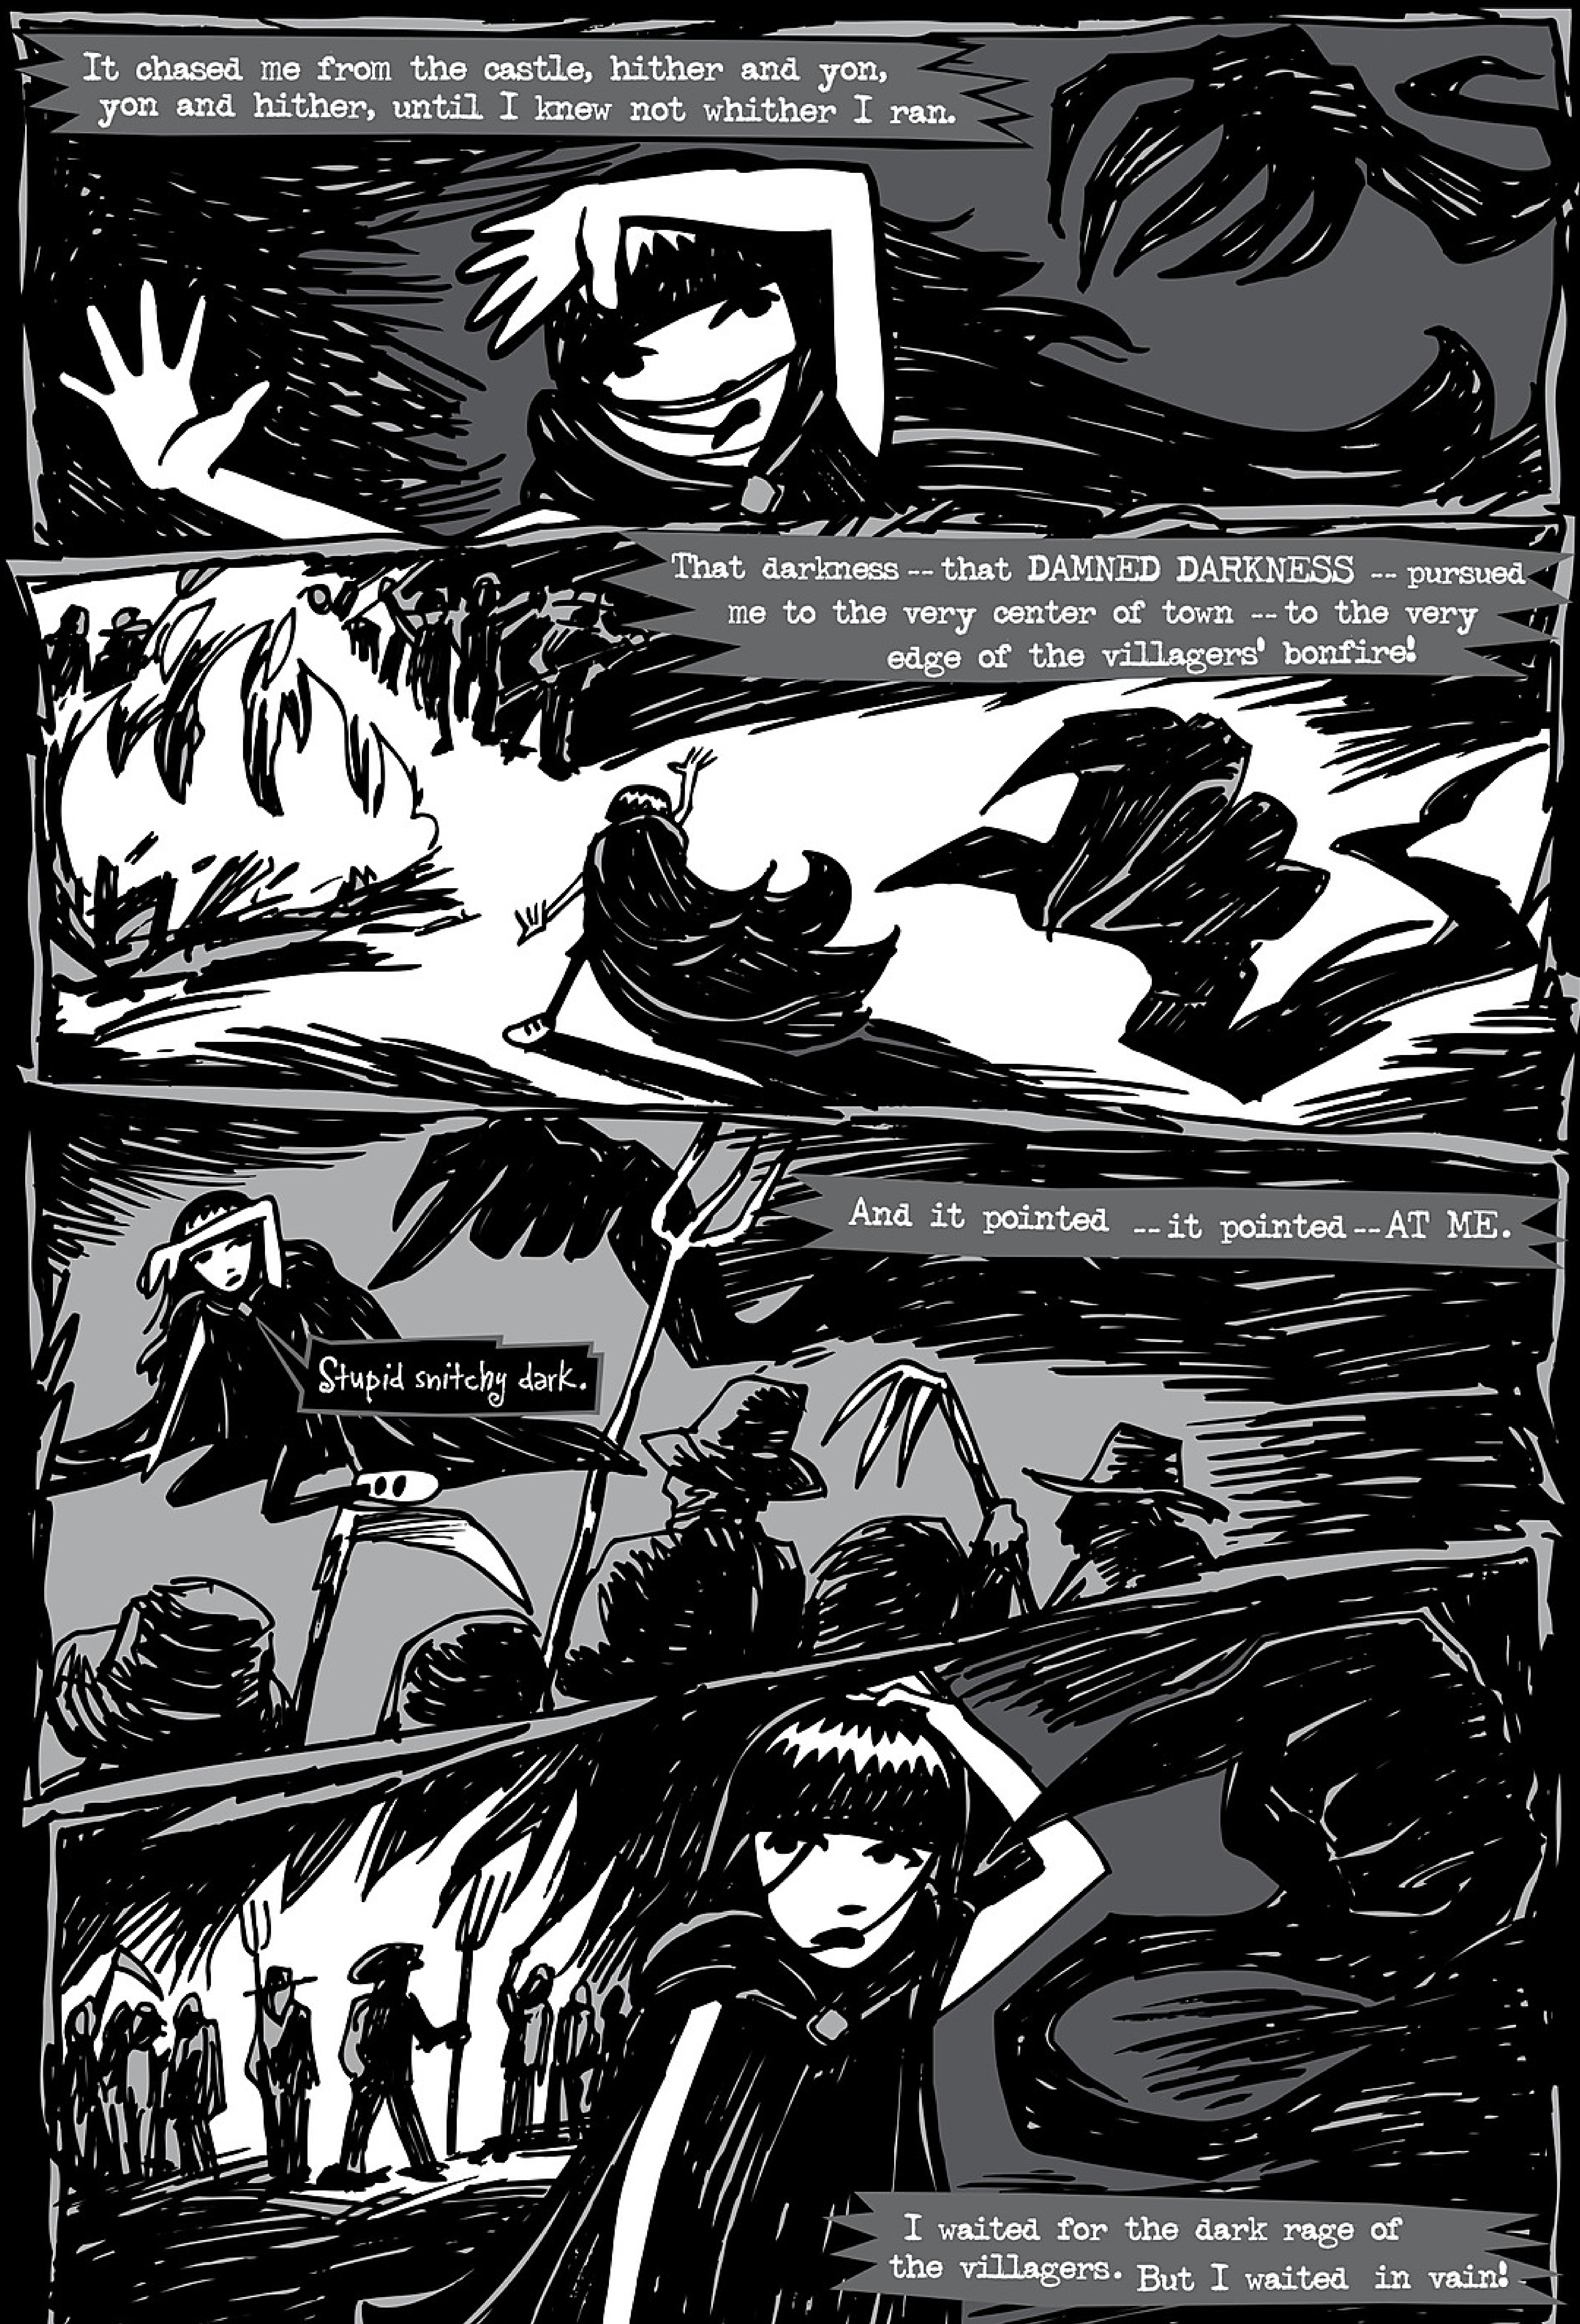
Scarytale Theater
TELL TALE DARK
Greetings, and welcome to Scarytale Theater, with your host, Emily Allen Poe.
In tonight's episode, ask yourself -- is Emily angry?
Or has she gone completely MAD?
It was a dark and stormy night, the night I'd chosen for my dark deeds. The idiot villagers were busy burning effigies of their enemies. Cloaked in darkness, I crept toward the castle.
All my senses were unnaturally sharp -- the squeak of the door was like a knife through my eardrum.
I could smell the darkness, taste the darkness -- I could almost cut the darkness and spread it on toast!



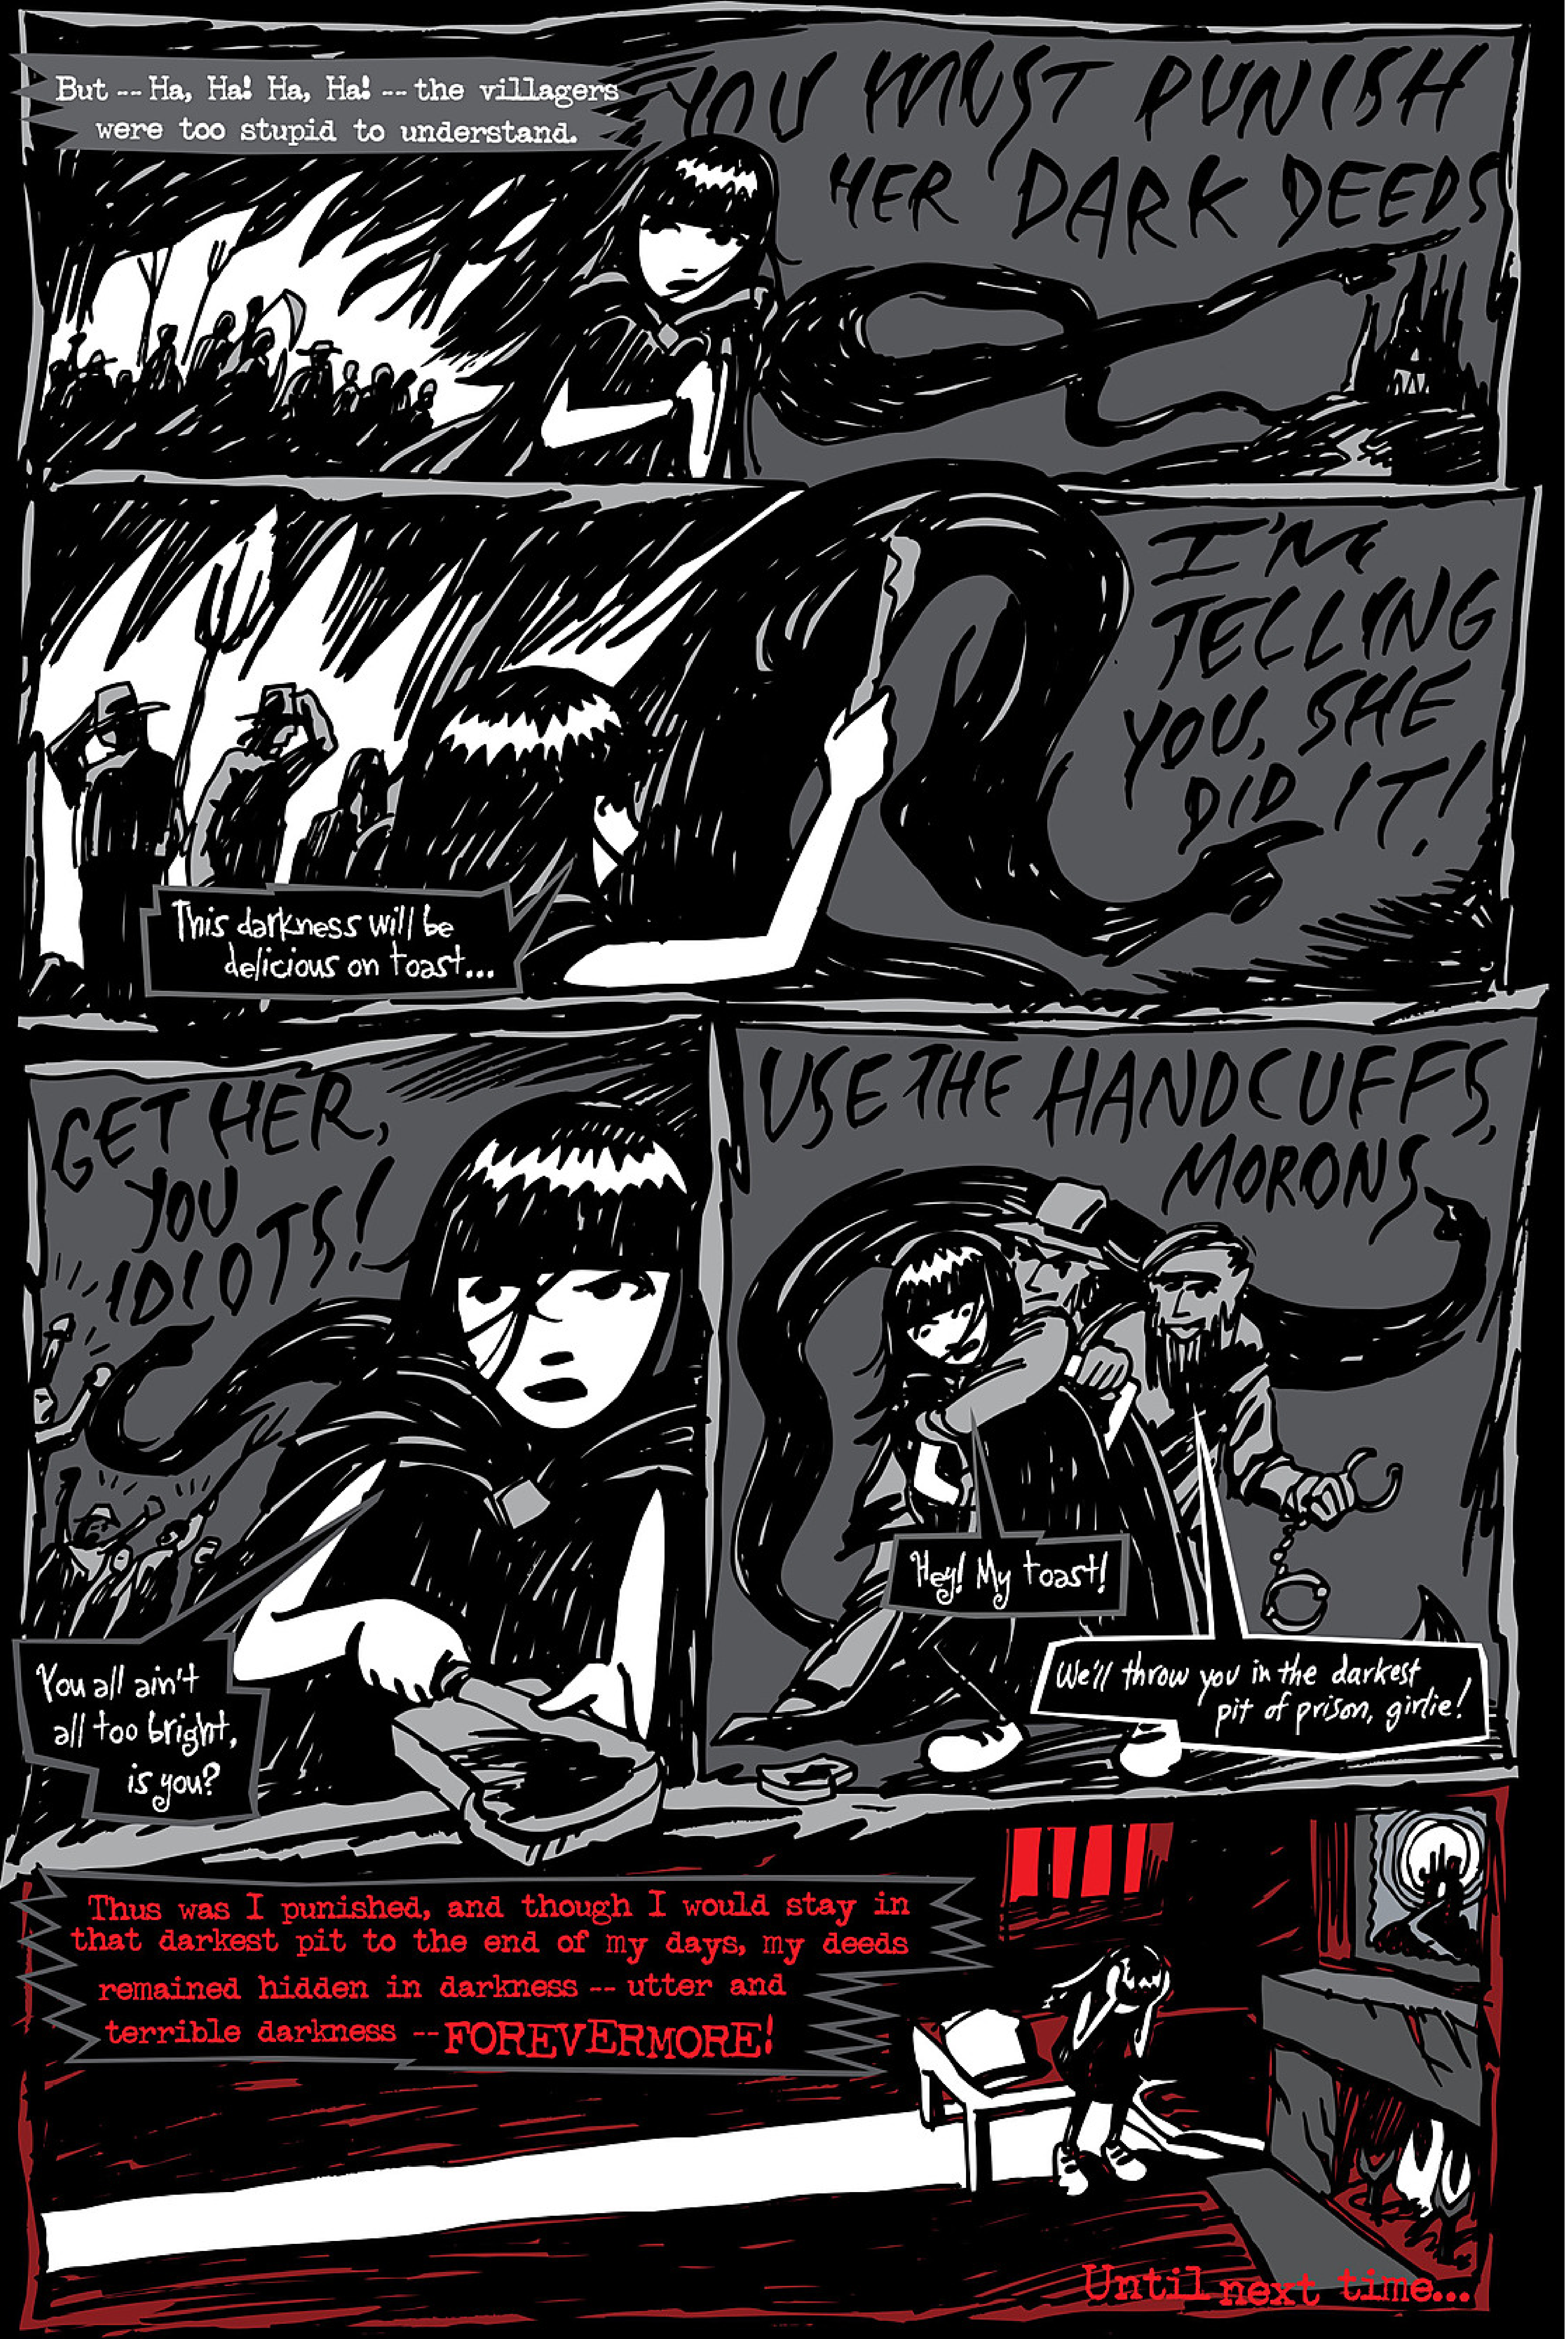
It was there I performed my dark deeds!
CENSORED
These deeds were deemed too dark for human consumption. Title 9, Chapter 13, Ordinance 923666, section 7.11 sub-chapters 45-361 v.37
AHA HAHAHAHA
And when I had finished, I fled that dark castle with all the speed of terror -- yet I felt no terror -- ladies, gentlemen, I felt only a maniacal laughter.
A HA HA HA HA HHHA HHA
H AHAHHA HAAAAH HH A
HHAH AH H A
Yes, laughter -- laughter that died when the darkness came upon me. It followed me from the castle -- from the very scene of my perdition.



But do not think I was mad -- no, not mad, not I! Would a madwoman do...
...THIS?
PHONE BOOK
I had thought of every possibility, prepared for every circumstance, so that NOTHING would thwart my dark deeds!
A HA HA HA HA HHHA HHA HA AHA HHA
MOST FORBIDDEN CHAMBER
MOST DARKEST ROOM!
And as I approached the highest chamber of the castle I smiled to think that none of those idiot villagers would ever know what I had done!
Finally I reached my goal, in the castle's darkest and most forbidden corner!



It chased me from the castle, hither and yon, yon and hither, until I knew not whither I ran.
That darkness -- that DAMNED DARKNESS -- pursued me to the very center of town -- to the very edge of the villagers' bonfire!
And it pointed -- it pointed -- AT ME.
Stupid snitchy dark.
I waited for the dark rage of the villagers. But I waited in vain!



But -- Ha, Ha! Ha, Ha! -- the villagers were too stupid to understand.
YOU MUST PUNISH HER DARK DEEDS
I'M TELLING YOU, SHE DID IT!
This darkness will be delicious on toast...
GET HER, YOU IDIOTS!
You all ain't all too bright, is you?
USE THE HANDCUFFS, MORONS
Hey! My toast!
We'll throw you in the darkest pit of prison, girlie!
Thus was I punished, and though I would stay in that darkest pit to the end of my days, my deeds remained hidden in darkness -- utter and terrible darkness -- FOREVERMORE!
Until next time...

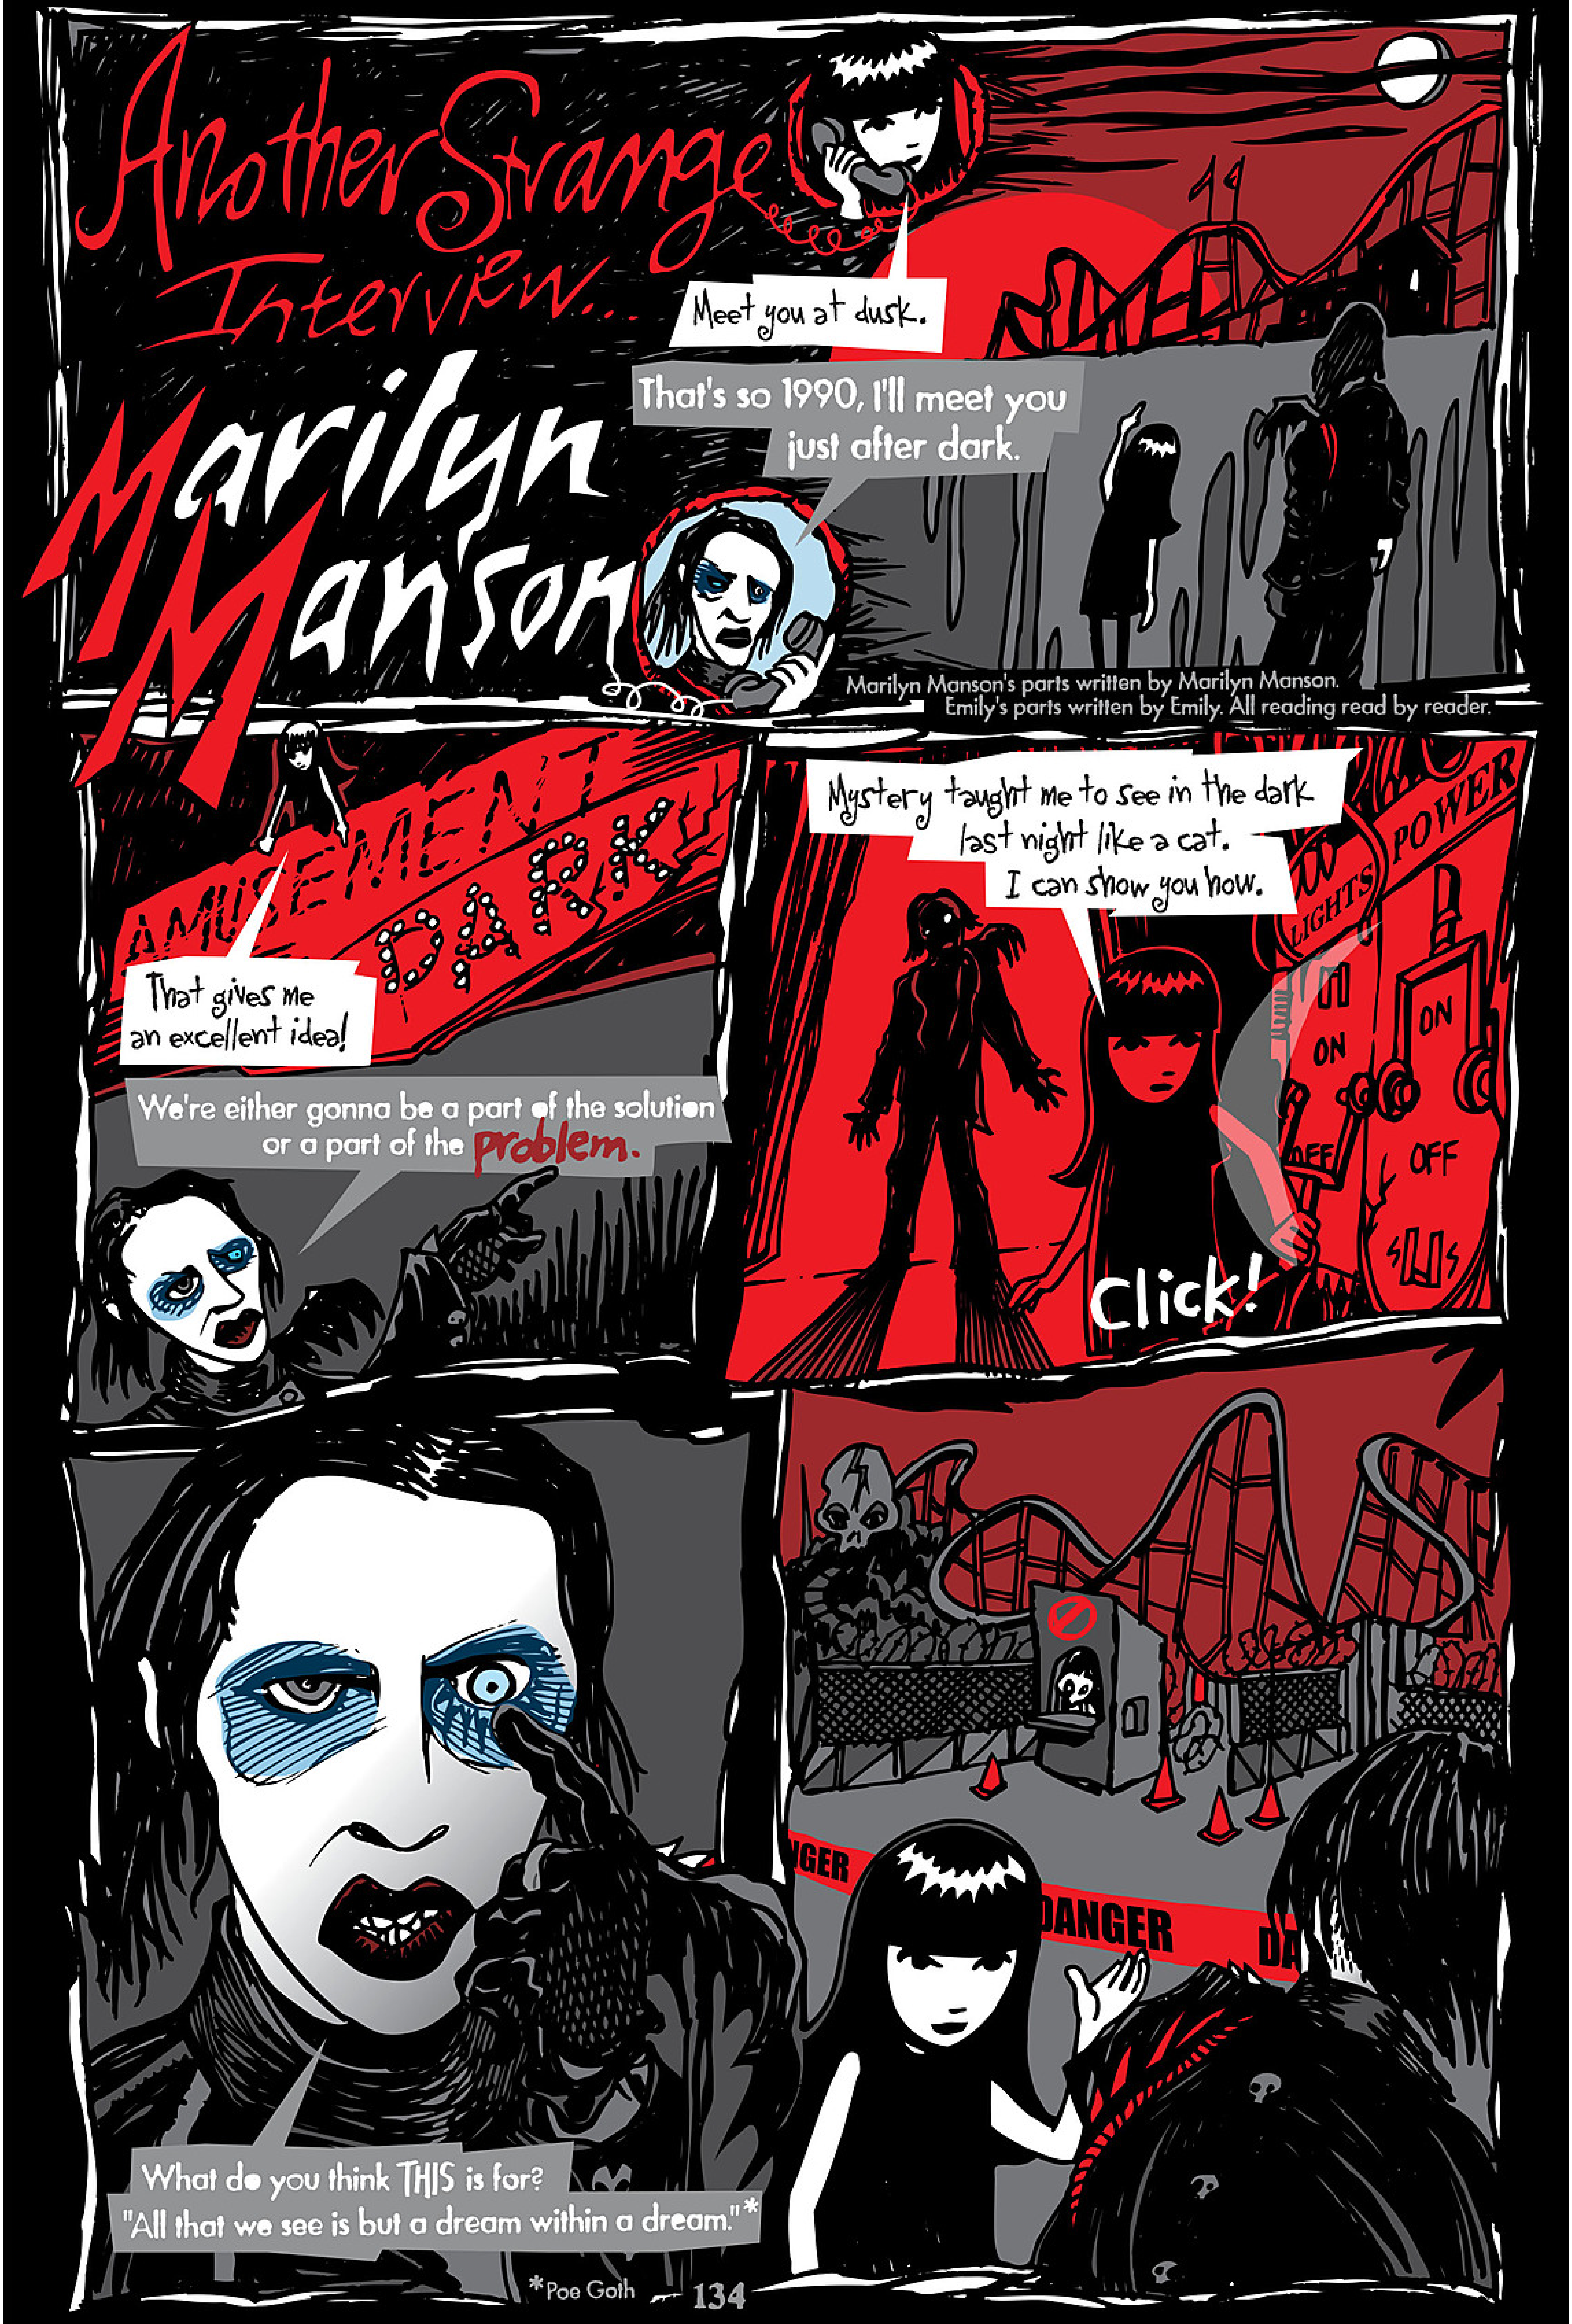
TRIP OUT ARTIST Mike Moon



Another Strange Interview...
Marilyn Manson
Meet you at dusk.
That's so 1990, I'll meet you just after dark.
Marilyn Manson's parts written by Marilyn Manson.
Emily's parts written by Emily. All reading read by reader.
AMUSEMENT PARK!
That gives me an excellent idea!
We're either gonna be a part of the solution or a part of the problem.
Mystery taught me to see in the dark last night like a cat.
I can show you how.

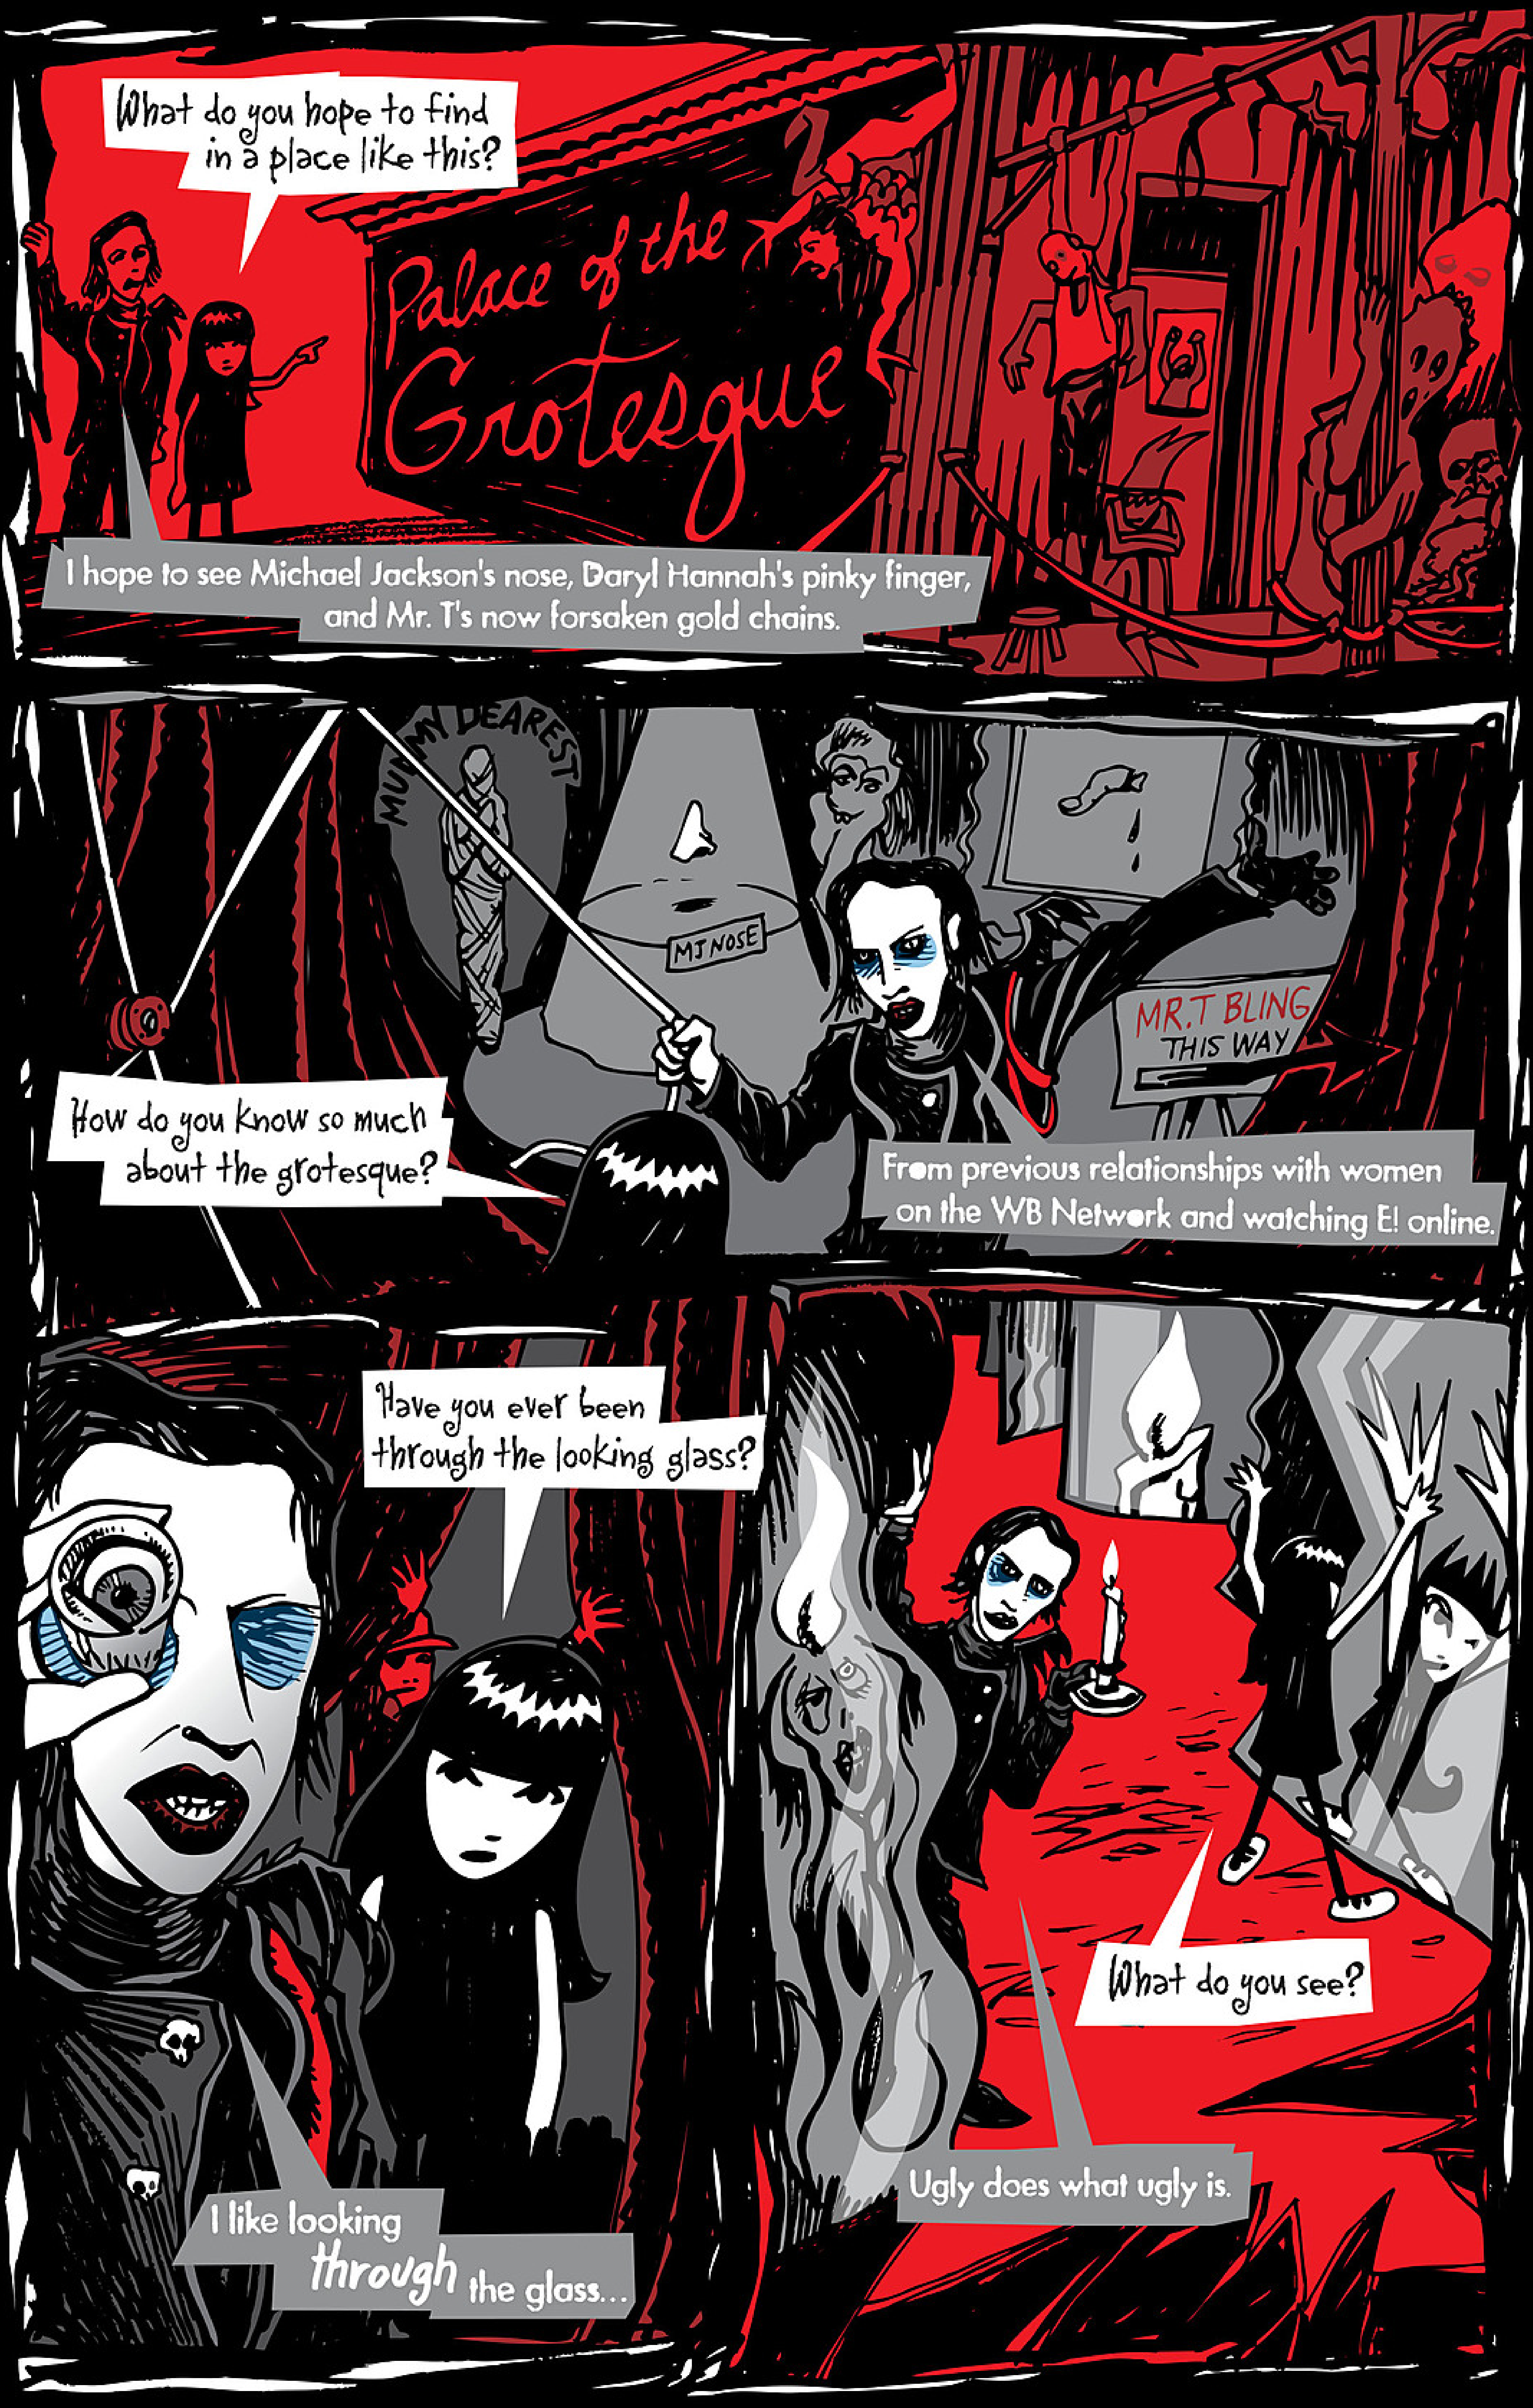
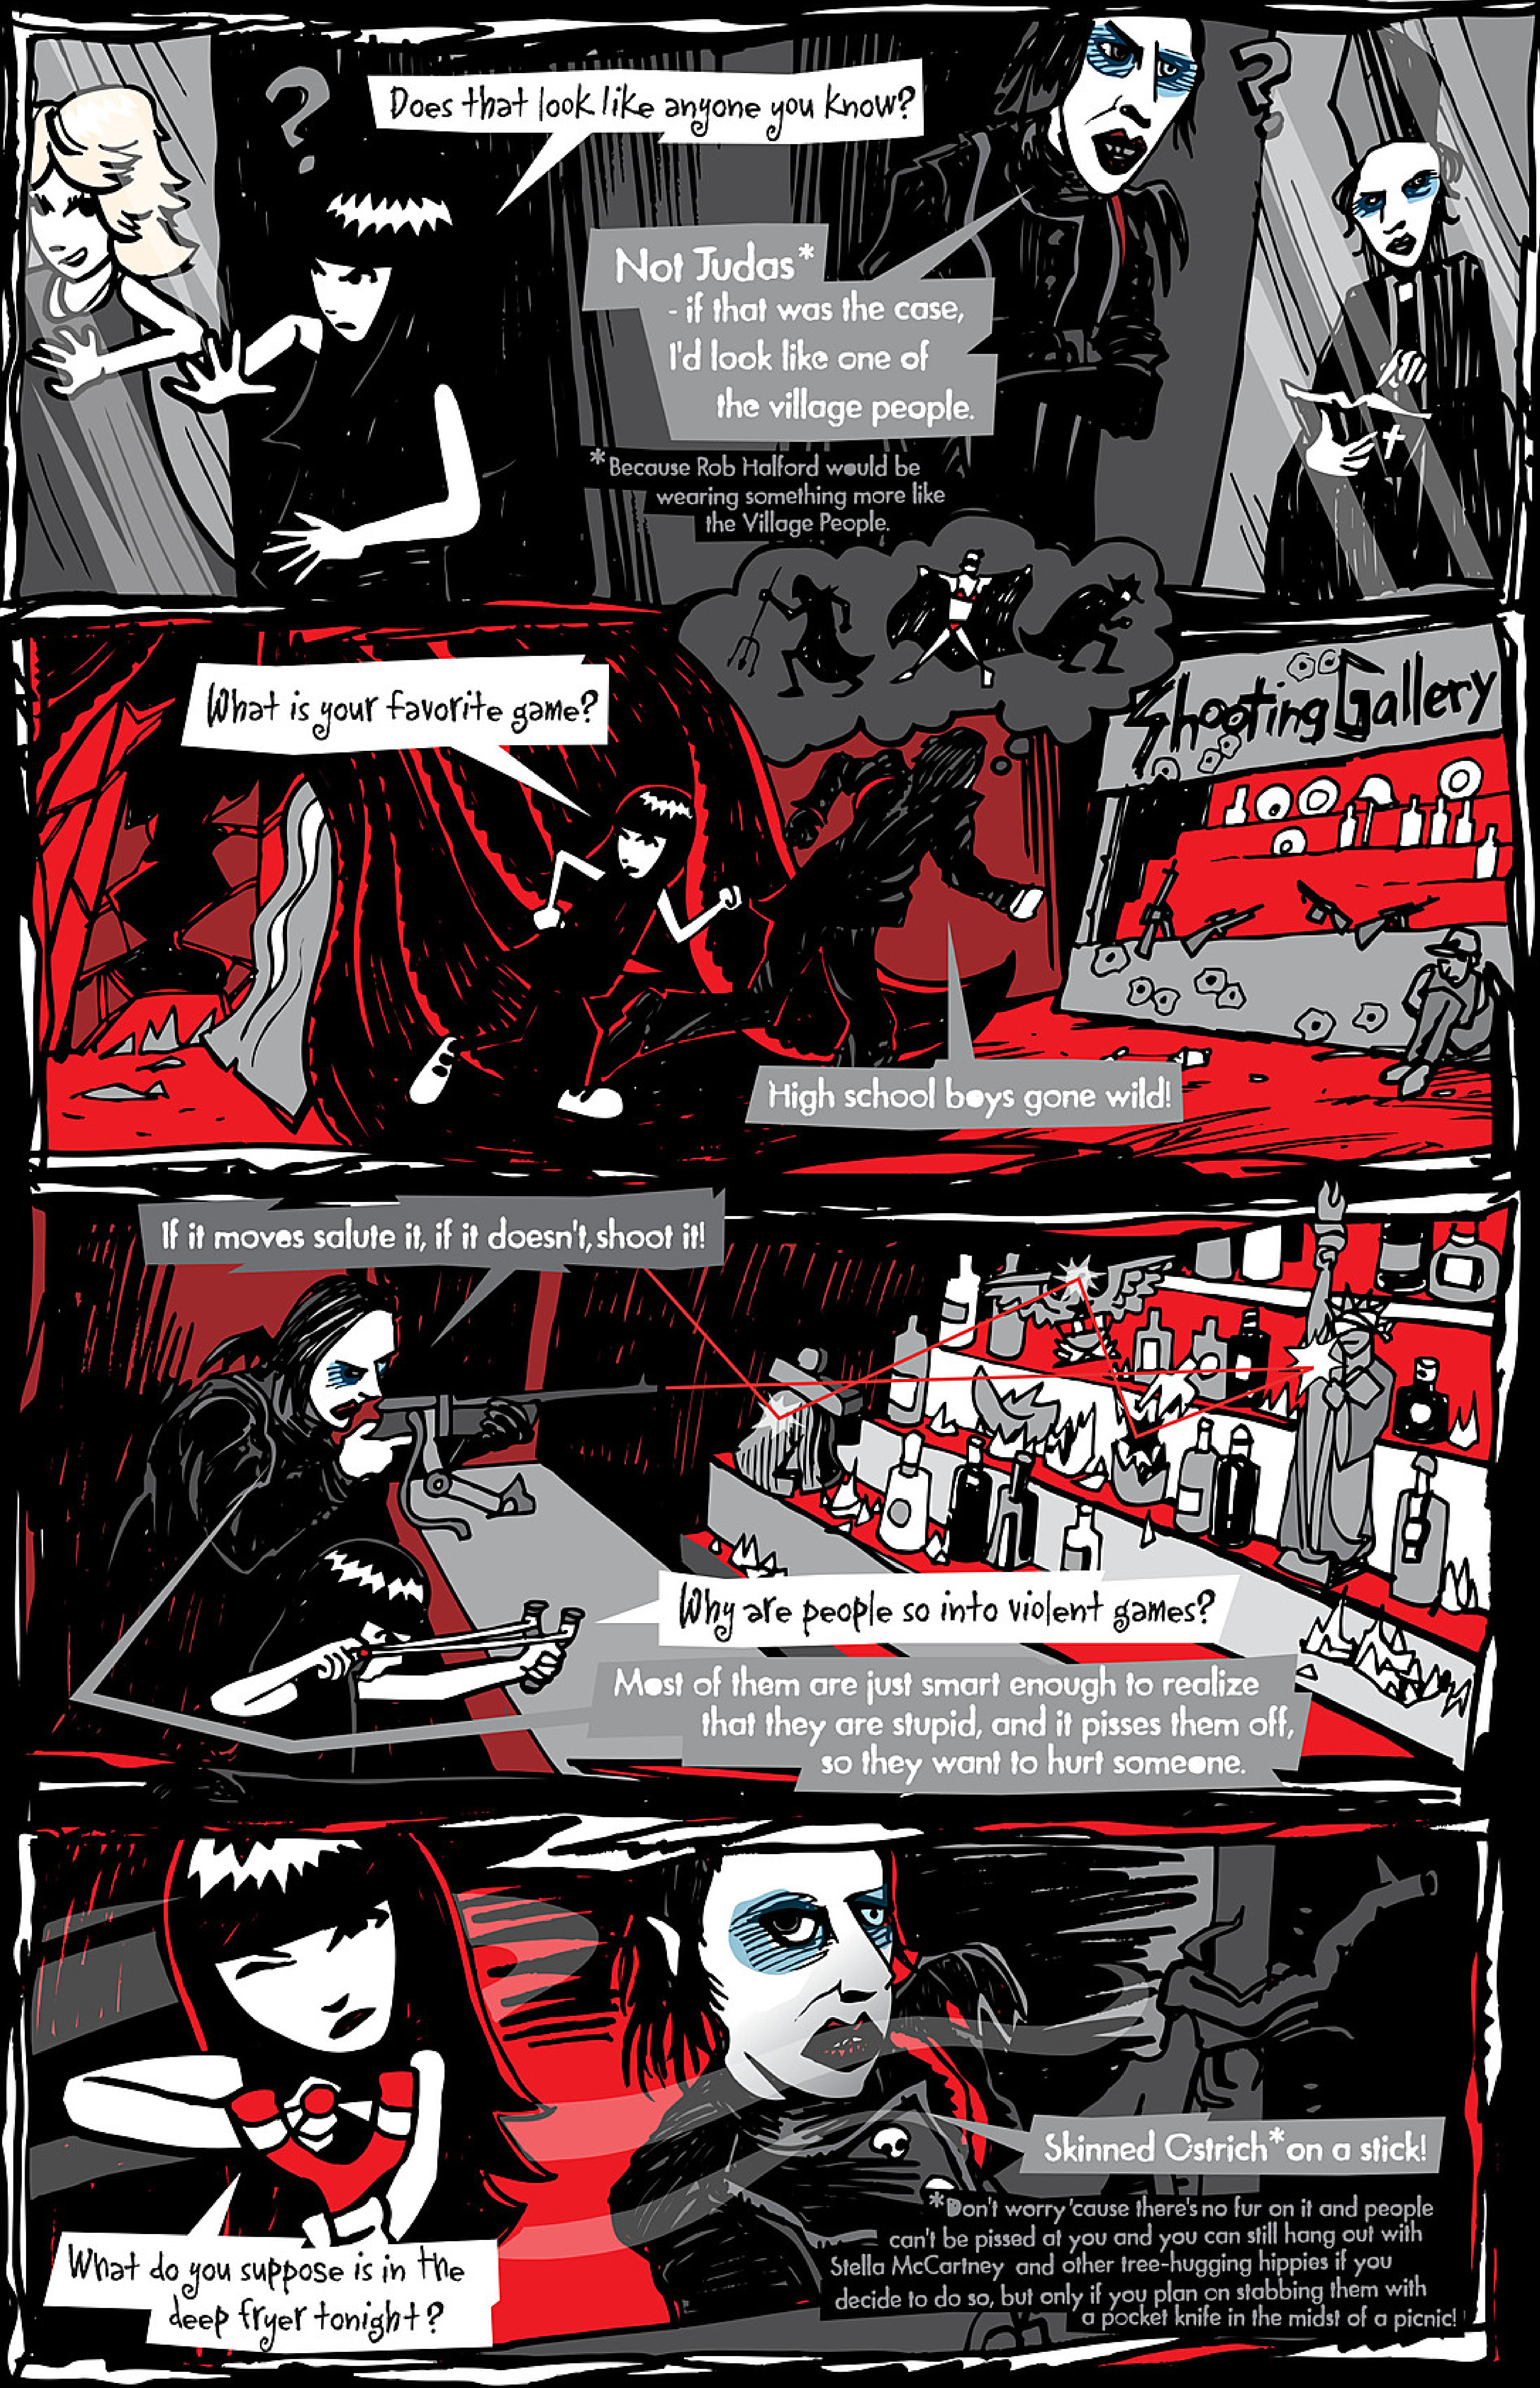
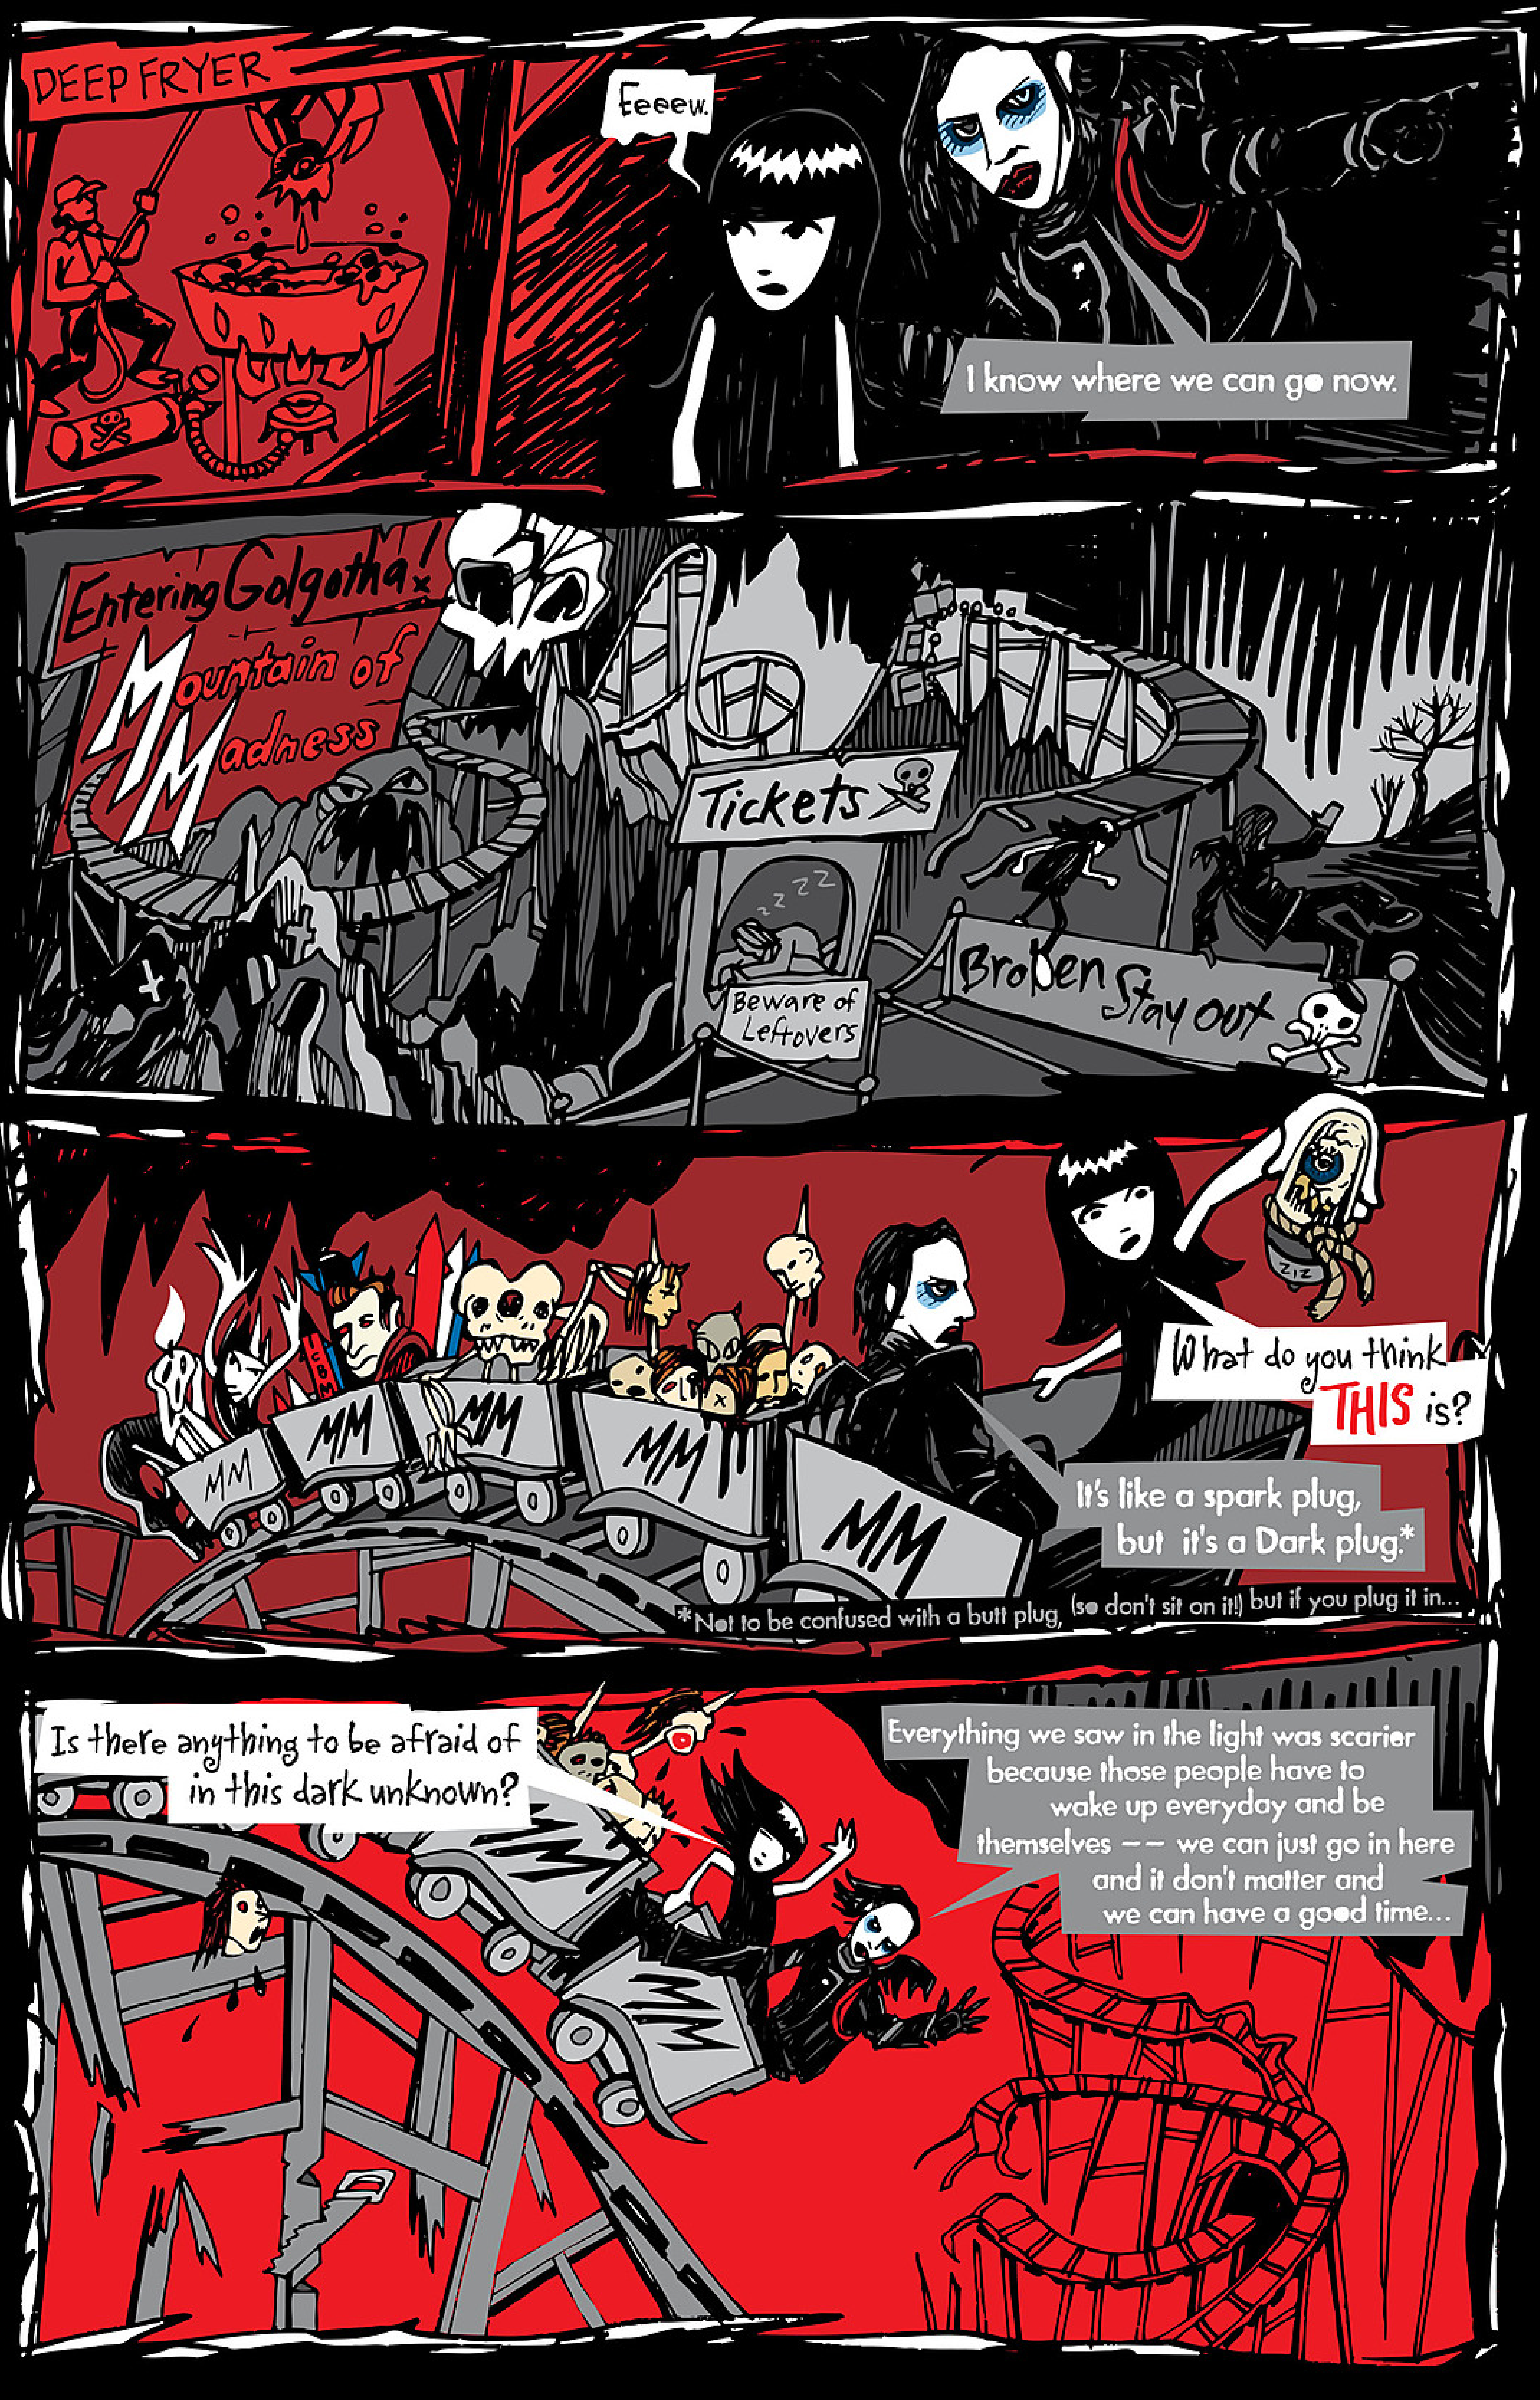
*Poe Goth



What do you hope to find in a place like this?
Palace of the Grotesque
I hope to see Michael Jackson's nose, Daryl Hannah's pinky finger, and Mr. T's now forsaken gold chains.
MUMMY DEAREST
MJ NOSE
MR.T BLING THIS WAY
How do you know so much about the grotesque?
From previous relationships with women on the WB Network and watching E! online.
Have you ever been through the looking glass?
I like looking *through* the glass...
What do you see?
Ugly does what ugly is.



?
Does that look like anyone you know?
?
Not Judas* - if that was the case, I'd look like one of the village people.
*Because Rob Halford would be wearing something more like the Village People.
What is your favorite game?
Shooting Gallery
High school boys gone wild!
If it moves salute it, if it doesn't, shoot it!
Why are people so into violent games?
Most of them are just smart enough to realize that they are stupid, and it pisses them off, so they want to hurt someone.
What do you suppose is in the deep fryer tonight?
Skinned Ostrich*on a stick!
*Don't worry 'cause there's no fur on it and people can't be pissed at you and you can still hang out with Stella McCartney and other tree-hugging hippies if you decide to do so, but only if you plan on stabbing them with a pocket knife in the midst of a picnic!



DEEP FRYER

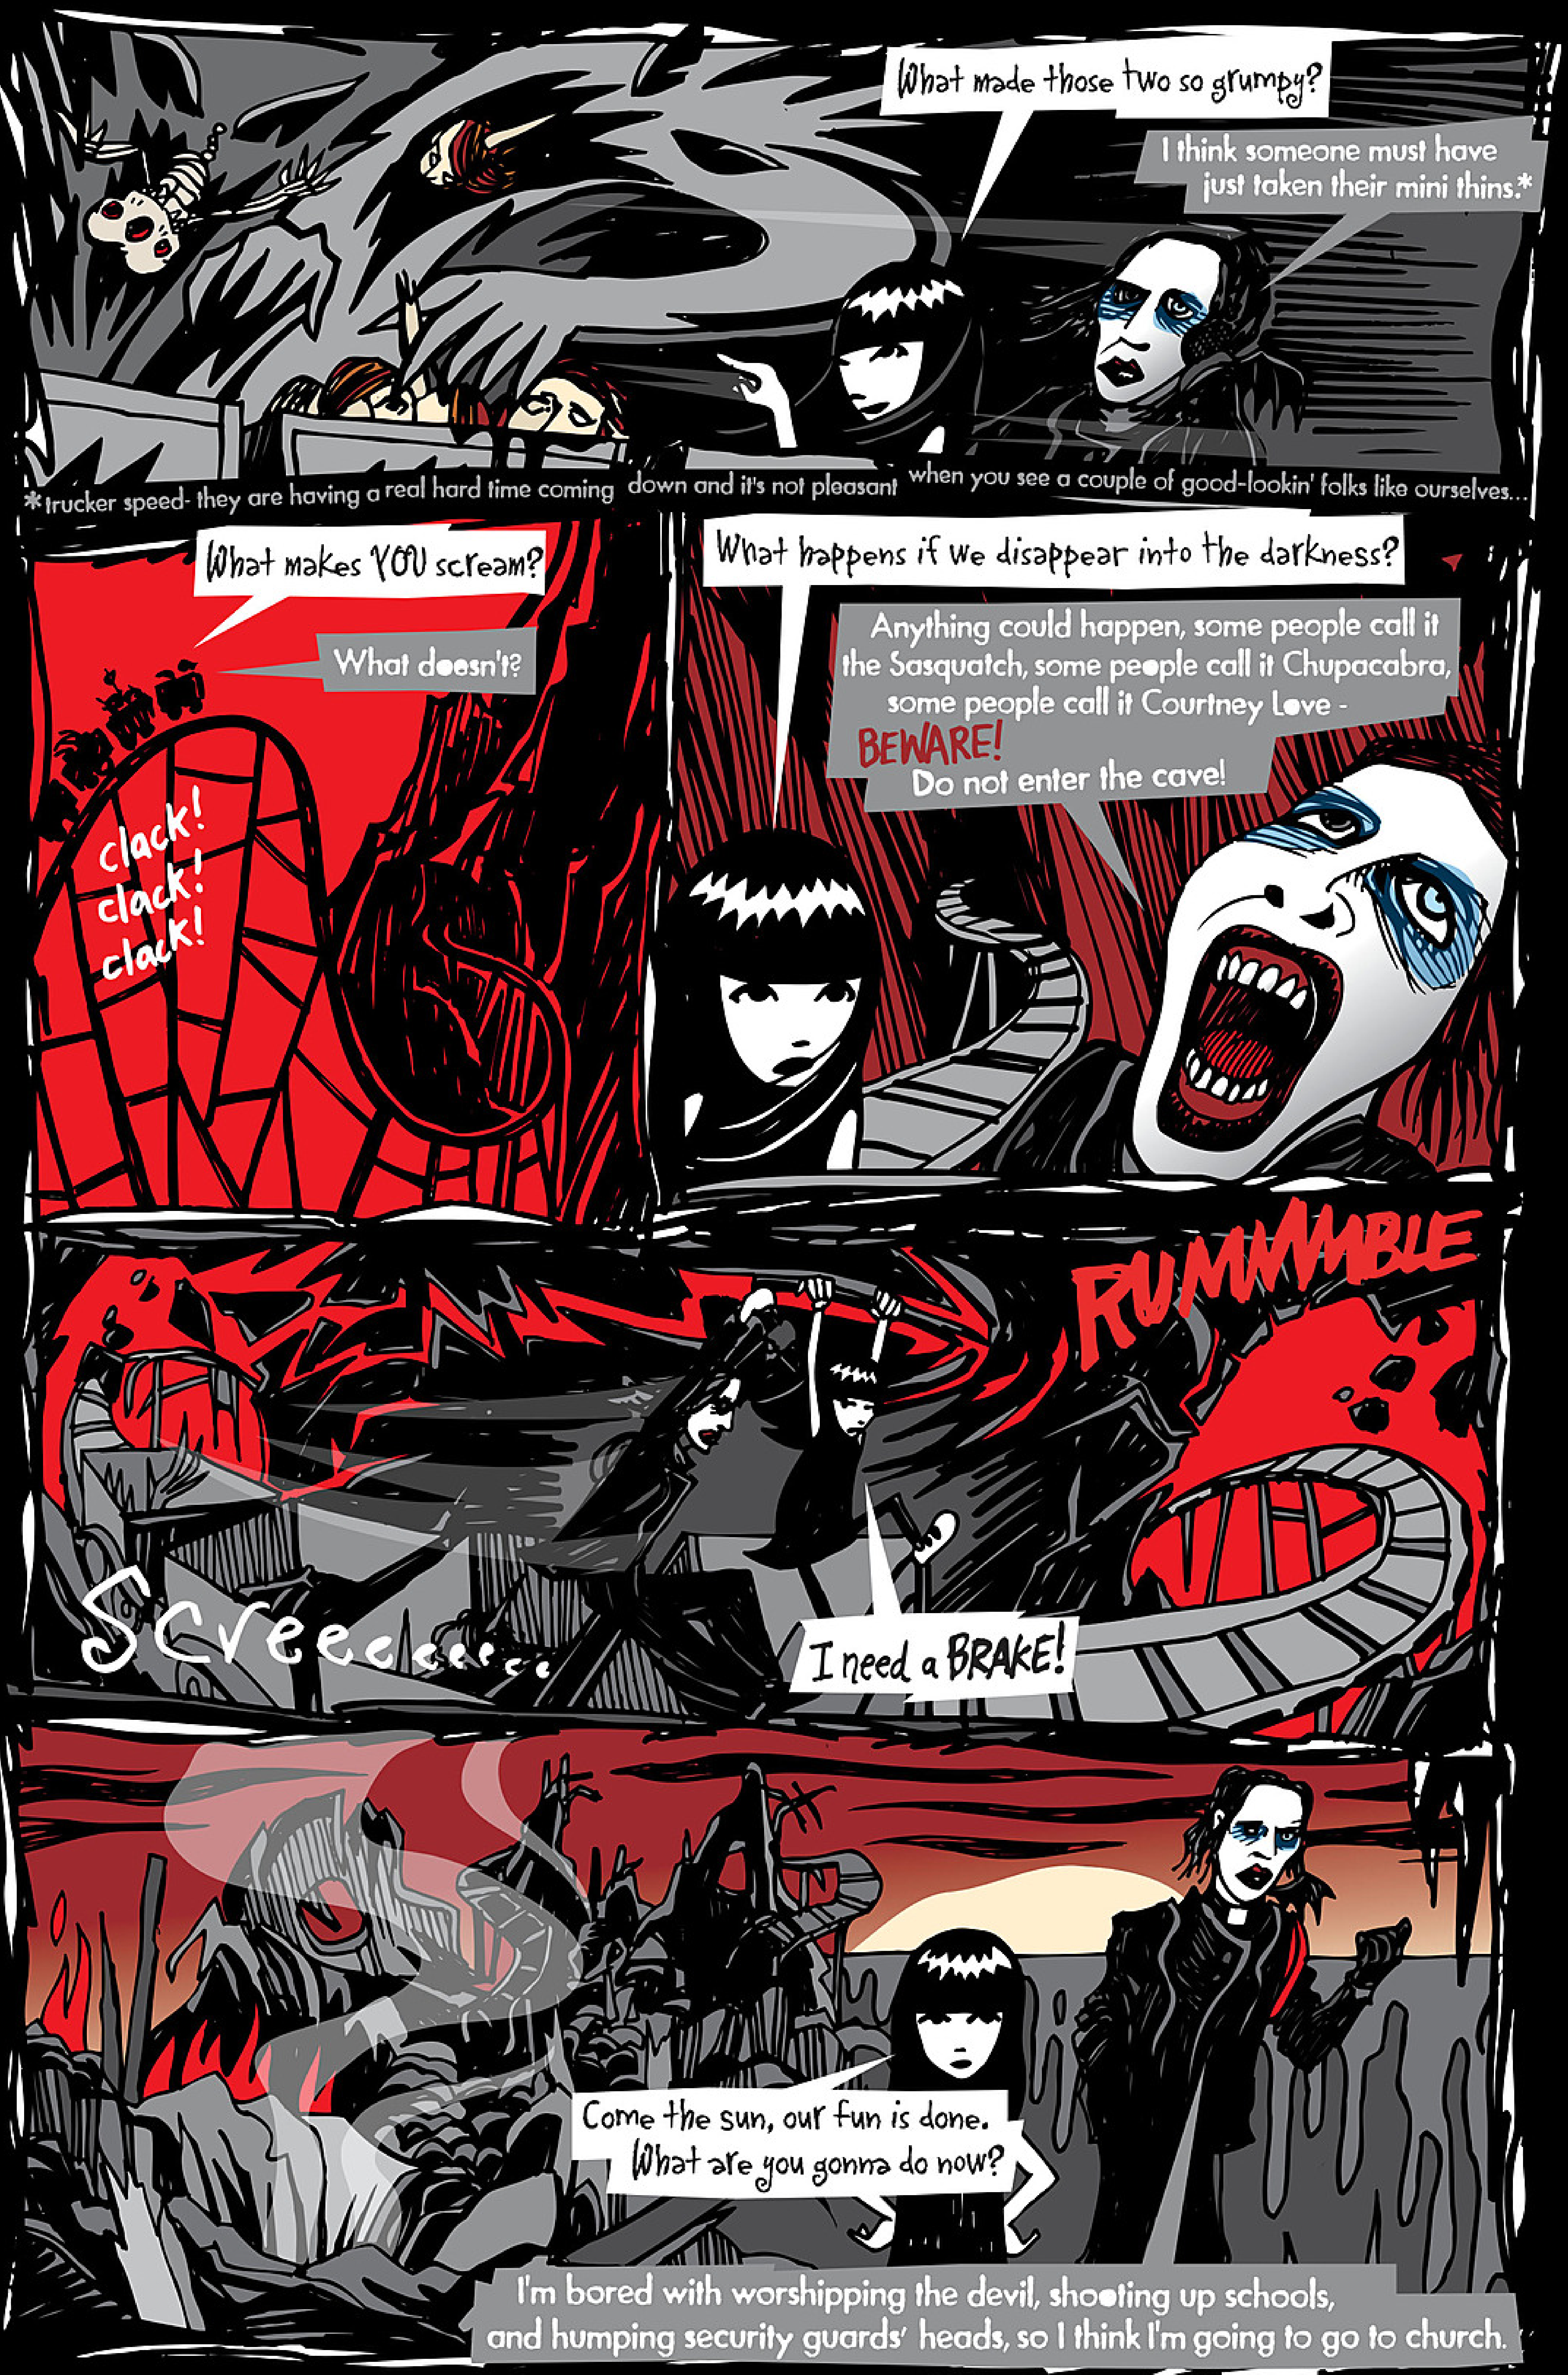
What do you think THIS is?
It's like a spark plug, but it's a Dark plug.*
*Not to be confused with a butt plug, (so don't sit on it!) but if you plug it in...
Is there anything to be afraid of in this dark unknown?
Everything we saw in the light was scarier because those people have to wake up everyday and be themselves -- we can just go in here and it don't matter and we can have a good time...



What made those two so grumpy?
I think someone must have just taken their mini thins.*
*trucker speed- they are having a real hard time coming down and it's not pleasant when you see a couple of good-lookin' folks like ourselves...
What makes YOU scream?
What doesn't?
clack! clack! clack!
What happens if we disappear into the darkness?
Anything could happen, some people call it the Sasquatch, some people call it Chupacabra, some people call it Courtney Love - BEWARE! Do not enter the cave!
RUMMMBLE
Screeeeeee...
I need a BRAKE!
Come the sun, our fun is done. What are you gonna do now?
I'm bored with worshipping the devil, shooting up schools, and humping security guards' heads, so I think I'm going to go to church.

Tribal Tattoos are a very important element to Emily's image. Use them with reckless abandon.

If you are right handed,start with Emily's left eye. If you are left handed, use your right foot to begin drawing her legs.

Extra points for showing Emily's neck!

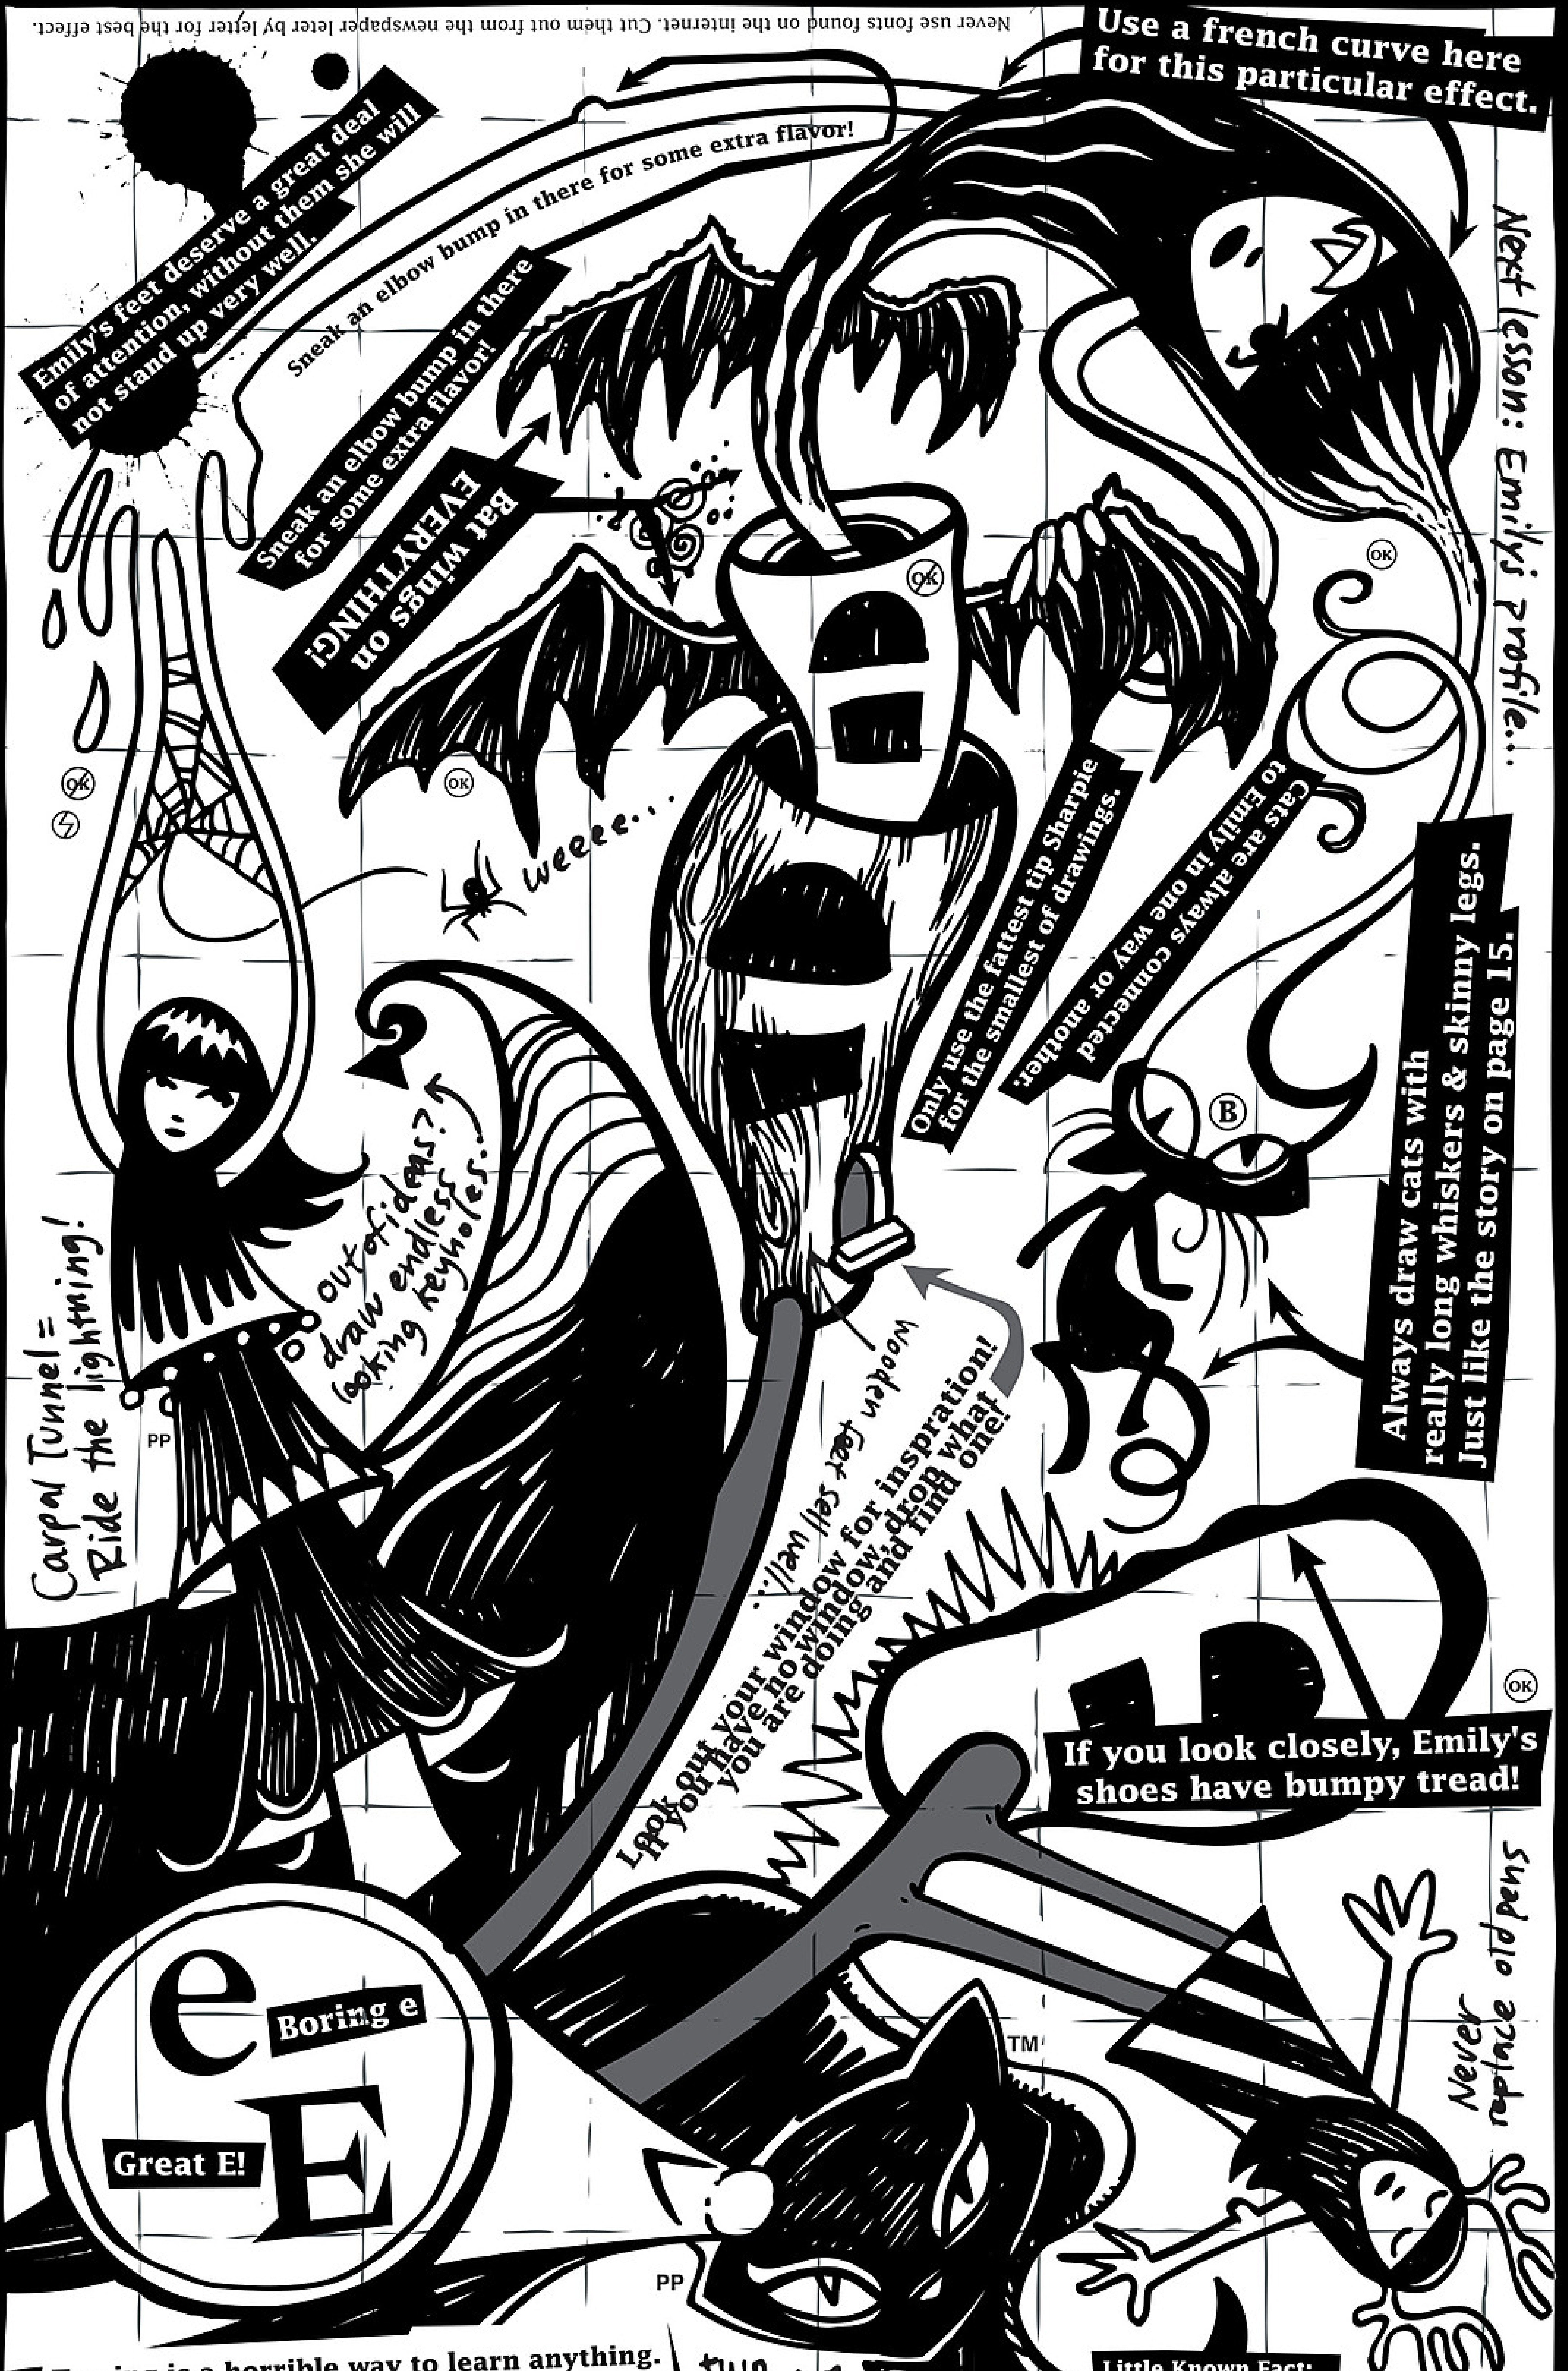
Drawing in the dark greatly improves accuracy. ESPecially around the eyes.

So-so hand.

Great hand!

Always use a ruler!

Everyone has an Emily head guide built right into their fingertips.



Never use fonts found on the internet. Cut them out from the newspaper leter by letter for the best effect.

Use a french curve here for this particular effect.

Emily's feet deserve a great deal of attention, without them she will not stand up very well.

Sneak an elbow bump in there for some extra flavor!

Sneak an elbow bump in there for some extra flavor!

Bat wings on EVERYTHING!

Next lesson: Emily's profile...

weeee...

Only use the fattest tip Sharpie for the smallest of drawings.

Cats are always connected to Emily in one way or another.

Always draw cats with really long whiskers & skinny legs. Just like the story on page 15.

out of ideas? draw endless looking keyholes...

Carpal Tunnel = Ride the lightning!

wooden foot sell well...

Look out your window for inspration! If you have no window, drop what you are doing and find one!

If you look closely, Emily's shoes have bumpy tread!

Never replace old pens

Tracing is a horrible way to learn anything. Likewise, inkers are artists too!
